President Kennedy And Governor Connally Were Shot From Ambush In Dallas Today

OFFICIALS AT GOVERNOR'S TRAFFIC MEET

A number of Adams County police officials and justices of the peace, headed by District Attorney-elect Gerald Walmer, attended the Governor's Conference on Traffic Safety Thursday at Harrisburg and heard several speakers suggest the use of radar should be permited to municipal police as well as state police.

The local attendants said the most sustained applause greeted the remarks of Williamsport Police Chief John Good, a past president of the Police Chiefs' Association of Pennsylvania, who said that local police should have "equal rights" with state police.

Good said, "We need a new, hard look at our attitudes. There are four times as many traffic deaths as there are murders. Surveillance or a stakeout to prevent a property from being burglared or a person from being attacked is perfectly OK. But use the same principle in traffic law enforcement with radar or unmarked cars and you're considered sneaky."

State Police Commissioner E. Wilson Purdy agreed with Good saying: "I see no reason why municipal police forces can't do as good a job with radar as anyone else."

The police and justices were told by Maj. George Pinkerton, chief of the state police traffic bureau, that radar today is being used "more hours with more men than ever before." There are 38 radar sets in active use in Pennsylvania," he added.

Among Adams Countians attending in addition to Attorney Walmer were Attorney Oscar Spicer, Justices of the Peace John Whitman, Robert P. Snyder, George Lambert, Harry Baker and Clarenct Fritz, and Cumberland Twp. Policeman Bernard V. Miller Sr.

Congolese Oust Diplomats But Will Not Sever Ties With Soviet Government

By ROMIN MANNOCK

LEOPOLDVILLE, the Congo (AP) — The Congolese government is expelling the Soviet diplomatic mission from Leopoldvill for the second time in three years but Premier Cyrille Adoula says he is not severing diplomatic relations with Moscow.

The premier charged the Russians Thursday with subversive tint rene govn w ith dlingseaa exiles across the Congo River in neighboring Brazzaville.

Adoula set no deadline for Soviet Ambassador Sergei Nemtchina and his 100-member mission to leave but that the Russians probably would be given 48 hours.

CONSIDER NEW CORPS

Adoula said his governmet will consider the credentials of any new diplomats the Soviets might want to send.

There was no immediate Moscow reaction to the expulsion order.

Adoula said he did not have sufficient proof to support charges by members of his government that other Communist bloc nations and the United Arab Republic also were trying to subvert his government.

The expulsion order came two days after two Soviet diplomats were manhandled and arrested on their return from Brazzaville, the capital of the Congo Republic.

FOUND DOCUMENTS

Officials said documents found on them proved "irrefutably" that they had been in contact with antigovernment exiles, led by Christophe Gbenye, head of a Lumumbist group, and Andre Lubaya, a Kasai extremist leader implicated in a recent plot to arrest or murder members of Adoula's government.

Adoula said he had ordered the relase of the two Soviet diplomats, embassy counsellor Boris Voronin and press attache Yuri Miakotnykh, and of Benik Beknazar-Juzbachev, correspondent of the Soviet Novosti news agency who was arrested early Thursday

PUT ABOARD PLANE

The Soviet government delivered a stiff protest Thursday against the treatment of the diplomats.

A Congolese escort hustled Voronin aboard an airliner for Brussels Thursday night. The correspondent was released and with his wife took refuge in the Soviet Embassy But the embassy said it had no word of Miakotnykh and had not been informed of Voronin's departure.

Voronin arrived unannounced in Brussels this morning and an employe of the Soviet government Aeroflot airlines had to inform the Soviet Embassy of his presence. Embassy representatives kept him from newsmen until he took a Soviet airliner to Moscow several hours later.

The Congolese expelled both the Soviet and Czech missions Sept. 16, 1960, after army commander Maj. Gen. Joseph Mobutu seized power from leftist Premier Patrice Lumumba. Lumumba was later alain.

The Russians were allowed to return in 1961 after they pledged to respect Congolese sovereignty and to refrain from interfering in internal affairs.

DANIEL BIERER KILLS MAN AS 3 GUNMEN FLEE

A former Gettysburg resident told Baltimore police Thursday night he shot and killed a bystander as he was firing after three youths who robbed his store in the 1800 block of Greenmount Ave., Baltimore, of more than $400.

Central Baltimore district police identified the shooting victim as Haywood Roscoe, 33, who lived over the store. He was pronounced dead at St. Joseph's Hospital about 7:45 p.m. Mr. Roscoe was hit just below the right eye by a bullet.

POINTS PISTOL, FIRES

Daniel W. Bierer, 46, Baltimore, son of Mrs. Anna Bierer, Gettysburg Times Apartments, one of the owners of Gene's Liquors, Inc., told police he rushed out of the store behind three fleeing robbers after one of them had held a knife at his throat during the robbery. He said he pointed the pistol at the three as they fled down an alley immediately south of the store.

He said he fired one round at the three robbers. Then he saw a figure standing in the shadows fall. It was then he learned it was Mr. Roscoe. He said he dropped the pistol to his side and fired a second shot into the ground. Mr. Bierer said he fired the second shot only because he was nervous.

Mr. Bierer told police three youths came into the store about 7:15 p.m., asked about the price of some socks displayed on the counter and left. They returned about 7:30 p.m. and asked to see the socks again.

STRUCK OVER HEAD

Mr. Bierer turned to get them and was struck over the head by what he thought was a fist. The taller youth produced a knife and held it at his throat while one youth stood by the door and the third opened the cash register and began stuffing his pockets with cash.

The three fled after the armed youth took a wild swing at him with the knife. Mr. Bierer picked up a pistol and followed them out the door to the street. He saw them fleeing down the alley and fired, he told police.

He said an audit would be required to determine exactly how much the three robbers got. He estimated the take at between $400 and $500.

Council Approves Use Of Modern Language In All Sacraments By Catholics

By GERA I. MILLER
Associated Press Staff Writer

VATICAN CITY (AP) — The Vatican Ecumenical Council voted final approval today of its first completed schema, proing for modernization of the language used in Roman Catholic worship.

The Roman Catholic prelates put their final seal of acceptance on the council's liturgy schema by a vote of 2,158 to 19.

All that is left for the document to become the council's first decree is formal promulgation by Pope Paul VI in a public council session.

It is expected to be held next Friday.

VOTE IS CHEERED

The vote was cheered by the council fathers.

After 13 months of deliberation in council and commission they had finally given Roman Catholicism its first councilor decree since the first Vatican council of 1870. That council proclaimed the concept of papal infallibility.

Today's vote was only a formality.

In a series of votes over the past two months the council had approved individual parts of the seven-chapter schema on liturgy, or public worship.

The vote took place during a pause in debate on the first chapter of another schema, a document on ecumenism, or Christian unity.

ANOTHER SCHEMA

When the prelates return to work Monday after their weekend recess, they will finish up yet another schema — on the press, radio, television and the arts.

Like the liturgy schema, the topic on mass communications has received approval by sections and needs only the final formal vote.

Not Known If Either Has Been Killed

DALLAS (AP)—President Kennedy and Gov. John Connally of Texas were shot from ambush today.

It was not known whether either was killed.

Kennedy apparently was shot in the head. He fell face down in the back seat of his car. Blood was on his head. Mrs. Kennedy cried, "Oh, no!" and tried to hold up his head.

Connally, remained half seated, slumped to the left. There was blood on his face and forehead.

The President and the governor were rushed to Parkland Hospital near the Dallas Trade Mart, where Kennedy was to have made a speech.

DALLAS, Tex. (AP) — Rep. Albert Thomas, D-Tex., said today he was informed President Kennedy and Gov. John Connally of Texas were both still alive after having been shot in an assassination attempt.

Thomas, standing outside the corridor of the emergency room in which both Kennedy and Connally were under treatment, said he had been told that the President was still alive but was "in very critical" condition.

The Secret Service said the President remained in the emergency room and the governor was moved to the general operating room of Parkland Hospital.

One Secret Service man was overheard telling another that there was no need to move the President because emergency facilities were entirely adequate in the emergency room.

CALL PRIESTS

Two Roman Catholic priests were summoned to the emergency room where the President lay. One was identified as a Father, Huber.

Malcolm Kilduff, acting White House press secrtary, said the two priests had been "asked for."

PLAN ANNEX TO EMMITSBURG'S ENGINE HOUSE

The Vigilant Hose Company of Emmitsburg is planning a $15,000 addition to its present fire hall.

A drive for funds to raise the necessary money has been started.

John S. Hollinger, vice president of the company, said final plans are not on the drawing board but preliminary planning calls for an addition of a cement block building, 30 by 70 feet, with a brick front. It is hoped that the addition can be erected next year.

The first official donation to the drive was a $200 check presented to the fire company by Ralph Lindsey, president of the Emmitsburg Chamber of Commerce.

The new addition would house two fire trucks and other fire fighting equipment.

BUY PROPERTY

The first step taken for the expansion project was the purchase of the adjoining property about a year ago from Dr. J. F. Baldacchino, Emmitsburg dentist.

Cost of the property and house was approximately $7,800. The house was torn down by members of the company last summer and the land is presently being used as a parking lot.

Named to the building committee are George L. Danner, chairman; Michael Boyle and Ronald Stouter. Anyone desiring to make a donation to the drive is asked to contact any member of the committee.

The committee will have as its first task, the setting up of special fund raising projects for the remainder of this year and throughout next year.

Two new members voted in at the last meeting were Herbert Gingell and Kenneth Slick. Election of officers will be held at the next meeting.

DR. F. LAUBACH TELLS OF WORK AS MISSIONARY

Dr. Frank C. Laubach, world famous author, lecturer and founder of the World Literacy Movement, used a world globe to show to an audience at St. James Lutheran Church Thursday evening areas of the world where communism is entrenched, marked with red stripes.

The United States, Canada and sections of Western Europe and England where two-thirds of the world's wealth is held bore gold stripes and the remainder of the world where poverty and hunger, disease and suffering are rampant was marked with black stripes.

The speaker who has spent 33 years traveling and serving in 103 countries, told of the conquest of disease in the underdeveloped areas of the world, which resulted in a population expansion and a hunger expansion.

"ONLY THE CHURCH"

Dr. Laubach said only the church can go into these areas to render the help they need, not to evangelize but to teach the people in these sections to help themselves "We have preached Christ to them, but now we have to live Christianity to help them in the dilemma which we have created. And when we teach them to read, then we can close the lessons with the story of God's love and the goodness of Jesus Whose only thought was to help the less fortunate.

"We must send in re-enforcements before we lose the war. I believe we will send them because God will back us, because Americans, who are called activists because they always want to do something about everything they understand, will do something when they understand the situation. The people of these underdeveloped areas want this help we can give and the people we help will love us tremendously for giving the help they need"

The Rev Dr Paul L. Reaser, pastor of St. James, introduced the speaker after a hymn sing conducted by Donald Bollinger, St. James choir director; the reading of the Scripture by the Rev. Alfred K Gotwalt, president of the Adams County Ministerial Fellowship; prayer by the Rev. Dr. Robert W. Koons, president of the Gettysburg Ministerium, and the singing of Dr. Laubach's favorite hymn, "My Best Friend," by Mrs. Reaser. Dr Reaser pronounced the benediction.

The offering was given to Dr. Laubach for use in his work.

SCRANTON IS CRITICIZED BY FDR JR. IN TALK

HARRISBURG (AP) — Gov. Scranton put in an appearance before the Appalachian regional commission here Thursday after a Kennedy administration official criticized his absence.

Scranton contended, however, that he had had every intention of meeting with the commission as soon as he returned from a conference with New York Gov. Nelson A. Rockefeller.

Scranton pledged his full support and cooperation to the commission in its role to help beef up the economy in eight states located in the Appalachian region.

Before Scranton appeared, Franklin D. Roosevelt Jr., undersecretary of commerce, expressed concern that the governor was not present at the meeting.

Scranton had gone to New York City in the morning to present his views to Rockefeller regarding the role of Pennsylvania's delegation at the 1964 Republican convention.

When Scranton spoke to the commission, he virtually ignored Roosevelt's remarks, except to say he was sorry they had been made. Roosevelt returned to Washington before Scranton arrived.

RESPONSIBILITIES UP

"I don't have a political meeting to go to, but I must return to Washington to testify at congressional hearings," the federal official said.

Roosevelt's attack was touched off by opening remarks by State Commerce Secretary John K. Tabor raising the question of respective responsibilities between federal and state governments in the Appalachian plan.

Roosevelt said he was startled that Pennsylvania would bring up the question of "states rights."

Scranton, however, said the question were "real ones that must be resolved now in the formation stages rather than after the Appalachian development organization has been created, then found unworkable."

Tabor's remarks appeared to catch Roosevelt by surprise. He asked for a 10-minute recess to study the state official's speech and prepare an answer.

Tabor also raised the question of whether Pennsylvania "with its strong economic base, has a truly common interest with the other states included in Appalachia."

3 BOYS KILLED IN BUS CRASH

STANTON, Tenn. (AP) — Three Negro teen-agers were killed today when a tanker truck rammed the rear of a school bus, sending it over a levee and into river backwater.

The dead were identified by a fellow student as J. C. Malone, 16; Joseph Brewer, 17, and Neal May, 18, all from Stanton. Nine students were reported injured

Highway Patrolman Walter Duffy said the tank truck, carrying chemicals, struck the bus from behind on a straight stretch of road about two miles south of here.

Duffy quoted the driver, Vincent Abston, as saying his brakes failed. The bus traveled about 300 feet after being hit by the truck and went off the side of a roadside levee into about five feet of water.

Duffy said it was believed the children were not killed by the impact, but drowned. He said the rear of the bus was under water.

JACKIE JOINS CAMPAIGN IN TEXAS CITIES

By FRANK CORMIER
Associated Press Staff Writer

FORT WORTH, Tex. (AP) — Mrs. Jacqueline Kennedy, perhaps reluctantly, is back in politics and she's a good campaigner.

Her smile charmed thousands in San Antonio, Houston and Fort Worth Thursday as she began a three-day Texas tour with her husband, the President.

She made a speech in Spanish and drew cheers and applause.

She ignored the plans of Secret Service agents and shook hands with hundreds who were forced to stay behind rope barricades.

PRECEDED HUSBAND

At every stop the first day, Kennedy took a cue from her husband and walked first from the presidential jet. Kennedy sometimes has been criticized for observing presidential protocol and walking a few steps ahead of his wife.

Shortly before midnight Thursday, Mrs. Kennedy still was going through her campaign paces.

When the Kennedys arrived at Carswell Air Force Base outside Fort Worth, the President and First Lady walked several hundred yards along a rope barrier, shaking hands and chatting with the crowd.

When the Kennedys reached the Texas hotel in Fort Worth, where they spent the night, they headed for the nearest throng and went through their handshaking act.

"LOVED EVERY MINUTE"

Pamela Turnure, Mrs. Kennedy's press secretary, was asked if the First Lady had enjoyed the experience.

"She loved every minute of it," said Mrs. Turnure.

It was the first day of the first stumping tour Mrs. Kennedy has made with her husband since he became the Democratic nominee for President in 1960.

She appeared to enjoy every minute even though White House aides frankly admit she would prefer to leave political campaigning to the President.

Mrs. Kennedy participated in the 1960 primary campaigns but stayed in the background during the general election when she was expecting John Jr.

Man Bitten By Dog Thursday Evening

Harry McIntyre, 29, of 38 N. Franklin St., was bitten by a dog Thursday evening about 6 o'clock, according to the borough police report sheet.

McIntyre told police that he was walking on N. Howard Ave. when two dogs came out from between two houses and one of them bit him on the right leg.

Police took McIntyre to identify the dogs and to the hospital where he was treated. Arrangements are being made to check the dogs, reportedly owned by Max Sherman, to determine if they might be ill, according to the report.

ENTERTAINING SHOWS APPEAR ON THURSDAY

By CYNTHIA LOWRY

NEW YORK (AP) —Television's two famous Perrys — Mason and Como — Thursday night provided a happy little island of entertainment for weary viewers who just wanted to be amused.

On CBS, Perry Mason had a glamorous international diamond smuggling plot on his hands. Our intrepid lawyer, as played by Raymond Burr, solved the mystery and unveiled the culprit by a brilliant stroke of deduction.

Perry Como, live and on NBC, was in San Francisco for one of his occasional variety programs. It was a funny and tuneful show, aided immeasurably by the antics of talented Nanette Fabray and Victor Borge.

It was a nice relaxed two hours. I cheerfully abandoned Mr. Kildare in the middle of a terrible problem with an unwed, pregnant teen-ager.

SHOULD BE COMMENDED

Television networks this season should be commended for their self-control: They have refrained from decking the halls, depicting the merry carolers in a popcorn blizzard and jingingling the bells until after the turkey is carved.

In other seasons, jolly families in slippers and robes started gathering around the decorated tree at about Halloween.

ABC is desperately trying to salvage its lost weekends. The most recent rumors about filling the two-hour Saturday night spot vacated by the impending departure of Jerry Lewis is another variety show made in the same Hollywood theatre. Probably, however, it wouldn't last more than an hour, and it certainly won't be live.

Another reported ABC candidate for oblivion is Sunday night's "Laughs for Sale," which has languished since the opening show last month.

TOPS FOR WEEKEND

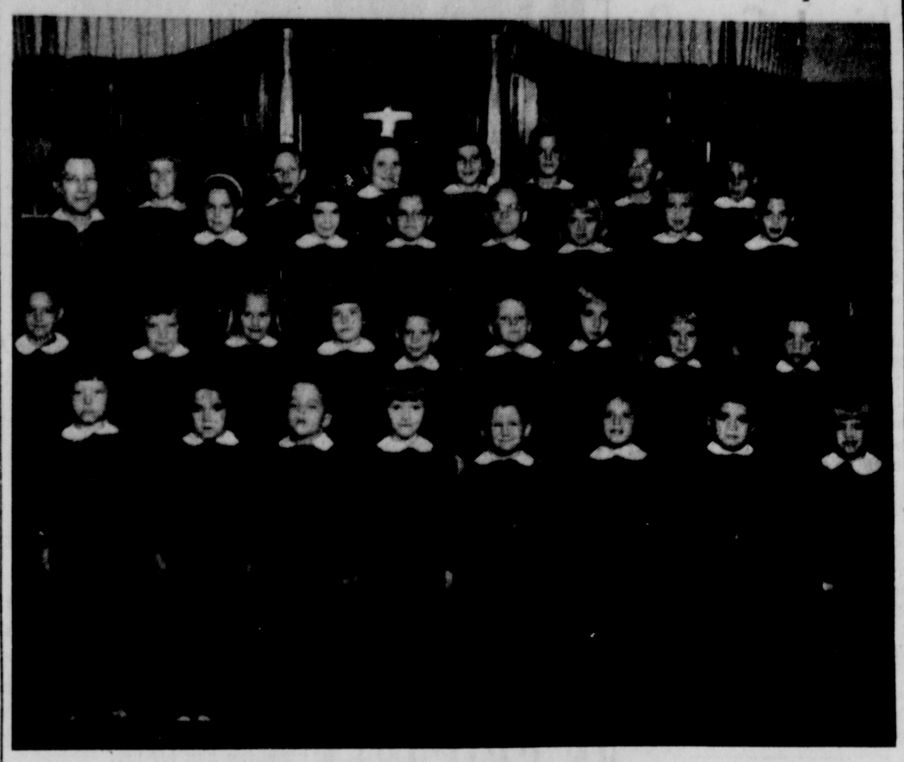

Recommended weekend viewing:

Tonight — Bob Hope Theatre, NBC, 8:30-9:30 (EST), "It's Mental Work," with Lee J Cobb, Gena Rowlands and Harry Guardino, prize-fight drama adapted from a John O'Hara story.

Saturday — "The Defenders," CBS, 8:30-9:30 p.m., tries comedy.

Sunday — 'The Labyrinth," NC, 2-3 p.m., repeat of the NBC Opera Company's production of Gian Carlo Menotti's surrealistic musical drama; "Twentieth Century," CBS 6-6:30, first of a two-part series on "Plots against Hitler." "Meet the Press," NBC, 6-6:30, , trans-Atlantic interview using Relay satellite with French Minister of Foreign Affairs Maurice Couve de Murville in Paris and his questioners in New York; "The Best on Record," NBC, 10-11, with "Grammy" winners repeating performances which won recording industry awards.

The moment the Pope issues the liturgy decree, he gives permission to the Church's bishops to replace Latin in most of the Mass and in all sacraments with modern tongues.

Whether national and regional conferences of bishops want to do it will be up to them.

Advocates of the change hail it as a major move toward making the Church more comprehensible to non-Catholic Christians, many of whom regard Latin as a mysterious ritualistic garble.

SCHOOLMEN AT

must submit to Harrisburg by next July 1 a new school district organization plan that conforms with requirements of the new law. The county board last December submitted and later secured state approval of a plan under the since-repealed school law that would have placed all of Adams County in two large school districts.

The county board is charged under the new law to confer with school directors and administrators in all school districts of the county before the new plan is adopted. Atty. Gen. Killian Thursday urged county boards to "give everyone an opportunity to be heard."

The Adams County board has listed school district reorganization as one of the main topics for discussion at the annual convention of county school directors December 12 at Littlestown. The other topic listed for the convention is the possible development of an area technical school in Adams County.

FIFTEEN YEARS EGO

New Street Sweeper Put To Work Here: Gettysburg's newest addition to its highway department — the $7,000 South Bend Guttersnipe sweeper, arrived Thursday at noon and went into operation on the borough streets almost immediately.

Thursday afternoon the machine was used in the north end of town in order to instruct local highway department workmen in the operation of the vehicle. Early this morning the "guttersnipe" was used to sweep the center of the town. Borough councilmen present to watch the sweeping said the machine did in an hour work that previously had taken several hours when sweeping was done by hand. The councilmen found a number of cars parked about the center of the town despite the ban against parking after 2 a.m.

Miss Rebert Is Wed Today To H. Leo Goulden: Miss Ethel Louise Rebert, daughter of Mr. and Mrs. John F. Rebert, Gettysburg R. 5, and Herbert Leo Goulden, son of Mr. and Mrs. Francis E. Goulden, 324 Hanover street, were united in marriage in a double ring ceremony this morning at 9 o'clock by the Rev. Fr. Mark E. Stock at St. Francis Xavier Catholic church.

The altar flowers consisted of mixed blooms. Baskets of fall flowers were used in decorating the church.

The bride, who was given in marriage by her father, wore a gray gabardine suit with dark green accessories and carried a white Bible to which was attached an orchid.

Mrs. Robert Saylor, Gettysburg, was the matron of honor. She wore a green gabardine suit with gray accessories and carried a bouquet of mixed flowers.

Kenneth Weaver, Landisville, Pa., served as best man.

The ushers were William Gabler, Chambersburg, brother-in-law of the bride, and Gene Sprankle, Emmitsburg, cousin of the bridegroom.

Mrs. Goulden graduated from Gettysburg high school in 1946 and is employed as bookkeeper at the Hankey and Plank garage, York street. Mr. Goulden graduated from Gettysburg high school in the same year and is owner and operator of Leo's Service Station, Lincolnway east.

"Abe For A Day" Had His Troubles: Attorney Donald M. Swope, chairman of the Gettysburg and Adams County Freedom Committee, who did a masterful impersonation of Abraham Lincoln and recitation of Lincoln's Gettysburg Address at exercises in the Majestic theatre Friday morning, had his full share of troubles and worries.

Early Friday morning his woes were climaxed.

He described them to his friends as follows:

"I put on the Lincoln suit early Friday morning. It was far too large. My wife was pinning it here and there, turning up a trouser leg and what not. The phone started ringing, the baby started to cry and then my mother walked in and congratulated my wife on her birthday anniversary . . . I had completely forgotten about it."

Too Many Fairfields Causing Confusion: Too many Fairfields are causing an Adams county man difficulties.

When packages began to return to his customers with the query "Fairfield in what county?" Philip Sharpe, Fairfield R. 2, decided to check with railway express authorities. He said they told him there are four Fairfields in Pennsylvania.

Now Sharpe, who conducts a gun and ammunition business which involves much shipment by express is considering changing his address to Emmitsburg. But first he is going to check to see if there is more than one Emmitsburg in Maryland.

Buck Causes $277 Damage To Vehicle: Mrs. D. L. Beegle and two other women residents of Emmitsburg had a narrow escape from what might have been a serious accident early last Saturday evening.

The trio drove to Gettysburg to see the Freedom Train. At about dusk they started the return trip to Emmitsburg. Near the Panorama Inn a big buck deer bounded across the highway into the front of the Beegle car. Mrs. Beegle did not have time to swerve to avoid the collision and immediately applied the brakes. The buck bounced a bit and then leaped across the highway and disappeared.

Today's Talk

LONELINESS

I recently read in one of my books that "loneliness has to be learned." I thought a long time over that statement, and perhaps the writer was right. Perhaps we do have to learn loneliness — at least to bear it, until we have learned — to rise above it.

We do not have to be alone to be lonely. We can be lonely in a crowd. We can be lonely in an invited company. We can be lonely with the one person we look upon as our best friend. Loneliness is a thing of the spirit. We can be all alone, and yet not be lonely.

It is when contact is broken between us and that which nourishes our spirit that we become lonely.

I do not believe the person exists who does not get lonely now and then. Great men and women get lonely. They tread high planes and find themselves far in front of the cause for which they strive. In union there is strength. True enough. But that union must be made up of strong men. Then there is power.

One is not lonely among those of his kind, whose hearts vibrate to his own. People who are mutually agreeable to no explaining. And neither of two people is lonely in the company of the other.

John Muir never seemed happier than when alone among his beloved mountains and friends of the forest. He would spend months there — even in the dead of Winter. He even seemed able to interpret the language of the glaciers.

One of the best antidotes against loneliness is an interest — or, better still, a score or more of interests. A good hobby, perhaps. A devotion to books. Or, being wrapped up in mind and effort in some worthy cause. People who keep busy rarely get lonely. Even their spiritual loneliness is nourished.

The loneliest people in this world are those who live with no purpose, with no objective, or perspective upon life, and who daily bemoan their fate. Fate can be conquered just like any other ghost, or bogy. You don't have to be lonely. You can decide not to be!

Just Folks

SINCE MABEL MARRIED

Since Mabel got married our
worries are o'er,
We don't need to fret as we
fretted before,
We don't need to say, as was
often the case
"My dear, you have far too much
rouge on your face."
Or: "Good gracious, you musn't
be seen in that hat."
Her husband hereafter must look
after that.

Since Mabel got married her
mother and I
Have only each other's short-
comings to spy,
No longer we say with a look of
distress:
"My dear, you can't possibly wear
such a dress,
It's too low at the neck and too
short at the knees."
Now Mabel has only her husband
to please.

And it's lonely we are, sitting
here I declare,
With no one to tell what to do or
to wear,
When Mabel comes calling, it
doesn't seem right
Not to say: "Please get home in
good season tonight."
And it must seem to Mabel quite
strange to be free
From the critical eyes of her
mother and me.

Small Game Needs Proper Care And Cooking; Can Be Delicious, Economist Says

MRS. HELEN D. TUNISON
County Home Economist

Small game can be delicious if it is handled properly in the field, dressed correctly and cooked by methods suitable to the age of the animal. Rich in protein, small game animals are characterized by a fine, delicate flavor.

MRS. TUNISON

When taken in season, muskrat, rabbit, or squirrel is usually less than a year old and the meat is tender. Tender cuts may be cooked by dry heat and less tender cuts by moist heat.

Tender game may be broiled, pan-broiled, or roasted. Braising or pot roasting is recommended for older, less tender game. Spices or a sauce may be added for flavor when braising game.

The same cooking principles may be used for duck, grouse and pheasant as for small game. Game may be substituted for meat and poultry in your favorite recipes.

According to Pennsylvania law, small game may be kept up to and including July 1 of the following year. Game birds and animals may be frozen or canned, following directions for freezing and canning meat and poultry. Use frozen game within four months. Instructions for canning and freezing may be obtained from Agricultural Extension Office, 111 Baltimore St., Gettysburg, Pa.

PLACING HEMLINES

Where to place hemlines in children's garments is a puzzle. Not even persons concerned with children's garments can agree whether hemlines should be above or below the knee, at mid-knee, or mid-thigh.

Skirts that are too long can make a garment less stylish and affect a child's personality. Wearing a garment that isn't becoming may make your child feel ill at ease and shy. Some persons think skirts that are too long make a child look sad, forlorn, dejected, or old for her age. For safety's sake, garments should not be too long. A child may trip on them and fall.

Short skirts allow freedom for activities your child enjoys. Depending on your child's weight, height and flesh distribution, skirts that are too short may not look well on her. When the designer plans the hemline and hem allowance, he considers the various figure types and purpose of the garment.

When you buy or make a garment for your child, allow for growth. A generous hem can be let out as the child grows taller.

CHOOSE TURKEY PARTS

Small families may have turkey without buying a large bird. Turkey parts in light, dark, or a combination of light and dark meat are available in most area stores.

If light meat is your favorite, try a turkey breast, with or without the bone. Drumsticks and thighs will give you dark meat if that is your preference. For a combination of light and dark meat, you can choose a half turkey or boned rolled meat.

Many different size turkeys are on the market. Turkey halves may range from seven to 12 pounds, while the combination dark and light meat rolls may weigh as little as two pounds.

Two drumsticks and two thighs account for about 25 per cent of the total weight of a bird. This means that these four parts on a 22-pound bird would weigh five to six pounds.

Cost per serving is similar, whether you buy boned turkey or a bird with bones. Boned rolled turkey costs more per pound, but you get more servings per pound.

Ask Police Guard For Negro Family

HARRISBURG (AP) — Atty. Gen. Walter E. Alessandroni says he has asked state police to maintain a round-the - clock guard over the home of a Negro family in a previously all-white neighborhood in Folcroft, Delaware County.

The home of Horace Baker was the scene of racial violence on Labor Day. Since that time, there have been reports of harassment against the Baker family.

Alessandroni said Thursday the state Justice Department would prosecute anyone connected with such harassment. His statement came in reply to demands by the Fellowship Commission in Philadelphia.

A department spokesman said complaints have been received that eggs and paint have been tossed against the home.

INSULIN CAN BEAT DIABETES IN CHILDREN

Although diabetes is much less common among children than it is among the middle and older age groups, it can prove fatal to youngsters unles it is brought under prompt medical control.

There is no cure yet for diabetes. However, with early detection and proper medical care, children with the condition almost always can continue to lead active and happy lives, according to Dr. Raymond F. Sheely, chairman of the 1963 Diabetes Detection Drive, which is currently being highlighted by Diabetes Week. The Adams County Medical Society is sponsoring the week's observance.

Having diabetes is no real barrier to an otherwise normal childhood and adolescence, provided the boy or girl has a clear understanding of what is involved in the treatment and learns to live with it. This means following a careful diet, exercising properly and taking insulin every day. Almost without exception, children with diabetes must take insulin, whereas some adults can use one of the newer oral compounds.

NO BAR TO CAREER

"The reaction of some people to a child having diabetes can affect a youngster's mental outlook and emotional health," Dr. Sheely warned. "Too much obvious sympathy, for example, can make a child feel sorry for himself or lead him to suppose that he never can be like other boys and girls. This over-protection can handicap him for life."

Both the diabetic child and his parents need to face the issue squarely. Dr. Sheely added: "With modern treatment, the child can live an active and healthful life and grow up to follow almost any career to which he or she is suited."

Although children develop diabetes quickly and in severe forms, according to Dr. Sheely, the condition can occasionally exist, even in the young without the parents being aware of it. It is extremely important, therefore, to test children for it, he added.

Of the 150 golfers entered, 75 were par or better for the day. Lurking three strokes back of the leader was Jack Nicklaus, ace of the field.

ST. LOUIS HAWKS LOSE TO LAKERS

LOS ANGELES (AP) — Hold Elgin Baylor to eight points and you've got the Los Angeles Lakers in trouble.

Right?

Wrong.

The St. Louis Hawks did it Thursday night and still lost to the Lakers by a dozen points, 111-99. The Hawks also lost the lead in the National Basketball Association's Western Division, dropping a half game behind Los Angeles.

While Baylor was having his problems, Jerry West was having a ball. He scored 35 points and Dick Barnett, making his first start for the Lakers this season, added 20.

No other NBA games were scheduled Thursday.

So far as anyone here could recall, Baylor had never before scored as few as eight points in any NBA game in which he played more than two quarters. Elgin, has been having trouble with his knees.

Injured Trio Okayed For Bullets' Final With Owls Here On Saturday At 1:30

A late medical report has cleared Center Bob Furney, End Mark Snyder and Quarterback Vance Johnston for action Saturday afternoon when Gettysburg College pulls down the curtain on its 1963 season against Temple on Memorial Field. The kickoff is slated for 1:30 o'clock. The game will be televised over WFIL-TV, Philadelphia.

Furney, a native of Gettysburg, was lost to the team back on September 28 when he sustained a knee injury in the Juniata game. Snyder, a former Big 33 high school player and elected co-captain of the Bullets, suffered a knee injury in the Bucknell game on September 21 and has been out of action ever since. Johnston sustained a severe sprain of the right ankle in the ankle in the Muhlenberg clash and has had to sit on the sidelines while Sophomore Jim Ward and Junior Don Enders handled the quarterbacking. All three players have received their medical release to return to action.

WILL SEE ACTION

Pleased with the announcement, Coach Gene Haas said the trio will see action. He stated that Johnston's and Snyder's performance would be limited, but that Furney would be pressed into duty immediately. The return of the three would increase Gettysburg's thin numbers to 29.

Gettysburg's starting lineup against the Owls will include: Ends, Ken Snyder, Harshey, and Barry Gruber, Harrisburg; tackles, Pat Noonan, Washington, D. C., and Irv Strohecker, Trevorton; guards, Ron Brentzel, Irwin, and Roger Casciani, York, and center, John Hilty, Quakertown.

Ward, Gaithersburg, Md., will draw the starting quarterback assignment with Rick Taylor, Camp Hill, at fullback. Dale Boyd, Pennville, N.J., and Phil Parsons, Cherry Hill, N.J., will man the halfback slots.

Despite Gettysburg's domination over the Owls in the last seven years, the Bullets are anticipating a rough afternoon. Coach George Makris has one of his toughest teams ever. The Owls will attempt to throw often, but if this doesn't work, they have a solid and experienced running attack. Halfback Joe Morelli and fullback Paul Malatesta are currently pacing the rushing department. Morelli has gained 368 yards on 90 carries while Malatesta has picked up 340 yards on 71 carries. Morelli has also recorded an additional 84 yards passing on five completions for 20 attempts.

Sophomore Joe Petro hold the lead in passing. He has completed 39 of 95 tosses for 687 yards and four TDs. Junior Mark Lichtenfeld has connected on 34 of 55 aerials for 432 yards. Dave Fecak and Steve Speers are the favorite targets for the Owl passers. Fecak has pulled down 15 tosses for 298 yards while Speers has landed 14 aerials for 197 yards. Petro is the team's top scorer with 54 points while Morelli has registered 36 tallies. Ray Chiumento is third with 27 points. Eighteen of his points have come on six of eight field goals.

OWLS' LINE STRONG

Another item the Bullets cannot afford to over look is the powerful Owl forward wall. Makris' starting line will include: Ends, John Hudak, 5'11", 165, and Speers, 6'1", 212; tackles, Frank Massina, 5'9", 210, and Ron Koehler, 6'1", 236; guards, Elmer Romeis, 5'8", 190, and Joe Cugini, 5'9", 200, and center, Charles Zontanos, 5'10", 210.

Petro, a 6'2", 185-pound product of Allentown, will start at quarterback. Malatesta, Fecak and Morelli will round out the starting backfield.

Gettysburg passers will have one last chance for a fourth school passing record. The Bullets will be aiming for four touchdown tosses to boost the season total to 20 currently held by the 1949 team. Ken Snyder needs two more scoring aerials to knot the record of seven set by Don Emert in 1949.

Temple will come to town with a 5-3-1 record and is sporting a 1-2 MAC university division record. Gettysburg is 5-4 on the season and 2-2 in the conference.

G-BURG TRIES FOR TITLE IN MAC RUN TODAY

The Gettysburg College cross-country team, which finished the regular season with an 11-1 record, will take part in the annual Middle Atlantic Conference championships this afternoon in Philadelphia.

The Bullet harriers, led by Seniors Jim Lombardi and Ed Salmon, rolled up a string of 19 consecutive wins before bowing to powerful Delaware in the last outing of the season. Delaware copped the MAC title a year ago and from all indications is a strong bet to retain the title. Gettysburg finished sixth among 17 school entered, but this year's run will take on a new look. The meet will be divided into two divisions, university, of which Gettysburg is a member, and college.

EXPECTS GOOD SHOWING

Asked if the new split in the meet would give the Bullets a better chance for the title, Coach Hal Glad said, "We will move up a couple of notches, but you have to remember that Delaware has a solid team with good veterans. LaSalle is much stronger this year as is St. Joseph's. I do think we can make a better showing than we have in previous years."

Lombardi is one of the finest runners to come on the scene in a long time. He has lost only three meets in the last two years. During that period he has broken nine opponent's course records and both the Gettysburg school and course record. The Montclair, N.J native has traveled the four miles in 21:01 for hist best time.

Salmon, Lemoyne, has had to follow Lombardi during the past two years after a sensational Sophomore season in which he copped all but one race. Bob Linders, Haworth, N.J.; Jerry Staub, Springfield, and Dave Bloomer, Phoenixville, have the potential of closing the gap beyond the first two men. Should the come around with Bob Loomis, Lebanon, N.J., and Rodger Malehorn, Philadelphia, the Bullets could be a dark horse.

EDDIE KOONTZ PACED BOLTS' GRID ATTACK

Eddie Koontz, the husky 195-pound fullback of the Littlestown High School football squad, was the top ground gainer and leading scorer for the Thunderbolts during the past season, according to statistics announced today.

Koontz tallied nine touchdowns and in 123 carries picked up a total of 658 yards. He was thrown for a total loss of but 46 yards, giving him a net yardage of 612. The Bolt workhorse also completed 11 of 30 passes for 239 yards and one touchdown. He was on the receiving end of 11 aerials.

Terry Arbogast, quarterback, was second in offense with 60 yards net rushing, 324 on passing in completing 27 of 60 aerials, four of which went for touchdowns. He also booted nine extra points.

Louie Orndorff trailed Koontz in the rushing department with 239 net yards and one touchdown. Terry Orndorff picked up 203 yards and two touchdowns.

Jim Strevig, end, was the leading target for passes, catching 25 for 421 yards and three six-pointers.

Don Bair, accounted for 75 yards rushing in 26 tries, Jim Blocher 21 in six, Greg Smith 10 in three, and Greg Myers five in one.

In compiling a 4-4-1 season the Bolts gained 1,403 yards rushing and 1,061 passing for a total offense of 2,464.

JOHANNESBURG, South Africa (AP)—Dr. Hilgard Muller, South Africa's ambassador in London, has been named to succeed Eric Louw as foreign minister.

Army Physical Set For Clay

NEW YORK (AP) — Cassius Clay probably won't have to take his Army physical examination until the end of December, according to Selective Service headquarters.

The one-time laughing boy of boxing, who now appears glum at times, has obtained a draft transfer from Louisville to New York. Selective Service officials said Thursday his transfer papers have not yet arrived so no date for his exam can be set.

There seems little doubt that Clay will be able to go through his heavyweight title fight with champion Sonny Liston in February. No date or site has been announced yet.

OLD IRONSIDES ONE PRIZE FOR PITT AND PSU

PITTSBURGH (AP) — Old Ironsides is the forgotten prize of Saturdays football battle between arch rivals Pitt and Penn State.

Talk of bowl and prestige overshadow the three-sided hunk of steel representing the Little Brown Jug of the Pitt-Penn State-West Virginia round robin.

But it too will be at stake.

Both the fifth ranked Panthers and the Nittany Lions have beaten West Virginia, to set the stage for the Ironsides playoff.

HEAVIEST TROPHY

The triangular trophy, described as the heaviest piece of victory hardware in the nation, is a gimmick of the Pittsburgh Junior Chambers of Commerce dating back to 1952.

It is 200 pounds of stainless steel with three sides, one for each team.

The design was prompted by the fact that three teams in a iron and steel region take part in the rivalry.

Besides sewing up a bowl bid, the powerful Panthers will be trying to win Old Ironsides for the first time since their Sugar Bowl team of 1955.

LIONS LEAD SERIES

The battle will be the 63rd meeting between the two schools. The Lions hold the edge 33-26 with four games ending in ties, but the Panthers are the definite favorites.

State coach Rip Engle is the first to agree.

"They've got depth, speed, size and experience," he said. "They have the speed to kill you outside and the power to run over you inside. Paul Martha, Fred Mazurek and Rick Leeson are as fine a trio of backs as I've seen."

PITT'S RECORD BETTER

Against common opponents, Pitt is 4-0, Penn State 2-2. State lost 9-0 to Syracuse and 10-7 to Army. Pitt beat Syracuse 35-27 and Army 28-0.

Meanwhile, injuries continue to cripple the Lions. Fullback Ed Stuckrath was placed on the doubtful list Thursday after reinjuring a knee in practice. The Lions have been without a front line of tackles for two weeks and prospects for Saturday are dim.

Tackles Harrison Rosdahl and Terry Monaghan will definitely be on the sidelines. And there still is doubt about Gary Eberle. Also nursing wounds are tackles Joe Bellas and John Deibert.

LOST GAME FOR 10

Despite the odds Engle promised that his team will be out there giving it a go.

"They love to play football and they might as well be playing against the best," he said. "That's how to get the best experience and a lot of them will be back next year."

Ten of the Lions, including uarterback Pete Liske and halfback Junior Powell, will be bringing down the curtain on their Penn State careers, unless a bowl bid is forthcoming.

Both teams have been mentioned prominently, but the Nittany Lions themselves don't take the gesture seriously.

Pitt, with its 7-1 record, is being mentioned by the Cotton, Orange, Sugar and Gator bowls.

The cotton and gator bowl committees also have listed Penn State, 7-2, as a possibility.

Freshman Dies Of Heart Attack

PITTSBURGH (AP) — The Allegheny County coroner's office reported today that a Pittsburgh area basketball player suffered a fatal heart failure during a practice game Thursday night.

John D. Dzikowski, 13, of suburban Snowden Twp., a freshman at Canevin High School, collapsed while practicing and was dead on arrival at Allegheny General Hospital.

An autopsy was conducted and the coroner's office said cause of death was heart failure.

Win Over Giants Is "Must" For Cardinals; Bears Will Face Up To Potent Steelers

By TED MEIER

You can't score if you don't have the ball. The coaches call it ball control.

And that's the way the St. Louis Cardinals plan to play against the New York Giants Sunday in what shape up as the top pro football game of the day. A full slate of 11 games is on tap with every team in both the National and American Leagues in action.

Just as a week ago when they upset the Cleveland Browns, a victory over the Giants is a MUST for the Cardinals to stay in contention for the Eastern Conference NFL title. In fact, a St. Louis victory could very well create a three-way tie between the Giants, the Cardinals and the Browns.

BALTIMORE AT LA

The Chicago Bears, who gained undisputed possession of first place in the Western Conference by beating Green Bay last Sunday, tangle with the dangerous Steelers at Pittsburgh in another potent NFL struggle. In the others Dallas is at Cleveland, Baltimore at Los Angeles, Detroit at Minnesota, Washington at Philadelphia and Green Bay takes on San Francisco at Milwaukee.

In the American League Houston is at San Diego in a battle of divisional leaders, Oakland is at Denver, Buffalo is at Boston and Kansas City at New York in a Polo Grounds setto in direct conflict with the NFL clash between the Cardinals and Giants just a hop, skip and jump away at Yankee Stadium.

The Giants whipped the Cardinals 38-21 earlier this month in St. Louis as part of their five-game winning-streak.

TRIPLE TIE POSSIBLE

A St. Louis victory, coupled with a Cleveland triumph, would create the triple tie between the Cards, Giants and Browns Each would have an 8-3 record.

Pittsburgh, 6-3-1, still has title hopes and if the Steelers upset the Bears a St. Louis victory would really snarl the Eastern Conference standings. Not only that, but a Pittsburgh victory, coupled with a Green Bay triumph, again would tie the Bears and Packers for first in the West.

Fullback Rick Casares is lost to the Bears, but the current edition of the old Monsters of the Midway still are expected to beat the Steelers now that their first conference title in seven years is within their grasp. Injured quarterback Bart Starr may play for Green Bay for the first time in five games while Jimmy Brown of Cleveland can set and NFL season rushing mark by getting 81 yards against Dallas He now has 1,447 yards and he set the record of 1,527 five years ago.

The Houston at San Diego fray is the top game in the AFL and it is being billed as a preview of the championship battle in December between the divisional title winners. The Oilers lead the Eastern Division with a 6-4 mark while the Chargers, 8-2, head the Western Division.

With the loser facing elimination, the Buffalo at Boston game is of No. 2 importance in the AFL. The teams now are tied at 5-5-1 for the runner-up spot behind Houston in the East. The Bills pulled out a 28-21 over the Patriots in their first meeting this season.

The New York Jets, still with a faint hope at 4-5-1, expect to stay in the running by beating Kansas City. The Chiefs, last year's AFL champions, have only a tie to show in their last six games.

Prime Minister Is Upset In Scotland

DUNDEE, Scotland (AP) — Harold Wilson's Labor party handed Prime Minister Sir Alec Douglas-Home's Conservatives another election defeat in Sir Alec's Scottish homeland today.

The prime minister's personal prestige was directly involved in the voting to fill West Dundee's seat in the House of Commons. He made a television appeal for the Conservative candidate.

Laborite Peter Doig took 22,449 votes to 17,494 for the Conservative, Dr. Robert Taylor.

100,000 Bankers Strike In Italy

ROME (AP) — Services in commercial and savings banks throughout Italy were disrupted today by a strike of more than 100,000 tellers, clerks and other employes.

Pro-Communist and non-Communist unions ordered the 24-hour walkout to support demands for a cost-of-living bonus.

The unions demand an annual bonus equal to 125 per cent of monthly pay, but not less than $224, to meet rising living costs.

MOUNT CAGERS WILL PLAY IN YORK BENEFIT

Susquehanna University's basketball team will participate for the third consecutive year in the annual "Sports Night" program at York.

"Sports Night" is sponsored each year by the Sertoma Club of York, which donates the proceeds to charity. This year's program is scheduled for Saturday, Dec. 7, in the Central High School gymnasium, with proceeds to be used to purchase and install a swimming pool at Camp Pennwood, a day camp for retarded children. The featured event will be a basketball game between Susquehanna University and Mt. St. Mary's College of Emmitsburg.

GAME AT 9

The basketball game will begin about 9 p.m. and will be preceded by weightlifting by members of the York Barbell Club and college wrestling exhibitions, and a posing exhibition by Vern Weaver, Mr. America of 1963, starting at 7:30 p.m.

Both Mt. St. Mary's and Susquehanna have had outstanding small-college basketball teams during the past several seasons. Susquehanna had a 15-5 record during the 1961-62 season and a 20-4 log last winter. Mt. St. Mary's slipped to 13-12 last year, but won the championship of the Mason-Dixon conference. In 1962, Mt. St. Mary's had a 24-6 record and won the NCAA's national small-college tournament.

Susquehanna defeated Catholic University 84-70 during last year's "Sports Night" and lost to Gettysburg 70-60 in 1961.

PICK THOMAS OVER PERSOL

NEW YORK (AP)—Chicago's Allen Thomas is a 4-1 favorite to spoil Johnny Persol's hopes of making a storybook debut as a winning substitute at Madison Suare Garden tonight.

The 22-year-old light heavyweight contender figures to have too much punch and experience for the unbeaten Brooklyn shipping clerk in the television 10-rounder.

Persol was signed hurriedly Wednesday to sub for Mauro Mina, the Peruvian challenger who was barred from fighting Thomas because he had undergone an operation for a detached retina of the left eye.

Unbeaten in 85 bouts as an amateur, Persol turned pro this year and has a 9-0 record, including three knockouts. He received $50 for his first pro fight but Friday night he will earn $4,000 for the TV shot and get a crack at a ranking fighter.

Thomas, also 22, is the No. 9 contender. He has a 19-2-1 record, including 11 knockouts. The Chicagoan is under the tutelage of Archie Moore, former light heavyweight champion.

Starting time for the ABC-TV fight is 10 p.m., EST.

Scoring will be by the rounds system.

$75,000 RACE AT PIMLICO

By ORLO ROBERTSON
Associated Press Sports Writer

The 1963 northern thoroughbred racing season is in its waning days but there's still plenty of money around for the horses Saturday with the $75,000 added Pimlico Futurity the richest attraction.

The 1 1-16 miles of the Futurity figures to attract 14 2-year-olds and if that many start it'll be worth $176,250 with $110,012 going to the winner. The second richest race on the agenda is the two miles of the $50,000-added Display Handicap at Aueduct.

Best known of the probable Pimlico Futurity field are Mrs. Marion R. Frankel's Bupers, Reginald Webster's Traffic and John W. Hanes' Breakspear. Bupers won the Futurity at Aueduct, Traffic the Hopeful at Saratoga and Breakspear finished first in the Futurity Trial at Pimlico Monday only to be disualified and placed fourth for interference.

Other probable starters include Even Exchange, a stablemate of Traffic who will start only if there is an off track; Murad, Nenemoosha, Phantom Shot, Quadrangle, Ramant, Roman Column, Sub Commander and the entry of Bleacherite and Orientalist. All will carry 122 pounds.

Paul Bongarzone's front-running Dean Carl packs top weight of 121 pounds in the Display and is the probable choice.

TITLES, BOWL BIDS GOING ON LINE SATURDAY

By BOB GREEN
Associated Press Sports Writer

A half-dozen conference titles and trips to the Rose and Orange Bowls go on the line Saturday while a score of tradition-hallowed games spice the next to last big college football weekend of the season.

The key games pit Illinois at Michigan State and Oklahoma at Nebraska. All four teams hold national rankings and the winner of each gains a major bowl berth.

Still another bowl spot, the host role in the Rose Bowl, could be settled in the fight between Big Six leader Washington and Washington State, one of the many traditional games that defy the form sheets.

MOST HALLOWED

Probably the most hallowed of all is the 80th clash of Yale and Harvard, this time at New Haven, Conn. Harvard has a slim chance to gain the Ivy title, but—following league rules—will not be eligible for bowl bids.

Among the others, Arizona can clinch the Western Athletic Conference title by beating New Mexico while Duke and North Carolina tangle at Durham, N.C., with a chance to clinch a share of the Atlantic Coast Conference title.

Several of the big ones hold off for a week before their traditional wind-up games. Top-ranked Texas, the only remaining unbeaten, untied team and already certain of the host spot in the Cotton Bowl closes against old foe Texas A&M Thanksgiving Day.

BIG ONE NOV. 30

Second-ranked Navy, a prime bowl contender closes its regular season at Philadelphia Nov 30, shooting for its fifth straight triumph over Army Mississippi, No. 3 nationally, waits until Nov. 30 to close out against Mississippi State while Alabama, No. 6, plays Auburn the same day.

Auburn, ranked ninth on a 7-1 record, goes against Florida State Saturday, and fifth-ranked Pitt visits old rival Penn State

Mississippi is a top candidate for the Southeastern Conference title and a shot at either the Sugar or Orange Bowls. Navy Pitt, Alabama and Auburn all are prime bowl contenders.

FEATURED ATTRACTIONS

The Michigan State - Illinois and Oklahoma Nebraska games remain the featured Saturday attractions.

Michigan State and Illinois are ranked fourth and eighth, respectively, in the nation, each with a 6-1-1 record. Each has an explosive ground game and a grudging defense. Either could win the Big Ten title and the Rose Bowl trip with a victory, while Michigan State and pick up all the marbles on a tie. Michigan State is 4-0-1 in the league, Illinois 4-1-1.

Oklahoma is No. 6 at 7-1 and Nebraska No. 10 at 8-1. The winner automatically goes to the Orange Bowl. It's the wind-up for Nebraska, while Oklahoma has yet to face oft-beaten Oklahoma State.

TOUGH OPPONENTS

Pitt is No 5 at 7-1 but has two tough opponents en route to a major bowl berth The Panthers have a major foe in Penn State, 7-2, Saturday, then close against dangerous Miami, Fla.

The host spot in the Rose Bowl depends on two games Washington - Washington State and Southern California-UCLA Should favored Washington win, the Huskies would have the best record, 4-1, but a loss could toss the Big Six into a jumble. UCLA and Southern Cal each are 2-1 going in.

The television fare is split by regions, with Harvard-Yale to be shown in the East. The South will see Clemson vs. South Carolina while the rest of the nation gets Wisconsin-Minnesota.

All are on CBS.

Attendance Up But Club Loses Money

SYRACUSE, N. Y. (AP)—The Syracuse Chiefs, Northern Division champions of the International Baseball League, lost $14,661 last year despite the largest home attendance in the last three years, the club reported Thursday night.

Frank Barry, chairman of the board of the community-owned club, told the annual meeting of stockholders that 1963 home attendance totaled 165,611, an increase of 62,000 over 1962.

HOUSTON (AP)—Ten teams are under consideration for the Dec. 21 Bluebonnet Bowl .

Lou Hassell, executive director, listed the teams Thursday as Oklahoma, Nebraska, Louisiana State, Auburn, Georgia Tech, Navy, Baylor, Memphis State, Mississippi State and Pittsburgh.

KANSAS CITY (AP) — Chris Burford, split end of the Kansas City Chiefs, may miss Sunday's game with the Jets at New York because of a kidney stone, the club reported Thursday.

BEARS, GIANTS PICKED TO WIN NFL CONTESTS

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Pittsburgh and St. Louis can throw the National Football League into a wild scramble that could result in playoffs in both divisions if they can upset the Chicago Bears and New York Giants Sunday.

The Steelers, having upended Cleveland two weeks ago, barely sneaked past Washington last week while the Bears were beating Green Bay for the second time.

Chicago, leading the Western Conference by one game, must whip the Steelers at Pittsburgh because the Packers figure to take it out on the weak San Francisco 49ers at Milwaukee.

STEELERS NEED WIN

The Steelers still are on the fringe of Eastern Conference race. They need a win to stay alive. If they upset the Bears, if St. Louis defeats the Giants and if Cleveland wins as expected over Dallas, there will be triple tie in the East. Pittsburgh then would be only one-half game back.

With four weeks to go the old batting average is 49-20-1 in the NFL, 18-16-3 in the AFL for an over-all 67-34-4. Here we go again (all games Sunday unless otherwise noted):

NFL

Chicago 21, Pittsburgh 17 — Not even John Henry Johnson and Ed Brown in a mood for revenge can crack the Bear defense.

New York 31 St. Louis 21—Y. A. Tittle threw four TD passes against the Cards in a 38-21 victory Nov. 3. Loss of Dick Lynch may open Sonny Randle for Charley Johnson's pitches but Card passer will get the big rush again.

Cleveland 28 Dallas 21—The Browns rolled it up on the Cowboys earlier 41-24 and last home game could be reason to turn Jimmy Brown loose again.

EASY FOR PACKERS

Green Bay 35 San Francisco 7—And how would you like to be playing the Packers this week? 49ers showed nothing against Giants

Washington 27, Philadelphia 21—Norm Snead-Bobby Mitchell battery clicking again but defense still shaky. Sonny Jurgensen's return could be decisive

Minnesota 24 Detroit 21—Despite 28-21 Lion victory in October, injuries have hit Detroit defense again with Night Train Lane doubtful.

COLTS SHOULD WIN

Baltimore 20 Los Angeles 14—California trips usually result in letdown by Colts but a shaky vote for Baltimore and Johnny Unitas over Roman Gabriel, mostly on Colts' pass defense.

Green Bay 31, Detroit 14 (Thanksgiving Day) — Hardly a man is still alive who doesn't remember last year's game when Lions did Packers in 26-14. Packers won first game in September 31-10 when Detroit was healthy. A national TV audience will be watching and Vince Lombardi is a man who never forgets.

AFL

San Diego 24 Houston 7—This could be preview of Dec. 22 title game. Chargers home after three-game winning road trip

Oakland 21, Denver 17—Raiders continue to surprise by staying on heels of San Diego, two back with four to go.

Boston 27, Buffalo 21 — Two teams are tied for second, a half game back of Houston. Although Bills won 28-21 Oct. 26 Boston should pull it out at home.

New York 28, Kansas City 21—Both teams have been struggling but Jets are about due to win one at home.

Kansas City 28, Denver 21 (Thanksgiving Day) — If Chiefs are going to do any business in rest of season at home they had better stop those gaps in Broncos' pass defense.

AERIAL FIGHT AT THE STADIUM

NEW YORK (AP) — There won't be a trapeze set up in Yankee Stadium Sunday but you can bet the New York Giants and St. Louis Cardinals will hold an aerial circus anyway.

New York's Y. A. Tittle and St. Louis' Charley Johnson figure to do plenty of pitching as the Cards challenge New York's one-game lead in the National Football League's Eastern Division.

The Giants, shooting for their sixth straight victory, can all but end St. Louis' hopes with a victory. That would drop the Cards two lengths back with only three games to go.

But New York will be facing a hot hand in Johnson, who is riding a string of 10 straight completions. Those came against the Cleveland Browns a week ago as St. Louis beat Cleveland for the first time in nine years, 20-14.

Tittle, the NFL's leading passer, picked St. Louis' secondary apart the first time these two clubs met. Yat fired four TD passes as New York romped 38-21. But New York Coach Allie Sherman thinks the Cards will be a lot tougher this time around.

St. Louis will be in better shape physically for Sunday's clash. New York's doubtful starters include Dick Lynch, defensive safety out with a head injury and Alex Webster, whose left knee makes him a question mark. Dick Pesonen will fill in for Lynch and Joe Morrison who gained 98 yards against San Francisco last week, inherits Webster's fullback spot.

FIFTEEN YEARS EGO

New Street Sweeper Put To Work Here: Gettysburg's newest addition to its highway department — the $7,000 South Bend Guttersnipe sweeper, arrived Thursday at noon and went into operation on the borough streets almost immediately.

Thursday afternoon the machine was used in the north end of town in order to instruct local highway department workmen in the operation of the vehicle. Early this morning the "guttersnipe" was used to sweep the center of the town. Borough councilmen present to watch the sweeping said the machine did in an hour work that previously had taken several hours when sweeping was done by hand. The councilmen found a number of cars parked about the center of the town despite the ban against parking after 2 a.m.

Miss Rebert Is Wed Today To H. Leo Goulden: Miss Ethel Louise Rebert, daughter of Mr. and Mrs. John F. Rebert, Gettysburg R. 5, and Herbert Leo Goulden, son of Mr. and Mrs. Francis E. Goulden, 324 Hanover street, were united in marriage in a double ring ceremony this morning at 9 o'clock by the Rev. Fr. Mark E. Stock at St. Francis Xavier Catholic church.

The altar flowers consisted of mixed blooms. Baskets of fall flowers were used in decorating the church.

The bride, who was given in marriage by her father, wore a gray gabardine suit with dark green accessories and carried a white Bible to which was attached an orchid.

Mrs. Robert Saylor, Gettysburg, was the matron of honor. She wore a green gabardine suit with gray accessories and carried a bouquet of mixed flowers.

Kenneth Weaver, Landisville, Pa., served as best man.

The ushers were William Gabler, Chambersburg, brother-in-law of the bride, and Gene Sprankle, Emmitsburg, cousin of the bridegroom.

Mrs. Goulden graduated from Gettysburg high school in 1946 and is employed as bookkeeper at the Hankey and Plank garage, York street. Mr. Goulden graduated from Gettysburg high school in the same year and is owner and operator of Leo's Service Station, Lincolnway east.

"Abe For A Day" Had His Troubles: Attorney Donald M. Swope, chairman of the Gettysburg and Adams County Freedom Committee, who did a masterful impersonation of Abraham Lincoln and recitation of Lincoln's Gettysburg Address at exercises in the Majestic theatre Friday morning, had his full share of troubles and worries.

Early Friday morning his woes were climaxed.

He described them to his friends as follows:

"I put on the Lincoln suit early Friday morning. It was far too large My wife was pinning it here and there, turning up a trouser leg and what not. The phone started ringing, the baby started to cry and then my mother walked in and congratulated my wife on her birthday anniversary . . . I had completely forgotten about it."

Too Many Fairfields Causing Confusion: Too many Fairfields are causing an Adams county man difficulties.

When packages began to return to his customers with the query "Fairfield in what county?" Philip Sharpe, Fairfield R. 2, decided to check with railway express authorities. He said they told him there are four Fairfields in Pennsylvania.

Now Sharpe, who conducts a gun and ammunition business which involves much shipment by express is considering changing his address to Emmitsburg. But first he is going to check to see if there is more than one Emmitsburg in Maryland.

Buck Causes $277 Damage To Vehicle: Mrs. D. L. Beegle and two other women residents of Emmitsburg had a narrow escape from what might have been a serious accident early last Saturday evening.

The trio drove to Gettysburg to see the Freedom Train. At about dusk they started the return trip to Emmitsburg. Near the Panorama Inn a big buck deer bounded across the highway into the front of the Beegle car. Mrs. Beegle did not have time to swerve to avoid the collision and immediately applied the brakes. The buck bounced a bit and then leaped across the highway and disappeared.

Today's Talk

LONELINESS

I recently read in one of my books that "loneliness has to be learned." I thought a long time over that statement, and perhaps the writer was right. Perhaps we do have to learn loneliness — at least to bear it, until we have learned — to rise above it.

We do not have to be alone to be lonely. We can be lonely in a crowd. We can be lonely in an invited company. We can be lonely with the one person we look upon as our best friend. Loneliness is a thing of the spirit. We can be all alone, and yet not be lonely.

It is when contact is broken between us and that which nourishes our spirit that we become lonely.

I do not believe the person exists who does not get lonely now and then. Great men and women get lonely. They tread high planes and find themselves far in front of the cause for which they strive. In union there is strength. True enough. But that union must be made up of strong men. Then there is power.

One is not lonely among those of his kind, whose hearts vibrate to his own. People who are mutually agreeable to no explaining. And neither of two people is lonely in the company of the other.

John Muir never seemed happier than when alone among his beloved mountains and friends of the forest. He would spend months there — even in the dead of Winter. He even seemed able to interpret the language of the glaciers.

One of the best antidotes against loneliness is an interest — or, better still, a score or more of interests. A good hobby, perhaps. A devotion to books. Or, being wrapped up in mind and effort in some worthy cause. People who keep busy rarely get lonely. Even their spiritual loneliness is nourished.

The loneliest people in this world are those who live with no purpose, with no objective, or perspective upon life, and who daily bemoan their fate. Fate can be conquered just like any other ghost, or bogy. You don't have to be lonely. You can decide not to be!

Just Folks

SINCE MABEL MARRIED

Since Mabel got married our
worries are o'er,
We don't need to fret as we
fretted before,
We don't need to say, as was
often the case
"My dear, you have far too much
rouge on your face."
Or: "Good gracious, you musn't
be seen in that hat."
Her husband hereafter must look
after that.

Since Mabel got married her
mother and I
Have only each other's short-
comings to spy,
No longer we say with a look of
distress:
"My dear, you can't possibly wear
such a dress,
It's too low at the neck and too
short at the knees."
Now Mabel has only her husband
to please.

And it's lonely we are, sitting
here I declare,
With no one to tell what to do or
to wear,
When Mabel comes calling, it
doesn't seem right
Not to say: "Please get home in
good season tonight."
And it must seem to Mabel quite
strange to be free
From the critical eyes of her
mother and me.

Small Game Needs Proper Care And Cooking; Can Be Delicious, Economist Says

MRS. HELEN D. TUNISON
County Home Economist

Small game can be delicious if it is handled properly in the field, dressed correctly and cooked by methods suitable to the age of the animal. Rich in protein, small game animals are characterized by a fine, delicate flavor.

MRS. TUNISON

When taken in season, muskrat, rabbit, or squirrel is usually less than a year old and the meat is tender. Tender cuts may be cooked by dry heat and less tender cuts by moist heat.

Tender game may be broiled, pan-broiled, or roasted. Braising or pot roasting is recommended for older, less tender game. Spices or a sauce may be added for flavor when braising game.

The same cooking principles may be used for duck, grouse and pheasant as for small game. Game may be substituted for meat and poultry in your favorite recipes.

According to Pennsylvania law, small game may be kept up to and including July 1 of the following year. Game birds and animals may be frozen or canned, following directions for freezing and canning meat and poultry. Use frozen game within four months. Instructions for canning and freezing may be obtained from Agricultural Extension Office, 111 Baltimore St., Gettysburg, Pa.

PLACING HEMLINES

Where to place hemlines in children's garments is a puzzle. Not even persons concerned with children's garments can agree whether hemlines should be above or below the knee, at mid-knee, or mid-thigh.

Skirts that are too long can make a garment less stylish and affect a child's personality. Wearing a garment that isn't becoming may make your child feel ill at ease and shy. Some persons think skirts that are too long make a child look sad, forlorn, dejected, or old for her age. For safety's sake, garments should not be too long. A child may trip on them and fall.

Short skirts allow freedom for activities your child enjoys. Depending on your child's weight, height and flesh distribution, skirts that are too short may not look well on her. When the designer plans the hemline and hem allowance, he considers the various figure types and purpose of the garment.

When you buy or make a garment for your child, allow for growth. A generous hem can be let out as the child grows taller.

CHOOSE TURKEY PARTS

Small families may have turkey without buying a large bird. Turkey parts in light, dark, or a combination of light and dark meat are available in most area stores.

If light meat is your favorite, try a turkey breast, with or without the bone. Drumsticks and thighs will give you dark meat if that is your preference. For a combination of light and dark meat, you can choose a half turkey or boned rolled meat.

Many different size turkeys are on the market. Turkey halves may range from seven to 12 pounds, while the combination dark and light meat rolls may weigh as little as two pounds. Two drumsticks and two thighs account for about 25 per cent of the total weight of a bird. This means that these four parts on a 22-pound bird would weigh five to six pounds.

Cost per serving is similar, whether you buy boned turkey or a bird with bones. Boned rolled turkey costs more per pound, but you get more servings per pound.

Ask Police Guard For Negro Family

HARRISBURG (AP) — Atty. Gen. Walter E. Alessandroni says he has asked state police to maintain a round-the - clock guard over the home of a Negro family in a previously all-white neighborhood in Folcroft, Delaware County.

The home of Horace Baker was the scene of racial violence on Labor Day. Since that time, there have been reports of harassment against the Baker family.

Alessandroni said Thursday the state Justice Department would prosecute anyone connected with such harassment. His statement came in reply to demands by the Fellowship Commission in Philadelphia.

A department spokesman said complaints have been received that eggs and paint have been tossed against the home.

INSULIN CAN BEAT DIABETES IN CHILDREN

Although diabetes is much less common among children than it is among the middle and older age groups, it can prove fatal to youngsters unles it is brought under prompt medical control.

There is no cure yet for diabetes. However, with early detection and proper medical care, children with the condition almost always can continue to lead active and happy lives, according to Dr. Raymond F. Sheely, chairman of the 1963 Diabetes Detection Drive, which is currently being highlighted by Diabetes Week. The Adams County Medical Society is sponsoring the week's observance.

Having diabetes is no real barrier to an otherwise normal childhood and adolescence, provided the boy or girl has a clear understanding of what is involved in the treatment and learns to live with it. This means following a careful diet, exercising properly and taking insulin every day. Almost without exception, children with diabetes must take insulin, whereas some adults can use one of the newer oral compounds.

NO BAR TO CAREER

"The reaction of some people to a child having diabetes can affect a youngster's mental outlook and emotional health," Dr. Sheely warned. "Too much obvious sympathy, for example, can make a child feel sorry for himself or lead him to suppose that he never can be like other boys and girls. This over-protection can handicap him for life."

Both the diabetic child and his parents need to face the issue squarely. Dr. Sheely added: "With modern treatment, the child can live an active and healthful life and grow up to follow almost any career to which he or she is suited."

Although children develop diabetes quickly and in severe forms, according to Dr. Sheely, the condition can occasionally exist, even in the young without the parents being aware of it. It is extremely important, therefore, to test children for it, he added.

Latecomers Lead Cajun Classic

LAFAYETTE, La. (AP) — Two latecomers to the pro golf circuit led the field in the $20,000 Cajun Classic today with six-under-par 66s.

Joe Moresco of Woodmere, N.Y., and Duke Matthews of Eugene, Ore., both had 35-31 cards for the opening round over the 6,555-yard 36-36—72 Oakbourne Country Club course Thursday.

Of the 150 golfers entered, 75 were par or better for the day. Lurking three strokes back of the leader was Jack Nicklaus, ace of the field.

ST. LOUIS HAWKS LOSE TO LAKERS

LOS ANGELES (AP) — Hold Elgin Baylor to eight points and you've got the Los Angeles Lakers in trouble.

Right?

Wrong.

The St. Louis Hawks did it Thursday night and still lost to the Lakers by a dozen points, 111-99. The Hawks also lost the lead in the National Basketball Association's Western Division, dropping a half game behind Los Angeles.

While Baylor was having his problems, Jerry West was having a ball. He scored 35 points and Dick Barnett, making his first start for the Lakers this season, added 20.

No other NBA games were scheduled Thursday.

So far as anyone here could recall, Baylor had never before scored as few as eight points in any NBA game in which he played more than two quarters. Elgin, has been having trouble with his knees.

Injured Trio Okayed For Bullets' Final With Owls Here On Saturday At 1:30

A late medical report has cleared Center Bob Furney, End Mark Snyder and Quarterback Vance Johnston for action Saturday afternoon when Gettysburg College pulls down the curtain on its 1963 season against Temple on Memorial Field. The kickoff is slated for 1:30 o'clock. The game will be televised over WFIL-TV, Philadelphia.

Furney, a native of Gettysburg, was lost to the team back on September 28 when he sustained a knee injury in the Juniata game. Snyder, a former Big 33 high school player and elected co-captain of the Bullets, suffered a knee injury in the Bucknell game on September 21 and has been out of action ever since. Johnston sustained a severe sprain of the right ankle in the ankle in the Muhlenberg clash and has had to sit on the sidelines while Sophomore Jim Ward and Junior Don Enders handled the quarterbacking. All three players have received their medical release to return to action.

WILL SEE ACTION

Pleased with the announcement, Coach Gene Haas said the trio will see action. He stated that Johnston's and Snyder's performance would be limited, but that Furney would be pressed into duty immediately. The return of the three would increase Gettysburg's thin numbers to 29.

Gettysburg's starting lineup against the Owls will include: Ends, Ken Snyder, Harshey, and Barry Gruber, Harrisburg; tackles, Pat Noonan, Washington, D. C., and Irv Strohecker, Trevorton; guards, Ron Brentzel, Irwin, and Roger Casciani, York, and center, John Hilty, Quakertown.

Ward, Gaithersburg, Md., will draw the starting quarterback assignment with Rick Taylor, Camp Hill, at fullback. Dale Boyd, Pennville, N.J., and Phil Parsons, Cherry Hill, N.J., will man the halfback slots.

Despite Gettysburg's domination over the Owls in the last seven years, the Bullets are anticipating a rough afternoon. Coach George Makris has one of his toughest teams ever. The Owls will attempt to throw often, but if this doesn't work, they have a solid and experienced running attack. Halfback Joe Morelli and fullback Paul Malatesta are currently pacing the rushing department. Morelli has gained 368 yards on 90 carries while Malatesta has picked up 340 yards on 71 carries. Morelli has also recorded an additional 84 yards passing on five completions for 20 attempts.

Sophomore Joe Petro hold the lead in passing. He has completed 39 of 95 tosses for 687 yards and four TDs. Junior Mark Lichtenfeld has connected on 34 of 55 aerials for 432 yards. Dave Fecak and Steve Speers are the favorite targets for the Owl passers. Fecak has pulled down 15 tosses for 298 yards while Speers has landed 14 aerials for 197 yards. Petro is the team's top scorer with 54 points while Morelli has registered 36 tallies. Ray Chiumento is third with 27 points. Eighteen of his points have come on six of eight field goals.

OWLS' LINE STRONG

Another item the Bullets cannot afford to over look is the powerful Owl forward wall. Makris' starting line will include: Ends, John Hudak, 5'11", 165, and Speers, 6'1", 212; tackles, Frank Massina, 5'9", 210, and Ron Koehler, 6'1", 236; guards, Elmer Romeis, 5'8", 190, and Joe Cugini, 5'9", 200, and center, Charles Zontanos, 5'10", 210.

Petro, a 6'2", 185-pound product of Allentown, will start at quarterback. Malatesta, Fecak and Morelli will round out the starting backfield.

Gettysburg passers will have one last chance for a fourth school passing record. The Bullets will be aiming for four touchdown tosses to boost the season total to 20 currently held by the 1949 team. Ken Snyder needs two more scoring aerials to knot the record of seven set by Don Emert in 1949.

Temple will come to town with a 5-3-1 record and is sporting a 1-2 MAC university division record. Gettysburg is 5-4 on the season and 2-2 in the conference.

G-BURG TRIES FOR TITLE IN MAC RUN TODAY

The Gettysburg College cross-country team, which finished the regular season with an 11-1 record, will take part in the annual Middle Atlantic Conference championships this afternoon in Philadelphia.

The Bullet harriers, led by Seniors Jim Lombardi and Ed Salmon, rolled up a string of 19 consecutive wins before bowing to powerful Delaware in the last outing of the season. Delaware copped the MAC title a year ago and from all indications is a strong bet to retain the title. Gettysburg finished sixth among 17 school entered, but this year's run will take on a new look. The meet will be divided into two divisions, university, of which Gettysburg is a member, and college.

EXPECTS GOOD SHOWING

Asked if the new split in the meet would give the Bullets a better chance for the title, Coach Hal Glad said, "We will move up a couple of notches, but you have to remember that Delaware has a solid team with good veterans. LaSalle is much stronger this year as is St. Joseph's. I do think we can make a better showing than we have in previous years."

Lombardi is one of the finest runners to come on the scene in a long time. He has lost only three meets in the last two years. During that period he has broken nine opponent's course records and both the Gettysburg school and course record. The Montclair, N.J. native has traveled the four miles in 21:01 for hist best time.

Salmon, Lemoyne, has had to follow Lombardi during the past two years after a sensational Sophomore season in which he copped all but one race. Bob Linders, Haworth, N.J.; Jerry Staub, Springfield, and Dave Bloomer, Phoenixville, have the potential of closing the gap beyond the first two men. Should the come around with Bob Loomis, Lebanon, N.J., and Rodger Malehorn, Philadelphia, the Bullets could be a dark horse.

EDDIE KOONTZ PACED BOLTS' GRID ATTACK

Eddie Koontz, the husky 195-pound fullback of the Littlestown High School football squad, was the top ground gainer and leading scorer for the Thunderbolts during the past season, according to statistics announced today.

Koontz tallied nine touchdowns and in 123 carries picked up a total of 658 yards. He was thrown for a total loss of but 46 yards, giving him a net yardage of 612. The Bolt workhorse also completed 11 of 30 passes for 239 yards and one touchdown. He was on the receiving end of 11 aerials.

Terry Arbogast, quarterback, was second in offense with 60 yards net rushing, 324 on passing in completing 27 of 60 aerials, four of which went for touchdowns. He also booted nine extra points.

Louie Orndorff trailed Koontz in the rushing department with 239 net yards and one touchdown. Terry Orndorff picked up 203 yards and two touchdowns.

Jim Strevig, end, was the leading target for passes, catching 25 for 421 yards and three six-pointers.

Don Bair, accounted for 75 yards rushing in 26 tries, Jim Blocher 21 in six, Greg Smith 10 in three, and Greg Myers five in one.

In compiling a 4-4-1 season the Bolts gained 1,403 yards rushing and 1,061 passing for a total offense of 2,464.

GETS NEW POST

JOHANNESBURG, South Africa (AP)—Dr. Hilgard Muller, South Africa's ambassador in London, has been named to succeed Eric Louw as foreign minister.

Louw, 73, is retiring at the end of the year because of his age. Muller, 49, will be sworn in Jan. 9.

Army Physical Set For Clay

NEW YORK (AP) — Cassius Clay probably won't have to take his Army physical examination until the end of December, according to Selective Service headquarters.

The one-time laughing boy of boxing, who now appears glum at times, has obtained a draft transfer from Louisville to New York. Selective Service officials said Thursday his transfer papers have not yet arrived so no date for his exam can be set.

There seems little doubt that Clay will be able to go through his heavyweight title fight with champion Sonny Liston in February. No date or site has been announced yet.

OLD IRONSIDES ONE PRIZE FOR PITT AND PSU

PITTSBURGH (AP) — Old Ironsides is the forgotten prize of Saturdays football battle between arch rivals Pitt and Penn State.

Talk of bowl and prestige overshadow the three-sided hunk of steel representing the Little Brown Jug of the Pitt-Penn State-West Virginia round robin.

But it too will be at stake.

Both the fifth ranked Panthers and the Nittany Lions have beaten West Virginia, to set the stage for the Ironsides playoff.

HEAVIEST TROPHY

The triangular trophy, described as the heaviest piece of victory hardware in the nation, is a gimmick of the Pittsburgh Junior Chambers of Commerce dating back to 1952.

It is 200 pounds of stainless steel with three sides, one for each team.

The design was prompted by the fact that three teams in a iron and steel region take part in the rivalry.

Besides sewing up a bowl bid, the powerful Panthers will be trying to win Old Ironsides for the first time since their Sugar Bowl team of 1955.

LIONS LEAD SERIES

The battle will be the 63rd meeting between the two schools. The Lions hold the edge 33-26 with four games ending in ties, but the Panthers are the definite favorites.

State coach Rip Engle is the first to agree.

"They've got depth, speed, size and experience," he said. "They have the speed to kill you outside and the power to run over you inside. Paul Martha, Fred Mazurek and Rick Leeson are as fine a trio of backs as I've seen."

PITT'S RECORD BETTER

Against common opponents, Pitt is 4-0, Penn State 2-2. State lost 9-0 to Syracuse and 10-7 to Army. Pitt beat Syracuse 35-27 and Army 28-0.

Meanwhile, injuries continue to cripple the Lions. Fullback Ed Stuckrath was placed on the doubtful list Thursday after reinjuring a knee in practice. The Lions have been without a front line of tackles for two weeks and prospects for Saturday are dim.

Tackles Harrison Rosdahl and Terry Monaghan will definitely be on the sidelines. And there still is doubt about Gary Eberle. Also nursing wounds are tackles Joe Bellas and John Deibert.

LOST GAME FOR 10

Despite the odds Engle promised that his team will be out there giving it a go.

"They love to play football and they might as well be playing against the best," he said. "That's how to get the best experience and a lot of them will be back next year."

Ten of the Lions, including quarterback Pete Liske and halfback Junior Powell, will be bringing down the curtain on their Penn State careers, unless a bowl bid is forthcoming.

Both teams have been mentioned prominently, but the Nittany Lions themselves don't take the gesture seriously.

Pitt, with its 7-1 record, is being mentioned by the Cotton, Orange, Sugar and Gator bowls.

The cotton and gator bowl committees also have listed Penn State, 7-2, as a possibility.

Freshman Dies Of Heart Attack

PITTSBURGH (AP) — The Allegheny County coroner's office reported today that a Pittsburgh area basketball player suffered a fatal heart failure during a practice game Thursday night.

John D. Dzikowski, 13, of suburban Snowden Twp., a freshman at Canevin High School, collapsed while practicing and was dead on arrival at Allegheny General Hospital.

An autopsy was conducted and the coroner's office said cause of death was heart failure.

Win Over Giants Is "Must" For Cardinals; Bears Will Face Up To Potent Steelers

By TED MEIER

You can't score if you don't have the ball. The coaches call it ball control.

And that's the way the St. Louis Cardinals plan to play against the New York Giants Sunday in what shape up as the top pro football game of the day. A full slate of 11 games is on tap with every team in both the National and American Leagues in action.

Just as a week ago when they upset the Cleveland Browns, a victory over the Giants is a MUST for the Cardinals to stay in contention for the Eastern Conference NFL title. In fact, a St. Louis victory could very well create a three-way tie between the Giants, the Cardinals and the Browns.

BALTIMORE AT LA

The Chicago Bears, who gained undisputed possession of first place in the Western Conference by beating Green Bay last Sunday, tangle with the dangerous Steelers at Pittsburgh in another potent NFL struggle. In the others Dallas is at Cleveland, Baltimore at Los Angeles, Detroit at Minnesota, Washington at Philadelphia and Green Bay takes on San Francisco at Milwaukee.

In the American League Houston is at San Diego in a battle of divisional leaders, Oakland is at Denver, Buffalo is at Boston and Kansas City at New York in a Polo Grounds setto in direct conflict with the NFL clash between the Cardinals and Giants just a hop, skip and jump away at Yankee Stadium.

The Giants whipped the Cardinals 38-21 earlier this month in St. Louis as part of their five-game winning-streak.

TRIPLE TIE POSSIBLE

A St. Louis victory, coupled with a Cleveland triumph, would create the triple tie between the Cards, Giants and Browns Each would have an 8-3 record.

Pittsburgh, 6-3-1, still has title hopes and if the Steelers upset the Bears a St. Louis victory would really snarl the Eastern Conference standings. Not only that, but a Pittsburgh victory, coupled with a Green Bay triumph, again would tie the Bears and Packers for first in the West.

Fullback Rick Casares is lost to the Bears, but the current edition of the old Monsters of the Midway still are expected to beat the Steelers now that their first conference title in seven years is within their grasp. Injured quarterback Bart Starr may play for Green Bay for the first time in five games while Jimmy Brown of Cleveland can set and NFL season rushing mark by getting 81 yards against Dallas He now has 1,447 yards and he set the record of 1,527 five years ago.

The Houston at San Diego fray is the top game in the AFL and it is being billed as a preview of the championship battle in December between the divisional title winners. The Oilers lead the Eastern Division with a 6-4 mark while the Chargers, 8-2, head the Western Division.

With the loser facing elimination, the Buffalo at Boston game is of No. 2 importance in the AFL. The teams now are tied at 5-5-1 for the runner-up spot behind Houston in the East. The Bills pulled out a 28-21 over the Patriots in their first meeting this season.

The New York Jets, still with a faint hope at 4-5-1, expect to stay in the running by beating Kansas City. The Chiefs, last year's AFL champions, have only a tie to show in their last six games.

Prime Minister Is Upset In Scotland

DUNDEE, Scotland (AP) — Harold Wilson's Labor party handed Prime Minister Sir Alec Douglas-Home's Conservatives another election defeat in Sir Alec's Scottish homeland today.

The prime minister's personal prestige was directly involved in the voting to fill West Dundee's seat in the House of Commons. He made a television appeal for the Conservative candidate.

Laborite Peter Doig took 22,449 votes to 17,494 for the Conservative, Dr. Robert Taylor.

100,000 Bankers Strike In Italy

ROME (AP) — Services in commercial and savings banks throughout Italy were disrupted today by a strike of more than 100,000 tellers, clerks and other employes.

Pro-Communist and non-Communist unions ordered the 24-hour walkout to support demands for a cost-of-living bonus.

The unions demand an annual bonus equal to 125 per cent of monthly pay, but not less than $224, to meet rising living costs.

The ancient Egyptian temple of Kalabsha, near Aswan, bears an inscription of about A.D. 249 sternly ordering herders to keep pigs out of the holy place.

MOUNT CAGERS WILL PLAY IN YORK BENEFIT

Susquehanna University's basketball team will participate for the third consecutive year in the annual "Sports Night" program at York.

"Sports Night" is sponsored each year by the Sertoma Club of York, which donates the proceeds to charity. This year's program is scheduled for Saturday, Dec. 7, in the Central High School gymnasium, with proceeds to be used to purchase and install a swimming pool at Camp Pennwood, a day camp for retarded children. The featured event will be a basketball game between Susquehanna University and Mt. St. Mary's College of Emmitsburg.

GAME AT 9

The basketball game will begin about 9 p.m. and will be preceded by weightlifting by members of the York Barbell Club and college wrestling exhibitions, and a posing exhibition by Vern Weaver, Mr. America of 1963, starting at 7:30 p.m.

Both Mt. St. Mary's and Susquehanna have had outstanding small-college basketball teams during the past several seasons. Susquehanna had a 15-5 record during the 1961-62 season and a 20-4 log last winter. Mt. St. Mary's slipped to 13-12 last year, but won the championship of the Mason-Dixon conference. In 1962, Mt. St. Mary's had a 24-6 record and won the NCAA's national small-college tournament.

Susquehanna defeated Catholic University 84-70 during last year's "Sports Night" and lost to Gettysburg 70-60 in 1961.

PICK THOMAS OVER PERSOL

NEW YORK (AP)—Chicago's Allen Thomas is a 4-1 favorite to spoil Johnny Persol's hopes of making a storybook debut as a winning substitute at Madison Suare Garden tonight.

The 22-year-old light heavyweight contender figures to have too much punch and experience for the unbeaten Brooklyn shipping clerk in the television 10-rounder.

Persol was signed hurriedly Wednesday to sub for Mauro Mina, the Peruvian challenger who was barred from fighting Thomas because he had undergone an operation for a detached retina of the left eye.

Unbeaten in 85 bouts as an amateur, Persol turned pro this year and has a 9-0 record, including three knockouts. He received $50 for his first pro fight but Friday night he will earn $4,000 for the TV shot and get a crack at a ranking fighter.

Thomas, also 22, is the No. 9 contender. He has a 19-2-1 record, including 11 knockouts. The Chicagoan is under the tutelage of Archie Moore, former light heavyweight champion.

Starting time for the ABC-TV fight is 10 p.m., EST.

Scoring will be by the rounds system.

$75,000 RACE AT PIMLICO

By ORLO ROBERTSON
Associated Press Sports Writer

The 1963 northern thoroughbred racing season is in its waning days but there's still plenty of money around for the horses Saturday with the $75,000 added Pimlico Futurity the richest attraction.

The 1 1-16 miles of the Futurity figures to attract 14 2-year-olds and if that many start it'll be worth $176,250 with $110,012 going to the winner. The second richest race on the agenda is the two miles of the $50,000-added Display Handicap at Aueduct.

Best known of the probable Pimlico Futurity field are Mrs. Marion R. Frankel's Bupers, Reginald Webster's Traffic and John W. Hanes' Breakspear. Bupers won the Futurity at Aueduct, Traffic the Hopeful at Saratoga and Breakspear finished first in the Futurity Trial at Pimlico Monday only to be disualified and placed fourth for interference.

Other probable starters include Even Exchange, a stablemate of Traffic who will start only if there is an off track; Murad, Nenemoosha, Phantom Shot, Quadrangle, Ramant, Roman Column, Sub Commander and the entry of Bleacherite and Orientalist. All will carry 122 pounds.

Paul Bongarzone's front-running Dean Carl packs top weight of 121 pounds in the Display and is the probable choice.

A half-dozen conference titles and trips to the Rose and Orange Bowls go on the line Saturday while a score of tradition-hallowed games spice the next to last big college football weekend of the season.

The key games pit Illinois at Michigan State and Oklahoma at Nebraska. All four teams hold national rankings and the winner of each gains a major bowl berth.

Still another bowl spot, the host role in the Rose Bowl, could be settled in the fight between Big Six leader Washington and Washington State, one of the many traditional games that defy the form sheets.

MOST HALLOWED

Probably the most hallowed of all is the 80th clash of Yale and Harvard, this time at New Haven, Conn. Harvard has a slim chance to gain the Ivy title, but—following league rules—will not be eligible for bowl bids.

Among the others, Arizona can clinch the Western Athletic Conference title by beating New Mexico while Duke and North Carolina tangle at Durham, N.C., with a chance to clinch a share of the Atlantic Coast Conference title.

Several of the big ones hold off for a week before their traditional wind-up games. Top-ranked Texas, the only remaining unbeaten, untied team and already certain of the host spot in the Cotton Bowl closes against old foe Texas A&M Thanksgiving Day.

BIG ONE NOV. 30

Second-ranked Navy, a prime bowl contender closes its regular season at Philadelphia Nov 30, shooting for its fifth straight triumph over Army Mississippi, No. 3 nationally, waits until Nov. 30 to close out against Mississippi State while Alabama, No. 6, plays Auburn the same day.

Auburn, ranked ninth on a 7-1 record, goes against Florida State Saturday, and fifth-ranked Pitt visits old rival Penn State

Mississippi is a top candidate for the Southeastern Conference title and a shot at either the Sugar or Orange Bowls. Navy Pitt, Alabama and Auburn all are prime bowl contenders.

FEATURED ATTRACTIONS

The Michigan State - Illinois and Oklahoma Nebraska games remain the featured Saturday attractions.

Michigan State and Illinois are ranked fourth and eighth, respectively, in the nation, each with a 6-1-1 record. Each has an explosive ground game and a grudging defense. Either could win the Big Ten title and the Rose Bowl trip with a victory, while Michigan State and pick up all the marbles on a tie. Michigan State is 4-0-1 in the league, Illinois 4-1-1.

Oklahoma is No. 6 at 7-1 and Nebraska No. 10 at 8-1. The winner automatically goes to the Orange Bowl. It's the wind-up for Nebraska, while Oklahoma has yet to face oft-beaten Oklahoma State.

TOUGH OPPONENTS

Pitt is No 5 at 7-1 but has two tough opponents en route to a major bowl berth The Panthers have a major foe in Penn State, 7-2, Saturday, then close against dangerous Miami, Fla.

The host spot in the Rose Bowl depends on two games Washington - Washington State and Southern California-UCLA Should favored Washington win, the Huskies would have the best record, 4-1, but a loss could toss the Big Six into a jumble. UCLA and Southern Cal each are 2-1 going in.

The television fare is split by regions, with Harvard-Yale to be shown in the East. The South will see Clemson vs. South Carolina while the rest of the nation gets Wisconsin-Minnesota.

All are on CBS.

Attendance Up But Club Loses Money

SYRACUSE, N. Y. (AP)—The Syracuse Chiefs, Northern Division champions of the International Baseball League, lost $14,661 last year despite the largest home attendance in the last three years, the club reported Thursday night.

Frank Barry, chairman of the board of the community-owned club, told the annual meeting of stockholders that 1963 home attendance totaled 165,611, an increase of 62,000 over 1962.

HOUSTON (AP)—Ten teams are under consideration for the Dec. 21 Bluebonnet Bowl.

Lou Hassell, executive director, listed the teams Thursday as Oklahoma, Nebraska, Louisiana State, Auburn, Georgia Tech, Navy, Baylor, Memphis State, Mississippi State and Pittsburgh.

KANSAS CITY (AP) — Chris Burford, split end of the Kansas City Chiefs, may miss Sunday's game with the Jets at New York because of a kidney stone, the club reported Thursday.

Bermudian Expects Better Basketball Season With Six Lettermen On Squad

Bermudian Springs High School has high hopes for a successful basketball campaign with half a dozen Senior letter winners around whom Coach Glenn Gruver is building his squad.

Last year the Eagles were 8-14 overall and 7-11 in the Adams-Franklin League.

Coach Gruver expects to have a better balanced team with more depth. Only Emory Golden and Sam Bricker were lost from last year's squad by graduation.

The returning lettermen include Joe Wolf 6-2, Warren Weaver 6-0, Ed Rodrock 6-0, Jim Eshleman 5-11, Don Shellehamer 5-5 and Jim Harbold 5-7.

Completing the varsity squad are: Senior, Bob Baker 6-2; Juniors, Dudley Wolf 5-11, Ed Cramer 5-7, Larry Herren 5-6, Grafton Wagner 5-11 and Jim Eisenhart 5-11.

JAYVEE SQUAD

The junior varsity, being coached for the first time by Tom Shreiner, has 17 candidates. They include Parker Lerew, Tom Myers, Lynn Hoover, Glenn Sauble, Keith Baker, Steve Eisenhart, Mike Mummert, Barry Boyer, Wayne Smith, Tom Harbold, Mike Hertz, Matt Townsend, Ronald Lehman, Ken Miller, Paul Guise, Philip Aldinger and Bob Lancaster.

Bermudian will open its 22-game schedule, including 16 A-F games, next Friday evening when it meets Northern of Dillsburg on the Eagles' floor.

BEARS, GIANTS PICKED TO WIN NFL CONTESTS

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Pittsburgh and St. Louis can throw the National Football League into a wild scramble that could result in playoffs in both divisions if they can upset the Chicago Bears and New York Giants Sunday.

The Steelers, having upended Cleveland two weeks ago, barely sneaked past Washington last week while the Bears were beating Green Bay for the second time.

Chicago, leading the Western Conference by one game, must whip the Steelers at Pittsburgh because the Packers figure to take it out on the weak San Francisco 49ers at Milwaukee.

STEELERS NEED WIN

The Steelers still are on the fringe of Eastern Conference race. They need a win to stay alive. If they upset the Bears, if St. Louis defeats the Giants and if Cleveland wins as expected over Dallas, there will be triple tie in the East. Pittsburgh then would be only one-half game back.

With four weeks to go the old batting average is 49-20-1 in the NFL, 13-16-3 in the AFL for an over-all 67-34-4. Here we go again (all games Sunday unless otherwise noted):

NFL

Chicago 21, Pittsburgh 17 — Not even John Henry Johnson and Ed Brown in a mood for revenge can crack the Bear defense.

New York 31 St. Louis 21—Y. A. Tittle threw four TD passes against the Cards in a 38-21 victory Nov. 3. Loss of Dick Lynch may open Sonny Randle for Charley Johnson's pitches but Card passer will get the big rush again.

Cleveland 28 Dallas 21—The Browns rolled it up on the Cowboys earlier 41-24 and last home game could be reason to turn Jimmy Brown loose again.

EASY FOR PACKERS

Green Bay 35 San Francisco 7—And how would you like to be playing the Packers this week? 49ers showed nothing against Giants

Washington 27, Philadelphia 21—Norm Snead-Bobby Mitchell battery clicking again but defense still shaky. Sonny Jurgensen's return could be decisive

Minnesota 24 Detroit 21—Despite 28-21 Lion victory in October, injuries have hit Detroit defense again with Night Train Lane doubtful.

COLTS SHOULD WIN

Baltimore 20 Los Angeles 14—California trips usually result in letdown by Colts but a shaky vote for Baltimore and Johnny Unitas over Roman Gabriel, mostly on Colts' pass defense.

Green Bay 31, Detroit 14 (Thanksgiving Day) — Hardly a man is still alive who doesn't remember last year's game when Lions did Packers in 26-14. Packers won first game in September 31-10 when Detroit was healthy. A national TV audience will be watching and Vince Lombardi is a man who never forgets.

AFL

San Diego 24 Houston 7—This could be preview of Dec. 22 title game. Chargers home after three-game winning road trip

Oakland 21, Denver 17—Raiders continue to surprise by staying on heels of San Diego, two back with four to go.

Boston 27, Buffalo 21 — Two teams are tied for second, a half game back of Houston. Although Bills won 28-21 Oct. 26 Boston should pull it out at home.

New York 28, Kansas City 21—Both teams have been struggling but Jets are about due to win one at home.

Kansas City 28, Denver 21 (Thanksgiving Day) — If Chiefs are going to do any business in rest of season at home they had better stop those gaps in Broncos' pass defense.

TAIPEI, Formosa (AP) — Nationalist China reported today its commandos staged two raids on Communist-held Nanjih Island Tuesday, killed 10 Red soldiers and captured five others.

All commandos returned safely to their base, the Nationalist government reported.

AERIAL FIGHT AT THE STADIUM

NEW YORK (AP) — There won't be a trapeze set up in Yankee Stadium Sunday but you can bet the New York Giants and St. Louis Cardinals will hold an aerial circus anyway.

New York's Y. A. Tittle and St. Louis' Charley Johnson figure to do plenty of pitching as the Cards challenge New York's one-game lead in the National Football League's Eastern Division.

The Giants, shooting for their sixth straight victory, can all but end St. Louis' hopes with a victory. That would drop the Cards two lengths back with only three games to go.

But New York will be facing a hot hand in Johnson, who is riding a string of 10 straight completions. Those came against the Cleveland Browns a week ago as St. Louis beat Cleveland for the first time in nine years, 20-14.

Tittle, the NFL's leading passer, picked St. Louis' secondary apart the first time these two clubs met. Yat fired four TD passes as New York romped 38-21. But New York Coach Allie Sherman thinks the Cards will be a lot tougher this time around.

St. Louis will be in better shape physically for Sunday's clash. New York's doubtful starters include Dick Lynch, defensive safety out with a head injury and Alex Webster, whose left knee makes him a question mark. Dick Pesonen will fill in for Lynch and Joe Morrison who gained 98 yards against San Francisco last week, inherits Webster's fullback spot.

Sermon For The Week

"RICH FOOLS"
Luke 12:15
By REV. OTTO KROEGER
Pastor, Zion Lutheran Church Fairfield

Everyone seems to agree with the Scriptural quote that "man does not live by bread alone" but it appears that our daily living cuts across this passage completely and in reality possessions are very important to all of us. On the one hand we give mental assent to the idea of life being more than just worldly possessions but on the other hand money and the things money buys become some of life's strongest motivating forces.

Christ told a parable about a man who found it quite easy to grow grain, in fact so easy that he had to tear down his barns and build bigger ones in order to make room for the abundance. He spent all of his life working hard so that some day he would have a reserve and then could "take it easy." However, the one think he had not considered was an early death . . . and so it happened to the man only to have his life end in waste and his efforts end in futility.

NEGLECT GOD

Perhaps one of the real tragedies of our time is our concern in building more "storage space" so that someday we'll have something. There are those who are too tired or too busy working hard to have even a few moments for Christ. And they are working hard too, there is no disputing this, but so was the Rich Fool! One day they will stand before the same judgment throne and will have to turn in an account of their stewardship.

Also numbered in this group are those who neglect the more personal relationship of life while they are busy working. One finds in this group the busy ministers, doctors, lawyers, community leaders, as well as the working mothers who in the name of service completely neglect their families. Often parents think a fine family will just develop without giving to it the ingredients of love, attention, time, concern and the many other things that money will not buy.

In this particular passage of Luke, Christ has promised his followers the Kingdom of Heaven but to the modern American this seems so intangible that we prefer the possessions of the world that we can touch, feel, and claim to be ours. Sadly enough Satan has led us to the mountain peak and promised us the world and its glories and vanities mean more than the Kingdom of God. Tragic indeed when man takes the possessions of the world which God has given him to use, and makes these things his whole life, claiming ownership and storing them selfishly. Bruce Barton has pointedly illustrated the whole concept of possessions for us in his story of the two seas. One has stagnant water in it and is utterly useless because it only takes in water from its feeding tributaries and never gives any water away. This is the Dead Sea. The other is rich with blue water and feeds all the land that surrounds it and is a very useful sea to all who live near it. It takes water from its surroundings and it gives off water continually. This is the Sea of Galilee. To take and never give only makes us a Rich Fool. "Take heed and beware of all covetousness, for a man's life does not consist in the abundance of his possessions." Amen.

the Secret of THANKSGIVING

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Does the "horn of plenty" make us thankful?

We do not become thankful by our abundance. The spoiled child lavished with gifts is not thankful.

It is not the horn of plenty, but the bigness of our heart that makes us thankful. The blessings God gives are infinite, but we must have the capacity to receive. Like a child who carries a bucket of water from the sea, we can only carry as many blessings as our heart will hold.

The capacity to receive comes through worship and prayer. We go into the presence of God and think deeply about our life. Understanding is awakened. With new eyes, we see our blessings and are grateful. We kneel poor, and rise rich.

Thanksgiving Day brings us a special opportunity for worship and prayer. Isn't this why we want to be in Church with our family? Here we discover the secret of thanksgiving.

BOYLE'S Grab Bag

NEW YORK (AP)—Now and then a fellow ought to rear back and take a long steady look at how he earns his living—and what his work means to him.

It came as something of a shock to me the other day to realize I had been writing a daily newspaper column for 20 years, which made me feel something like a dinosaur at the typewriter

I had to admit also to a feeling of humility. During those two decades I had composed more than 5,000 immortal messages to mankind, and what had they achieved? Very little, I must confess.

LACKED HELP

The world still seems embroiled in a great big mess, but I can't see that this is altogether my fault. No man can make a better world single - handed, and I don't feel I've had enough help on the job.

And besides I'm not through. Give me another 20 years, and I may be able to save civilization yet — the modest goal of every columnist, in one way or another.

The life of a columnist is hardly what some romantic members of the public think it to be. In this beatific vision, the columnist dwells in a penthouse, rides to work in a chauffeur - driven limousine, spends his afternoons giving advice by long distance to President Kennedy and Premier Khrushchev, and his evenings in the glamorous company of movie and society queens.

INACCURATE DESCRIPTION

It hasn't quite worked out that way with me. My chauffeur is a bus driver. I live in a four-room, well-appointed tenement apartment. film dolls rarely invite me out to supper, and sometimes days and days go by without either Kennedy or Khrushchev asking me for help

No wonder the world's in such a pickle. I haven't been given the tools to do the job.

Some more personal notes on the columnist's trade:

It enlarges the soul, but wrinkles the brain.

There are those who believe that writing a column is an easy racket, but Don Marquis said it best long ago when he described this peculiar form of industry as "digging a daily grave."

Nine out of 10 column readers firmly believe that, given the same opportunity, they could do a better job. And any columnist, if he is honest must wonder if perhaps six of them aren't right.

REAL REWARDS

What is the real reward of columning? It is that old cliche of the newspaper world—"You meet such interesting people."

People make up a columnist's universe, and they are endlessly exciting—the schemers and dreamers, the oddballs and the geniuses, the rut-contented and path plowers. And there is no danger of running out of fresh material, as more people are born every day

There is one other reward. A columnist is free, in Horace Greeley's phrase to seek "the bright sunbeam of truth."

What more could a fellow want?

Fines Assessed For Price Fixing

NEW YORK (AP)—The Baldwin-Lima - Hamilton Corp., a Philadelphia Steel firm, and two executives of Pittsburgh Steel Foundries Co., Inc., have been fined following pleas of no contest to price fixing charges.

Baldwin- Lima - Hamilton was fined $90,000 after pleading no contest to the charges of fixing prices in the manufacture of wrought steel wheels and other materials.

Thomas F. Dorsey, president of Pittsburgh, was fined $10,000, and Clyde L. Hassell, vice president, was fined $1,500. Pittsburgh Steel Foundries is owned by Textron, Inc. of Rhode Island.

Baldwin-Lima - Hamilton was indicted in April with six other steel firms, including United States Steel Corp. of Pittsburgh and Bethlehem Steel Co. of Bethlehem, Pa., on charges of fixing prices.

More Free Time For Candidates In '64

NEW YORK (AP) — The Columbia Broadcasting System has offered free prime time for debates between the major parties' presidential and vice presidential candidates next year.

Frank Stanton, CBS president, announced Thursday night the offer was made in letters toithe Democratic and Republican chairman.

During the 1960 campaign, only the presidential candidates appeared.

HARRISBURG (AP)—A Frackville man, Paul Kerrigan, is holder of the first anthracite strip mining permit approved by the newly-created land restoration board.

The board was established by the Scranton administration's anthracite law passed by the 1963 General Assembly.

RR SCHEDULES HOUSEKEEPING

PHILADELPHIA (AP)—The Pennsylvania Railroad will do some housekeeping starting Dec. 1. in a giant cleanup effort throughout its 13-state area.

The program—"Operation Beaver"—was announced Thursday by board chariman Stuart T. Saunders, after meeting with other PRR officials and representatives of public utility commissions of five states.

Joseph Sharfsin, chairman of the Pennsylvania Public Utility Commission, recently criticized the railroad about its cleanliness

Saunders said the effort will be aimed at passenger and freight stations, passenger trains, shops, offices and employe quarters. Special attention will be given to the cleaning of wash rooms and waiting rooms, Saunders said.

In Harrisburg Sharfsin said:

"It is with extreme pleasure and satisfaction that I have learned of the Pennsylvania Railroad's extensive plans to clean up its trains and station facilities, particularly for passengers."

Two Are Killed In Runaway Power Car

COLORADO SPRINGS, Colo. (AP) — A runaway power car hurtled off the famous Pike's Peak cog railway Thursday, carrying two workers to death.

Four companions leaped to safety when the brakes failed and the car started its uncontrolled descent down the 14,110-foot mountain.

Robert L. Rathburn, 51, Colorado Springs, and Raymond W. Claus, 39, Manitou Springs, died when the car left the rails on a curve, slashed through a power pole and crashed into an embankment.

The workers had boarded the car after routine maintenance work on a parallel electric line.

ACCUSES U.S. TRIES TO MAKE CONVOY RULES

By PRESTON GROVER
Associated Press Staff Writer

MOSCOW (AP) — The Soviet Union accused the United States today of trying to make the rules for Soviet policing of Western convoy traffic on the Berlin autobahn. The Russians warned they would not permit this.

A Russian note to the U. S. government rejected an American protest over the stalling of a U.S. Army convoy for 42 hours Nov. 4-5 because the Americans refused to dismount from their vehicles and be counted.

RENEW THREATS

The Soviet reply renewed the threat of more interference with Allied troop convoys on the 110-mile lifeline highway between West Berlin and West Germany. The Allies insist they have the right to move on the autobahn as they like.

The Kremlin note said: "The claims of the American authorities to establish at their discretion the range of duties and manner of action of Soviet representatives at the checkpoint in checking American servicemen are in general absolutely untenable."

Since Oct. 10 the Russians have held up three American convoys and one British convoy at Soviet checkpoints on the autobahn because the convoy commanders refused to allow their men to be counted.

REFUSE TO DISMOUNT

The Western Allies said their long-established procedure was to permit their troops to dismount for a Soviet headcount only if more than 30 men were aboard, not counting drivers and co-drivers.

The Western Powers seplied out this procedure to the Soviet Union Oct. 29.

During the six-week period since Oct. 10, a number of other allied convoys with less than 30 passengers have made the autobahn trip with interference.

The Russian note warned that "the entire responsibility for possible undesirable consequences of the violation by American servicemen of control procedure at Soviet checkpoints will rest entirely with the American side."

The U.S. protest note was delivered Nov. 6.

SUFFOCATES SON THEN ENDS LIFE

NEW YORK (AP) — A police entry of "homicide - suicide" was the tragic epitaph of a devoted mother and her retarded son.

The world in which Mrs. Rose Cohen had lived since 1926, when her son Israel was born, began to cave in last Wednesday when her husband, Benjamin, became seriously ill.

He was taken to a hospital for tests to determine if his illness is cancer.

Within hours after he was taken away, police said, Mrs. Cohen suffocated her son with a plastic bag then killed herself with sleeping pills.

A married daughter found the bodies of mother and son locked in an embrace in their Bronx apartment Thursday.

The father was not immediately told of the tragedy.

Entomologist Sues For Polio Damage

PORTLAND, Ore. (AP) —Dr. Paul O. Ritcher, 53, head of the entomology department at Oregon State University, filed a $1-million damage suit Thursday against a manufacturer and a distributor of Sabin oral vaccine, type III.

Ritcher contends in the suit that taking the vaccine caused him to contract polio.

The suit names Charles Pfizer & Co. as manufacturer of the vaccine. Northwest Drug Co., a Washington state firm, was named distributor.

Ritcher said he took the vaccine orally at Corvallis, Ore., June 7, 1962.

Try New Test For A Nuclear Fleet

LONDON (AP) — Six NATO nations have agreed in principle to launch a unique test—probably next year—that could overcome a major hurdle for President Kennedy's plan for an international nuclear fleet.

Diplomats said Thursday the six agreed to man an American warship jointly to test feasibility of the proposed Multilateral Nuclear Force.

U.S. officials offered the warship last month apparently to lessen European doubts about the practicability of the mixed-nationality fleet. They said the six nations willing to participate are Belgium, Britain, West Germany, Greece, Italy and Turkey.

BUDDY PARKER GETS PRIVACY FOR DRILLS

By LOU PRATO

PITTSBURGH (AP)—Judging by his actions you would think Coach Buddy Parker of the Pittsburgh Steelers has devised some trickery to spring on the Chicago Bears at Forbes Field Sunday.

But by his words, he apparently doesn't think it will do him any good.

In a secret maneuver Thursday Parker shifted his team's practice session from their regular site at wide open South Park to the private confines of Forbes Field.

RACES AT STAKE

"I just wanted more privacy," Parker said "I do this now and then when I think the opposing coach has too many spies around Besides, what George (Halas) doesn't know doesn't hurt him."

Sunday's game could affect both division races.

A Pittsburgh defeat would eliminate the fourth-place Steelers from contention in the east With a 6-3-1 record compared to first place New York's 8-2 mark they are, at best, a long shot title hopeful.

A Steeler victory combined with an expected Packers' win over San Francisco would drop the Bears, now 9-1 into a first place Western Division tie with Green Bay

WESTINGHOUSE STRIKES GO ON

PITTSBURGH (AP)—Strikes continued today at Westinghouse Electric Corp plants at Cheswick and Vanport, Beaver County, as the result of the rejection of new contract offers.

AFL-CIO International Brotherhood of Electrical Workers locals 1914 representing about 1,300 workers at Vanport, and 201, representing 519 workers at Cheswick, rejected the offers Thursday night

The chief issue blocking settlement is the application of total company job seniority to the two plants.

The two plants are among six being struck. The IBEW bargains locally at all six.

ADVERTISE IN THE TIMES

Garner Marks 95th Birthday Today

UVALDE, Tex. (AP)—Birthdays can still be exciting even to a man of 95, says former Vice President John Nance Garner.

"All these packages and cards make my old heart go pit-typat," confessed the white-haired Texan who spent 30 years in Congress and eight more as vice president before quitting politics 23 years ago.

Now, still rather active but with eyesight dimming he lives quietly in a little house beside the home Garner donated for a museum here some years back.

Word came in advance that President Kennedy, a fellow Democrat visiting elsewhere in the state, would telephone Garner congratulations during today's birthday observance.

STATE RENEWS DRIVER EXAMS

HARRISBURG (AP) — The Scranton administration says it has resumed physical re-examination of all drivers licensed before April 1924.

The program originated by former Gov. David L. Lawrence, was scrapped last March by Gov. Scranton.

Revenue Secretary Theodore B. Smith Jr., speaking Thursday before a day-long meeting of the Governor's Conference on Traffic Safety made the surprise announcement that the program had been resumed.

He said after a re-evaluation his department found the program a valuable tool in the field of traffic safety.

The secretary added that no public announcement was made at the time because "we don't feel we have to publicize everything we do."

Smith said eventually all drivers will be required to undergo physical re-examination every 10 years. the goal set by the Lawrence administration.

Gov. Scranton and Traffic Safety Commissioner Harry H. Brainerd also spoke.

man of the constitution, presented a new constitution which was adopted by the organization and which changes the group's name to the Lutheran Church Women of St. James Lutheran Church of Gettysburg. Mrs. C. C. Culp and Miss Irene Day were other members of the constitution committee.

The devotional period was in charge of Miss Margaret Howard, a member of the Phoebe Circle. Mrs. Mary Fridinger and Mrs. Ralph Forry received the offering. A women's chorus under the direction of Mrs. Luther I. Sachs presented several numbers.

The women moved from the dining room to the church sanctuary to hear Dr. Frank C Laubach speak and then returned to the dining room for re-assignment of circle members and for a fellowship hour

Mrs. Waybright appointed the following auditing committee: Mrs. Prosser, Mrs. Mervin Murray and Mrs. Forry.

She asked anyone interested in further information about Dr. Laubach's world literacy work to write to Laubach Literacy Fund, Inc., Box 131, Syracuse 10, N. Y.

Mrs. Richard C. Lighter, Christian action chairman this year, gave a resume of work done by the circles in 1963.

Hostesses were members of the Esther Circle and Priscilla Circles. Mrs. Lighter and Mrs. Sadie Almoney, Priscilla Circle leader, presided at the refreshment table, where the centerpiece was an antique coal oil lamp and sugar bucket from which spilled corn, gourds, fruit and bittersweet.

Scots Are

(Continued From Page 1)

the same time 130 young people from those countries came here. The program itself is about 15 years old, with IFYE delegates traveling back and forth each year to reside with families in the countries they are scheduled to visit.

As it worked out this year, while Miss Lott was in Scotland her "exchange" from Scotland, Miss Ellen Young, was visiting in Maryland. The people with whom she stayed brought her to see the Gettysburg Battlefield and Miss Lott's parents, and she stayed four days at the Lott farm. Before arriving home last week, Miss Lott had the opportunity to visit with Miss Young and while in Scotland had visited with Miss Young's family.

She found in Scotland that the "barrians," the "lunes" and the "quines" were much like their American counterparts — called here "children," "boys" and "girls."

LOTS TO LEARN

She was somewhat startled when some Scots scaled milk and then put instant coffee in the hot milk — but she found it delicious.

And she learned before too long that in Scotland the people are Scotsmen — and never, never Scotchmen. She also learned that the deepest of insults is to call a Scotsman an Englishman.

Eating in Scotland is an international experience. The Scots produce only half the food they need and they import the other half. Thus the food purchases at the store might include something from practically every country in the world.

The Scottish climate — cool and damp with little sunshine, militates against fruit growing, and so most fruit comes from other countries — peaches from Spain, plums from France and apples from as far away as New Zealand.

"MORE RELAXED"

The damp climate produces frequent "drizzles" but seldom heavy rains as Adams County knows. But the frequent light showers produce "magnificent pastures" and as a result a great many cattle are raised. Miss Lott found a herd of "1,000 ewes" plus "about 2,000 followers — lambs' on a 3,000-acre farm among the 10 at which she stayed during her six months in Scotland. There she "became an expert with the needle, providing the inoculations for the sheep" She also found there — as elsewhere in Scotland — "the Scots work hard and play hard and in that order — the work must be done first. In fact they work like fiends. They have a great deal of determination." On the sheep farm one day she aided two shepherds in rounding up the sheep from 500 acres and found "I never walked so far in my life."

Despite their hard working habits, the Scots are "more relaxed, their pace is slower in a way. They work hard but do not have that driving compulsion we seem to have. The cattle do not have to be sold tomorrow, they can just as well be sold a week from now. It's that difference in attitude."

TO MARKET WEEKLY

Once a week, generally, the Scots go to market, whether they have anything to sell or not. It provides an opportunity to chat with old friends, buy the week's groceries and other supplies, etc.

Beef goes to the market at about 900 pounds and barley-fed cross breeds seem to grow to size for sale in the quickest time—about 10 weeks. The Aberdeen-Angus farmers are of two types. Some are engaged in keeping the breed pure, others in cross breeding. The cross breeders produce a bluish gray cow they call an "Irish Beast" which seems to mature more swiftly than others. The farms that keep the great Angus herds pure produce animals of such quality one bull alone was recently sold for $64,000.

Six meals a day start with porridge (oatmeal) in the morning, "and it really sticks to the ribs."

KILTS ARE "SPECIAL"

The Scots are a thrifty race—"but are not Scotch, in the way we normally joke about Scotsmen. They will save up for something they want and they never throw their money around. But they are not stingy. They like to be able to pay for what they buy and the installment plan, which they call 'hire-purchase' has not been well accepted."

The Scottish highlands are "barren mountains, much higher than our South Mountains, with heather, about six inches high, growing all over them. A great amount of sreep herding goes on in the highlands."

The Scottish kilts are "special occasion wear. The men wear the kilts at times like the Highland Farm Show or at a formal dance, when they appear in formal Scot wear with the kilt made of nine yards of material, tartan socks, a sporn (purse) made of seal skin or leather, and black velvet jacket with white ruffle. They look sharp."

VISITED LONDON

Six months in Scotland proved "you can't see any place in two or three days—you might just as well not go." And that was one reason she did not visit the continent while on the British Isles. The only side trip was about a week in London.

Her experience led her "to feel closer to the people of Scotland than to, let's say, the people of any neighboring state."

That Scotland "has something" was particularly borne out when she saw the other American IFYE to Scotland as they prepared to leave that country. Hearly Doeham, of Laramie, Wyo., had arrived in Scotland six months earlier proudly wearing his 10-gallon hat and cowboy boots. When he showed up for the boat to return to America he was wearing a Scottish kilt.

PLANS INDEFINITE

The trip, visitation with IFYEs overseas and in Washington "proved that something like a feeling of unity has developed among the IFYEs, both those coming here from other countries and the ones going overseas. Even if you never met them before they are like brothers and sisters. There is a unity of purpose about them all. I hope next year to go to Indiana to attend the reunion of the American IFYEs and I know I am going to Switzerland in two years for an international reunion of the group."

Miss Lott, as part of her IFYE work, will begin giving lectures to groups about December 15 in the effort to spread international understanding. Her plans for future work are indefinite. She hopes perhaps to go into extension work, having spent a summer as an assistant in that work and having a number of years of 4-H work.

Expect 35 Million Xmas Trees To Be Cut And Sold

By MARTHA COLE
Associated Press Staff Writer

WASHINGTON (AP)—Christmas trees will sparkle in American homes in record numbers this year.

All signs point to a new production high — 35 million trees cut and sold. To them will be added about 10 million Canadian imports. Americans will pay an estimated $100 million for the trees — also a record.

Last year Americans paid $96 million for some 33.3 million trees produced in the United States.

PRICES ABOUT SAME

"There's no significant increase in price this year," A. M. Sowder, the Christmas tree expert in the U.S. Forest Service, said today in an interview.

For the fathers across the land who go down to the corner lot to buy the family's Christmas tree, there are 30 different species for choosing.

Last year the favorite choice was Scotch pine, replacing Douglas fir which topped the list in the last previous survey in 1960.

Pines hold their needles well, but some varieties of Scotch pines take a yellowish cast in the months preceding Christmas.

TRADITION COMES BACK

Sowder told of one grower who advertised them as "golden" pines and sold them for more than the green variety.

Gone are the good old days when families bundled up and went out to the fields or up the mountainside to cut their Christmas tree

However, the old-fashioned tradition is coming back in a different way. Tree plantations near the cities now are offering customers a chance to come out and get their tree on a choose-and-cut basis.

Missiles Tortured At Redstone Base

HUNTSVILLE, Ala (AP) — In an unassuming white building at Redstone Arsenal, home of the Army Missile Command, the engines and systems of future missiles are frozen, baked burned, sand-blasted and shaken up in a series of tortue chambers called the Preflight Evaluation Laboratory.

If a rocket survives this gantlet of man-made weather, it may very well be trucked to the Motor Conditioning Facility, shoved into one of three insulated cells, and subjected to intense heat or extreme cold for as long as six months. Then it is taken to a static test stand and fired.

Beards went out of fashion in 15th Century Europe when the introduction of helmets with chin pieces made a hairy face impractical. Men also began to crop their hair short in bowl fashion.

STUDENTS AIR OPINIONS ON VITAL ISSUES

In further response to the public's concern over what young people of today think about, two additional essays, written by Eleventh Grade pupils at Littlestown High School, reply on two of the issues frequently discussed by parents and pupils.

Robert Smith, writing on "Athletics In School," and David Thomas, who discusses "Instant Education," are pupils in an English course taught by M. Charles Rebert.

Why Have Athletics in School?
By ROBERT SMITH

A Greek philosopher once said, "A person, to be successful, must be fit in both mind and in body."

I go along with many other people who agree with this and this is why I think athletics are important in school.

Athletics in school takes a more important value than just to prove who is the strongest person or which school has the best team. In my opinion, school athletics teaches a person the rules of living.

When a person comes out to participate in a sport, the first thing he becomes acquainted with is self-discipline. A self-disciplined athlete is a person who must be able to control himself all the time. He must possess enough power over himself to know what is best for him to do at the right time and then to do it. An athlete must maintain a certain set of rules which must be his if he is going to be a participant.

He must keep curfew hours, for example, and he must not do anything which might bring harm to himself in any way He must also know and fully understand the rules of the game which he is playing because if he doesn't a penalty is placed against him. Knowing the rules of a game and the penalties coming from overlooking them will help a person to do the right thing when he plays that all-important game with the entire world in growing up.

TEACH LEADERSHIP

Scholastic athletics also teach and show leadership. Most of the teams in high school or college have one or two persons whom the other players can look up to for help and understanding. Whether he be the quarterback, the right-forward, or the flashy second-baseman, the rest of the team knows whom they can come to when that all-important gain is wanted and needed. However, the best player will not always be the leader. The leader may be a person who can play for the sake of winning and not for the glory for himself.

Offsetting the point of leadership is the working together of the team as a machine. This is called teamwork. Each member of the team must be able to help to run as a team and not as a single unit. Each person must do his part, no matter how big or small, if the job is going to be done successfully. Teamwork in athletics teaches you how to get along and to work together. This applies also working in the world because a job takes more than one person to complete.

Athletics in school not only help the individual, but athletics help the school as an institution. The most important deed athletes do for a school is to build up school spirit. If the school cannot get along with itself then its team will not get along. In order to win a team or a player must have a reason for winning and if the school is behind the team it is sure to win.

BUILD RECOGNITION

Another reason why athletics help the school is that athletics build up the school's recognition. Many schools are thought of very highly because of their athletic program as well as for their academic successes. Athletics in school help bring advertising to the town where the school is located. Towns have been recognized for the athletic programs and the athletes which the town supports.

In summing up I would like to say that athletics have done their part in making many people a success in the world today. Athletics and academics are equalized in importance in today's world for turning out successful people. Both of them teach and show how to combat obstacles in the modern and challenging world of today.

These are my reasons why I think that athletics should be offered in all schools which have a successful purpose and goal.

Instant Education
By DAVID THOMAS

The very thought of being able to learn something without any conscious effort on the part of the learner is tantalizing. No more long hours sweating over books at night, racking your brains trying to learn facts and figures — just flick a switch, close your eyes, and suddenly you become a scholar.

It sounds too easy for me. If the conscious mind can not grasp an idea, how can we expect the subconscious to understand it? It has no magical powers.

CURE FOR LAZINESS

This is not the answer to the world's problems of ignorance and illiteracy. I think it has been given too much of a status as a wonder cure for mental laziness. Trying to cram knowledge into the mind in such a fashion just will not work. It is possible that some apparatus may be found in the future that is capable of giving a willing student a small amount of tutoring, but it would be like trying to pass off a bouillon cube on a hungry lumberjack when what he needs is beefsteak. Besides, is the retention of bare facts an education? I think not.

This idea of making Einsteins out of everyone at the push of a button is something that should not be taken too seriously.

Kenya, the British East African colony set for independence December 1963, was named after its glacier-topped Mount Kenya. "Kenya" comes from the Bantu word "Kilinyaa," which means the "white mountain."

MARRIAGES HIT LOW, DIVORCES RISE IN STATE

HARRISBURG (AP) — Cupid has been having his problems in Pennsylvania, according to a report issued by the State Health Department.

The report, issued Thursday, showed that the state's marriage rate has declined sharply during the past decade, while the divorce rate has increased.

The marriage rate for 192 was listed as 6.1 per 1,000 population compared with a rate of 7.4 in 1952 There were a total of 8,91 marriages last year, the report said

At the same time there were 14,316 divorces in Pennsylvania for a rate of 1.3 per 1,000 population. A decade ago the divorce rate was 1.1.

The Health Department said the dwindling marriage rate was attributable to several factors, chiefly a decrease in the state population of persons in the usual marrying age bracket of 15-34. In 1950 the population in that age group was 3.2 million, compared with 2.8 million for 1962.

The report pointed to 1962 for the all-time high in marriages and divorces. In that post-war year there were 122,349 marriages for a rate of 12 per 1,000 population and a divorce total of 20,909, a rate of 2.

Chevy II Nova 4-Door Sedan

Now—'64 Chevy II...

with a V8 engine

Now you see it. Now you don't. When a Chevy II does that kind of disappearing act you know without looking twice: It's a '64 with a V8 engine.

That's right. A full-grown 195-hp Turbo-Fire V8.*

It's available for the first time this year along with a choice of three other engines—the standard 4 (in 100 Series sedans), the standard 6 and a new 155-hp 6.* (And all of them maintain their high spirits on modest amounts of regular gasoline.)

But the changes aren't confined to what happens when you slip into the driver's seat.

There are new styling features like the tasteful grille design and trim accents, for instance. And the larger self-adjusting brakes that further reduce upkeep on a car that already has a reputation of coming about as close to perpetual motion as anything on four wheels can get.

The place to get the full details on the '64 is your Chevrolet dealer's. And after you've got them, we hope you'll attend to one further detail yourself. Drive it.

Investors Like Stock Splits Despite Same Earning Power

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Stockholders love stock splits even when they know that their share in the company's assets and business remains just what it was.

And today the 2.2 million who hold American Telephone & Telegraph stock are doubtless as elated at the proposal to split the stock 2 for 1 as they are at the announcement that the dividend will go from 90 cents to $1, although it's the latter that really puts money in their pockets.

PLAN MORE ISSUES

The man or woman who owns 10 shares will feel more affluent when he has 20 shares next summer, even if the price per share is lower, and even though he is on notice that the company also plans to issue about 12.25 million more shares to swell the 244 million already outstanding before the proposed split. At Wednesday's market the value of all the shares was $34 billion.

By cold arithmetic the value of all the shares after the split should be no higher. But in practice a stock often rises on the market after a split is announced.

ANTICIPATE RISE

And most of the 2.2 million stockholders are probably counting on that, confident that the going price on their personal holdings will be higher than it is today.

The company doubtless is following usual financial thinking in proposing a split and a new stock offering.

The idea is that with more stocks around, and with the price of an individual share lower than today's uotation of around $140, more than the present 2.2 million holders can and will buy them. The wider the base of public holdings the better, is the theory.

And the proposed new issue would bring in funds the company needs to finance its big expansion program.

PROFITS REMAIN SAME

There are some other side effects to stock splitting.

Per-share earnings go down, even if net profits remain the same. This doesn't look as exciting on the balance sheet. But the thinking is that lower per-share earnings dampen some labor unrest — the worker doesn't feel that the shareowner is getting too big a slice of the pie. And those who decry big business sometimes get less upset at the lower per-share earnings figure. Also, customers may not be so price conscious if the yield on a share looks smaller.

So far this year some 200 companies have split their stocks in varying amounts. Some which attracted the most attention are Chrysler, Deere & Co., Singer Manufacturing, Cleveland Electric, Lockheed Aircraft, Colgate - Palmolive, Syntex. Last year splits were announced by 315 companies.

The last time AT&T split its stock was in 1959 — with the announcement shortly before Christmas 1958. That split was 3 for 1.

Fish Spotter Is Aid To Boaters

NEWPORT NEWS, Va. (AP) —Russel Bittner's job is finding schools of fish from the air, but he occasionally finds himself doubling as a trouble shooter.

Bittner, in his 12 years as an aerial fish spotter for a menhaden company, has played a vital role in aiding boaters in distress.

Last summer he recalled, he noticed a boat in trouble. "When I saw this boat . . I sensed something was wrong. As I drew nearer to the boat an occupant, in desperation, was waving his shirt overhead to catch my attention.

"I radioed Patrick Henry Airport, which in turn notified the Coast Guard."

Bittner, who carries only a Mae West and a rubber life raft in his land-based plane, says it is sometimes difficult to tell from the air if a boat is really in trouble or not. "You see people clowning or horseplaying in boats. It is hard to tell from a plane whether they are clowing or are in distress," he said.

Drifting Crewmen Rescued In Gulf

MIAMI, Fla. (AP) — "A storm moved in on us Saturday night. I've seen a lot of blows but this one was corker. There were wind, rain and 20-foot seas."

Thus did Capt. Winfield Scott McNab of the 130-foot motor vessel, Chief, describe the storm which sank the ship early Tuesday in the Gulf of Mexico.

McNab and his crew of six were brought to Miami Thursday night by the freighter Joanne. They had drifted in boats 28 hours and 20 minutes, but all were in good condition.

The Chief left Honduras Friday night for Miami.

Indentical Names Confuse Staff

BRANTFORD, Ont. (AP) It seemed like a possible nightmare situation to the St. Joseph's Hospital maternity staff.

The two Portuguese mothers-to-be were both named Maria Dasilva: it got interesting.

The first names of the two Portuguese fathers-to-be were the same, Jose. The plot thickened.

And when both mothers were delivered of sons, the danger of a chance mixup was abundantly clear.

To avoid an unhappy aftermath, the mothers were kept in separate wards and the infants were name-tagged.

The mothers helped out; 29-year-old Mrs. Dasilva from Brantford named her son Michael. He's her fifth.

Twenty - one - year - old Mrs. Dasilva of nearby Scotland named her first born Jose. She commented: "There was no fuss, no trouble. Everything went smoothly."

The maternity staff of St. Joseph's Hospital breathed a sigh of relief.

Mars at one time may have had an abundant supply of oxygen, which literally rusted away. Astronomers speculate that the oxygen combined with iron in rocks to produce the vivid red deserts of the planet.

Illinois Doctors Explain What Became Of Night Calls

By WILLIAM J. Conway
Associated Press Staff Writer

CHICAGO (AP) — What has happened to doctors' old-fashioned night calls at homes?

This inquiring reporter made a quick sampling at this week's meeting of the Illinois Academy of General Practice.

Talks with seven family doctors from all parts of the state — all of whom make evening visits — left these impressions:

By and large, family doctors still make night calls. But they get fewer calls because of the patient's consideration for the physicians's health and his own money. One medical man estimated fees are 30 to 50 per cent higher after dark.

EXPLAINS REASONS

"The truth is we don't get as many night calls as we used to," said Dr. John D. McCarthy of Riverside, "largely because the patients have increased concern for the doctor's welfare and have become accustomed to going directly to the emergency room in a hospital, especially in cases of trauma. It gets the patient under treatment quicker, with better results and less expense to everybody concerned."

Some of the doctors asked anonymity.

"When the price goes up, people don't call you as often," commented a physician from a small town in Northern Illinois. "I'm glad to make them (calls) now at the price I charge for them."

"I wish I had a dime for every time I had to dress and go out on a call," said a medic from a community of 15,000 in Southern Illinois.

A gray-haired physician from a sizable city in the southern half of the state said he makes nocturnal calls.

"It's getting to the point where a lot of them won't do it," he added. "I was brought up in the old school."

"Our county is 600 square miles, and I even make calls outside the county," said Dr. C. J. Jannings of Fairfield. "I have only one rule — if the patient can't come to me, I go to him."

Marijuana Farm Is Found In Georgia

GREENVILLE, Ga. (AP) — Marijuana plants 8 feet tall were grown with the tall corn on a middle Georgia farm and processed in a barn.

Federal agents and Atlanta police said the flourishing marijuana farm they raided Thursday was the largest ever found in Georgia.

They arrested three persons, confiscated three cars and a 525-pound harvest of marijuana worth $52,500 on the wholesale market.

Forty ships from some 20 nations are currently engaged in the International Indian Ocean Expedition. Of major importance will be studies in marine biology for, although this ocean contains the world's most productive fishing grounds, it has an unusually high fish mortality rate.

KENNEDY SAYS TEXAS FIFTH IN BIG CONTRACTS

By JACK BELL
Associated Press Staff Writer

FORT WORTH, Tex. (AP)—President Kennedy praised the controversial TFX warplane today as he told Texans — whom he hopes will help reelect him in 1964 — their state ranks fifth in prime military contracts.

The President scheduled major speeches also in Dallas and Austin during a busy day. He and his wife will spend tonight at the ranch of Vice President Lyndon B. Johnson near Austin.

Johnson and his wife accompanied the Kennedy's on the pre-presidential campaign tour of Texas.

IGNORES RULE

Kennedy avoided direct comment on the Senate Investigations subcommittee's inquiry into the TFX contract award to General Dynamics Corp.'s Fort Worth division in a speech prepared for a bipartisan breakfast, arranged by the Fort Worth Chamber of Commerce.

The subcommittee has heard some testimony that Boeing Co. of Seattle offered a cheaper and better plane.

"There has been a good deal of discussion of the long and hard fought competition to win the TFX contract but relatively little discussion of what this plane will be able to do," the President remarked.

IS NOT EQUALLED

He said that once it is in operation it will give the free world an aircraft that no other on earth can match.

Hitting a theme he also sounded at Houston Thursday night, Kennedy said that one of every $20 of prime military procurement contracts is being spent in Texas. He said this made Texas fifth in this respect. He added that the state also has a combined military-civilian Defense Department payroll of more than $1 billion a year.

"I do not recite these facts for partisan purposes, nor are they the result of any partisan effort," he said. "They are the result of America's determination to be strong and this state's contribution to that strength."

Approve $190,000 Crash Settlement

PHILADELPHIA (AP)—Federal District Court has approved an out-of-court settlement for $190,000 between Allegheny Airlines and the widow of a man killed in a plane crash near Williamsport, Pa., in 1959.

The settlement on behalf of Mrs. Virginia Lilly Rankin of Fayetteville N.C., was approved Thursday by U.S. District Judge Harold K. Wood.

Mrs. Rankin's husband, Charles, 25, was one of 25 persons killed when the plane crashed at Williamsport - Montoursville Airport in fog and snow Dec. 1, 1959.

Rankin, a lumber company official, was enroute to Williamsport on business.

SNOW SWEEPS PLAIN STATES, EAST IS WARM

By THE ASSOCIATED PRESS

Cold weather, with snow, sleet and freezing rain, spread across wide areas in the Upper Plains region today but unseasonably mild temperatures continued in the major part of the nation.

The core of the cold air from Canada centered in western North Dakota and eastern Montana, with temperatures near zero. Light snow fell in most of the Dakotas, Montana, western and central Nebraska, parts of Wyoming and eastern Colorado.

Hazardous driving conditions were reported in the wet belt while livestock warnings were issued by the Weather Bureau. Sleet and freezing rain and rain mixed with snow also created dangerous driving conditions in areas east of the cold belt.

Showers and thunderstorms broke out in the moist warm air which spread from the Gulf into the nation's midsection. The mild air also covered most areas in the eastern half of the nation with temperatures far above seasonal levels.

SOUTH AFRICAN PASTOR FAILED TO FIND NEGRO PREJUDICE HERE

JOHANNESBURG, South Africa (AP) — A South African minister, back home from a study tour of the United States, says he never met the bitter prejudice toward the Negro he had expected to find.

The Rev. C. W. Parnell, pastor of the Johannesburg Baptist Church, said he deliberately looked for prejudice against Negroes.

"I hoped I would meet some rabid segregationists," he said, "but, although I met hosts of people, not one revealed himself to me as sympathetic to the Ku Klux Klan or anything of that type."

MOVED IN CHURCH CIRCLES

He said that may have been due to the fact he moved in circles related to churches. He added that the thought of many Americans seemed to be: "We are working toward integration. It has to come. We are not satisfied with our present race relations."

People told him of tremendous strides, led and inspired by Southern whites, since the war. They argued: "You cannot hurry changes in human relations. The real trouble is that the Kennedy brothers and others want us to move too fast. It is that compulsion which causes trouble."

SAW NO DEMONSTRATIONS

The Rev. Mr. Parnell said segregation of restaurants in Nashville, Tenn., ended while he was in that city. "Although I lunched or dined in one of these restaurants every day during my 5-week stay there, I did not see a single Negro demonstration. The transition passed unnoticed by most people and very few Negroes bothered to take advantage of their new liberty. The protest appeared to be a matter of principle rather than a desire to eat at the restricted restaurants," he said.

"The Negroes simply did not want to be treated as different from the whites. This, of course, is the basic motivation in all color protests."

Parnell's views were published in the Johannesburg Star.

A Lovelier You

By MARY SUE MILLER

WINTER SKIN. A lovely asks What can I do to prevent dry, chapped legs? I am plagued by the condition every winter. Sometimes the skin feels sensitive

and sometimes itches like the end of a sunburn. I've used body lotions, but to no avail.

The Answer: The disorder is not uncommon and not confined to the legs. It is particularly prevalent among sun worshippers and people of mature years. For over-exposure to sun and the aging process reduce the skin's natural oil supply to a point where dryness and its side effects become a problem.

A new remedial approach is a dermalubrant, in the form of water-soluble bath oil. Formulated with phospholipids and poly-unsaturated oil—ingredients that closely simulate the properties of normal skin — a dermalubrant films the skin with oil and induces the penetration of moisture. Regular use helps to soften and smooth the skin, and to reduce irritations.

And use is pleasant, even relaxing. You simply dribble in the oil while the tub fills. You wash as usual; then you lie back and take a 10-minute soak. As an aftermath, there is no greasiness—not even a residue in the tub. Just a silkier you!

It must be remembered, however, that the remedy may only be a supplement to the cure of a severe dry condition. A persistent case requires and must have medical treatment.

Whatever your skin problems, to find a solution send for my booklet, "A LOVELIER COMPLEXION." Detailed advice contained includes the correct care for dry, oily, combination and normal skin types; proper application methods; treatments for blackheads, enlarged pores, circles, wrinkles, crepiness, etc. For your copy of "A LOVELIER COMPLEXION," write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a LARGE, SELF-ADDRESSED, STAMPED ENVELOPE and 20 cents in coin to cover cost and handling.

OFFICIALS AT GOVERNOR'S TRAFFIC MEET

A number of Adams County police officials and justices of the peace, headed by District Attorney-elect Gerald Walmer, attended the Governor's Conference on Traffic Safety Thursday at Harrisburg and heard several speakers suggest the use of radar should be permited to municipal police as well as state police.

The local attendants said the most sustained applause greeted the remarks of Williamsport Police Chief John Good, a past president of the Police Chiefs' Association of Pennsylvania, who said that local police should have "equal rights" with state police.

Good said, "We need a new, hard look at our attitudes. There are four times as many traffic deaths as there are murders. Surveillance or a stakeout to prevent a property from being burglared or a person from being attacked is perfectly OK. But use the same principle in traffic law enforcement with radar or unmarked cars and you're considered sneaky."

State Police Commissioner E. Wilson Purdy agreed with Good saying: "I see no reason why municipal police forces can't do as good a job with radar as anyone else."

The police and justices were told by Maj. George Pinkerton, chief of the state police traffic bureau, that radar today is being used "more hours with more men than ever before." There are 38 radar sets in active use in Pennsylvania," he added.

Among Adams Countians attending in addition to Attorney Walmer were Attorney Oscar Spicer, Justices of the Peace John Whitman, Robert P. Snyder, George Lambert, Harry Baker and Clarenct Fritz, and Cumberland Twp. Policeman Bernard V. Miller Sr.

Kennedy 4th President To Be Assassinated

John F. Kennedy was the fourth President of the United States to be assassinated.

President Lincoln was assassinated April 14, 1865, in Washington and died the following day.

President James A. Garfield was assassinated July 2, 1881, in Washington and died September 19.

President William McKinley was assassinated September 6, 1901, in Buffalo, N. Y., and died September 14.

President Theodore Roosevelt was shot during the campaign of 1912 but recovered.

On February 15, 1933, President-elect Franklin D. Roosevelt narrowly escaped assassination in Miami, Fla., and the bullet fatally wounded Mayor Anton J. Cermak, of Chicago, who died March 6.

An attempt to assassinate President Truman failed on November 1, 1950.

Arrest Youth

DALLAS (AP) — A Secret Service agent and a Dallas policeman were shot and killed today some distance from the area where President Kennedy was assassinated.

No other information was immediately available.

FORT WORTH, Tex. (AP)—Soon after President Kennedy was assassinated today in Dallas, a white man in his mid 20s was arrested in the Riverside section of Fort Worth in the shooting of a Dallas policeman.

The man, who has black curly hair and who wore a red shirt, denied that he was connected with the assassination of the President.

The youth was later identified as Lee H. Oswald.

His hands were handcuffed and he was taken to the Fort Worth City jail.

Stock Market Closes At 2:10

NEW YORK (AP)—The New York Stock Exchange closed at 2:10 P. M. E.S.T. for the day.

The action was taken by the Board of Governors.

The stock market reacted with a violent downturn late this afternoon to news that President Kennedy had been shot. Trading was very heavy.

Volume for the day was estimated at 5.5 million shares compared with 5.7 million Thursday.

The market, which had been rallying from a steep decline Thursday, did a rapid turnabout. Prices of key stocks skidded on a broad front.

The Dow Jones industrial average which had been up 3.31 to 735.96 at 1:30 p.m. EST reversed itself and a half hour later showed a loss of 2.47 at 730.18.

Losses of about 2 were taken by AT&T and Chrysler. Polaroid dropped 6 points.

The shock about the President came as the market was rallying in relief over news that one of the two suspended brokerage firms had been reinstated. This news sparked a strong rally in a previously jittery and mixed market.

The closing of the stock exchange came with dramatic suddenness. On rare past occasions, such as the outbreak of war, the stock exchange has shut down operations to prevent panic conditions.

The tape was running 11 minutes behind transactions when the governors acted to stop trading.

President Lives Less Than An Hour After He Was Shot; Governor Of Texas Is Badly Wounded

DALLAS (AP)—President John F. Kennedy, thirty-fifth president of the United States, was shot to death today by a hidden assassin armed with a high-powered rifle.

Kennedy, 46, lived about an hour after a sniper cut him down as his limousine left downtown Dallas.

Automatically, the mantle of the presidency fell to Vice President Lyndon B. Johnson, a native Texan who had been riding two cars behind the chief executive.

FUTILE EFFORT TO SAVE LIFE

There was no immediate word on when Johnson would take the oath of office.

Kennedy died at Parkland Hopsital where his bullet-pierced body had been taken in a frantic but futile effort to save his life.

Lying wounded at the same hospital was Gov. John Connally of Texas, who was cut down by the same fusillade that ended the life of the youngest man ever elected to the presidency.

Connally and his wife had been riding with the President and Mrs. Kennedy.

The First Lady cradled her dying husband's blood-smeared head in her arms as the presidential limousine raced to the hospital.

ORDER DRAGNET OF CITY

"Oh, no," she kept crying.

Connally slumped in his seat beside the President.

Police ordered an unprecedented dragnet of the city, hunting for the assassin.

They believed the fatal shots were fired by a white man, about 30, slender of build, weighing about 165 pounds, and standing 5 feet 10 inches tall.

The murder weapon was reportedly a 30-30 rifle.

Shortly before Kennedy's death became known, he was administered the last rites of the Roman Catholic Church. He had been the first Roman Catholic president in American history.

Even as two clergymen hovered over the fallen President, in the hospital emergency room, doctors and nurses administered blood transfusions.

GUNSHOT WOUND IN BRAIN

Kennedy died of a gunshot wound in the brain at approximately 1 p.m. CST. according to an announcement by acting White House Press Secretary Malcolmn Kilduff.

The new President, Lyndon Johnson, and his wife left the hospital a half hour later. Newsmen had no opportunity to question them.

Asst. presidential press secretary Malcolm Kilduff said Johnson was not hit. The new President previously had been reported wounded.

The horror of the assassination was mirrored in an eyewitness account by Sen. Ralph Yarborough, D-Tex., who had been riding three cars behind Kennedy.

SOMETHING TRAGIC

"You could tell something awful and tragic had happened," the senator told newsmen before Kennedy's death became known. His voice breaking and his eyes red-rimmed, Yarborough said:

"I could see a Secret Service man in the President's car leaning on the car with his hands in anger, anguish and despair. I knew then something tragic had happened."

Yarborough had counted three rifle shots as the presidential limousine left downtown Dallas through a triple underpass. The shots were fired from above—possibly from one of the bridges or from a nearby building.

SHOT FROM WAREHOUSE

One witness, television reporter Mal Couch, said he saw a gun emerge from an upper story of a warehouse commanding an unobstructed view of the presidential car.

Kennedy was the first president to be assassinated since William McKinley was shot in 1901.

It was the first death of a president in office since Franklin D. Roosevelt died of a cerebral hemorrhage at Warm Springs, Ga., in April, 1945.

Roosevelt had been enjoying a vacation when he died. McKinley had been shaking hands at a reception at an exposition in Buffalo, N.Y.

Kennedy and his wife had just passed the halfway point in a three-day speaking tour through Texas.

READY FOR LUNCHEON

The President already had prepared a luncheon address for a Dallas audience before he

Takes Oath

DALLAS (AP) — Lyndon B. Johnson was sworn in as President of the United States at about 1:38 p.m. (CST) today.

Johnson took the oath aboard the presidential plane at Dallas' Love Field. He was preparing to fly to Washington to take over the government.

WASHINGTON (AP) — Officers at Andrews Air Force Base, Md., said today they understood President Kennedy's body would be brought to Washington this afternoon.

Eisenhower Is Shocked

Former President Eisenhower learned of the assassination of President Kennedy while he was in his suite at the Waldorf-Astoria hotel in New York City, where he went Thursday. He then prepared a statement which was telephoned to The Gettysburg Times at 3:35 o'clock by his administrative aide, Gen. Robert L. Schulz. The statement read:

"I share the sense of shock and dismay that all Americans feel at the despicable act that resulted in the death of our Nation's President. Mrs. Eisenhower and I also join with all other citizens in expressing our personal grief and our prayerful concern to Mrs. Kennedy and all others of the family."

Council Approves Use Of Modern Language In All Sacraments By Catholics

By GERA I. MILLER
Associated Press Staff Writer

VATICAN CITY (AP) — The Vatican Ecumenical Council voted final approval today of its first completed schema, proing for modernization of the language used in Roman Catholic worship.

The Roman Catholic prelates put their final seal of acceptance on the council's liturgy schema by a vote of 2,158 to 19.

All that is left for the document to become the council's first decree is formal promulgation by Pope Paul VI in a public council session.

It is expected to be held next Friday.

VOTE IS CHEERED

The vote was cheered by the council fathers.

After 13 months of deliberation in council and commission they had finally given Roman Catholicism its first councilor decree since the first Vatican council of 1870. That council proclaimed the concept of papal infallibility.

Today's vote was only a formality.

In a series of votes over the past two months the council had approved individual parts of the seven-chapter schema on liturgy, or public worship.

The vote took place during a pause in debate on the first chapter of another schema, a document on ecumenism, or Christian unity.

ANOTHER SCHEMA

When the prelates return to work Monday after their weekend recess, they will finish up yet another schema — on the press, radio, television and the arts.

Like the liturgy schema, the topic on mass communications has received approval by sections and needs only the final formal vote.

DANIEL BIERER KILLS MAN AS 3 GUNMEN FLEE

A former Gettysburg resident told Baltimore police Thursday night he shot and killed a bystander as he was firing after three youths who robbed his store in the 1800 block of Greenmount Ave., Baltimore, of more than $400.

Central Baltimore district police identified the shooting victim as Haywood Roscoe, 33, who lived over the store. He was pronounced dead at St. Joseph's Hospital about 7:45 p.m. Mr. Roscoe was hit just below the right eye by a bullet.

POINTS PISTOL, FIRES

Daniel W. Bierer, 46, Baltimore, son of Mrs. Anna Bierer, Gettysburg Times Apartments, one of the owners of Gene's Liquors, Inc., told police he rushed out of the store behind three fleeing robbers after one of them had held a knife at his throat during the robbery. He said he pointed the pistol at the three as they fled down an alley immediately south of the store.

He said he fired one round at the three robbers. Then he saw a figure standing in the shadows fall. It was then he learned it was Mr. Roscoe. He said he dropped the pistol to his side and fired a second shot into the ground. Mr. Bierer said he fired the second shot only because he was nervous.

Mr. Bierer told police three youths came into the store about 7:15 p.m., asked about the price of some socks displayed on the counter and left. They returned about 7:30 p.m. and asked to see the socks again.

STRUCK OVER HEAD

Mr. Bierer turned to get them and was struck over the head by what he thought was a fist. The taller youth produced a knife and held it at his throat while one youth stood by the door and the third opened the cash register and began stuffing his pockets with cash.

The three fled after the armed youth took a wild swing at him with the knife. Mr. Bierer picked up a pistol and followed them out the door to the street. He saw them fleeing down the alley and fired, he told police.

He said an audit would be required to determine exactly how much the three robbers got. He estimated the take at between $400 and $500.

DR. F. LAUBACH TELLS OF WORK AS MISSIONARY

Dr. Frank C. Laubach, world famous author, lecturer and founder of the World Literacy Movement, used a world globe to show to an audience at St. James Lutheran Church Thursday evening areas of the world where communism is entrenched, marked with red stripes.

The United States, Canada and sections of Western Europe and England where two-thirds of the world's wealth is held bore gold stripes and the remainder of the world where poverty and hunger disease and suffering are rampant was marked with black stripes.

The speaker who has spent 33 years traveling and serving in 103 countries, told of the conquest of disease in the underdeveloped areas of the world, which resulted in a population expansion and a hunger expansion.

"ONLY THE CHURCH"

Dr. Laubach said only the church can go into these areas to render the help they need not to evangelize but to teach the people in these sections to help themselves "We have preached Christ to them, but now we have to live Christianity to help them in the dilemma which we have created. And when we teach them to read, then we can close the lessons with the story of God's love and the goodness of Jesus Whose only thought was to help the less fortunate.

"We must send in re-enforcements before we lose the war I believe we will send them because God will back us, because Americans, who are called activists because they always want to do something about everything they understand, will do something when they understand the situation. The people of these underdeveloped areas want this help we can give and the people we help will love us tremendously for giving the help they need."

The Rev Dr Paul L Reaser, pastor of St. James, introduced the speaker after a hymn sing conducted by Donald Bollinger, St. James choir director; the reading of the Scripture by the Rev. Alfred K Gotwalt, president of the Adams County Ministerial Fellowship; prayer by the Rev. Dr. Robert W. Koons, president of the Gettysburg Ministerium, and the singing of Dr. Laubach's favorite hymn, "My Best Friend," by Mrs. Reaser. Dr Reaser pronounced the benediction

The offering was given to Dr Laubach for use in his work.

Kennedy Assassinated

(Continued From Page 1)

died. In his prepared text, he assailed his ultraconservative critics.

Dallas is considered a center of conservative philosophy and finance.

Here, on Oct. 24, Adlai E. Stevenson was spat upon by one heckler and struck by another after making a United Nations Day address.

It was believed that Kennedy's body would be moved shortly to Washington.

Traditionally, funeral services for presidents who die in office are held in the capital city.

SHOT IN CHEST

Kilduff told newsmen that Gov. Connally, a Democrat, was wounded in the right chest in the same ambush that felled the President.

Connally was rushed into surgery for a two-hour emergency operation.

Connally also was hit in the right wrist.

Through Mrs. Kennedy cried, "Oh, no," in horror and despair after her husband was shot, she did not collapse or give way to hysteria.

When he entered the hospital, her clothing was covered with blood from her husband's wounds.

RIFLE HAD SCOPE

Lt. Erich Kaminski of the Secret Service said the assassin's weapon appeared to have been a "high-powered Army or Japanese rifle of about .25 caliber." The rifle had a scope on it, he said.

The entire building where the sniper was located was evacuated. People were working in the building at the time of the shooting.

Dallas inspector J. H. Sawyer said, "Police found the remains of fried chicken and paper on the fifth floor. Apparently the persons had been there quite awhile."

CAR TOP REMOVED

After the fatal shots were fired at Kennedy, the stricken President's Secret Service driver raced away from the scene at top speed—heading for the nearest hospital and trying to get the presidential party out of range of further gunfire.

Kennedy, Connally and their wives had been riding together in the President's familiar dark blue, bubbletop convertible. The transparent plastic roof of the vehicle had been removed for the motorcade.

Secret Service agents riding with the President and in a second convertible following close behind, immediately drew pistols and automatic weapons.

But they were unable to get a shot at the gunman.

Dallas motorcycle officers, ranged around the cavalcade, took off across a field in the direction from which the murderer apparently had fired.

One officer raced to the foot of a nearby railroad embankment and climbed to the tracks above, gun in hand.

MOTORCADE BREAKS

The motorcade, which had just passed through downtown crowds standing 10 and 12 deep along each curb, broke apart in pandemonium as Secret Service agents rushed Kennedy and Connally to the hospital.

Ironically, Kennedy was shot to death at a spot where there were few spectators—after driving almost within handshaking distance of many thousands.

Kennedy's body was removed from the Parkland Hospital at 2:05 p.m. in a lengthy, cream-colored ambulance with curtains tightly drawn.

JACKIE IN AMBULANCE

Mrs. Kennedy rode in a passenger seat in the ambulance—a type of vehicle with two seats for passengers.

She and the body were escorted from the emergency entrance of Parkland by two motorcycle officers.

Mrs. Kennedy walked out the back door of the emergency entrance, as the body also was taken out.

She walked slowly, looked around her in a dazed manner and appeared to be in a state of shock.

NOT HYSTERICAL

Those who saw her enter the hospital an hour and a half earlier said she had not been hysterical.

A crowd of several thousand had been waiting at the Dallas Trade Mart, on the outskirts of the downtown section, to hear a luncheon address by Kennedy.

A stunned hush fell over the crowd as word of the tragedy spread. Many who had looked forward to dining with the chief executive broke down and cried.

JACKIE JOINS CAMPAIGN IN TEXAS CITIES

By FRANK CORMIER
Associated Press Staff Writer

FORT WORTH, Tex. (AP) — Mrs. Jacqueline Kennedy, perhaps reluctantly, is back in politics and she's a good campaigner.

Her smile charmed thousands in San Antonio, Houston and Fort Worth Thursday as she began a three-day Texas tour with her husband, the President.

She made a speech in Spanish and drew cheers and applause.

She ignored the plans of Secret Service agents and shook hands with hundreds who were forced to stay behind rope barricades.

PRECEDED HUSBAND

At every stop the first day, Kennedy took a cue from her husband and walked first from the presidential jet. Kennedy sometimes has been criticized for observing presidential protocol and walking a few steps ahead of his wife.

Shortly before midnight Thursday, Mrs. Kennedy still was going through her campaign paces.

When the Kennedys arrived at Carswell Air Force Base outside Fort Worth, the President and First Lady walked several hundred yards along a rope barrier, shaking hands and chatting with the crowd.

When the Kennedys reached the Texas hotel in Fort Worth, where they spent the night, they headed for the nearest throng and went through their handshaking act.

"LOVED EVERY MINUTE"

Pamela Turnure, Mrs. Kennedy's press secretary, was asked if the First Lady had enjoyed the experience.

"She loved every minute of it," said Mrs. Turnure.

It was the first day of the first stumping tour Mrs. Kennedy has made with her husband since he became the Democratic nominee for President in 1960.

She appeared to enjoy every minute even though White House aides frankly admit she would prefer to leave political campaigning to the President.

Mrs. Kennedy participated in the 1960 primary campaigns but stayed in the background during the general election when she was expecting John Jr.

Man Bitten By Dog Thursday Evening

McIntyre told police that he was walking on N. Howard Ave. when two dogs came out from between two houses and one of them bit him on the right leg.

Police took McIntyre to identify the dogs and to the hospital where he was treated. Arrangements are being made to check the dogs, reportedly owned by Max Sherman, to determine if they might be ill, according to the report.

Vice President Earl B. Hartzell, Fairfield; Treasurer Dean Asquith, Biglerville, and Secretary Hugh C. McIlhenny, Straban Twp., were the Adams County board members at the briefing held in the majority House caucus room in the capitol building.

The briefing was conducted by Deputy Atty. Gen. John D. Killian III and by Dr. Herbert E. Bryan, New Oxford, director of the bureau of school district organization in the state Department of Public Instruction.

TO BE CONVENTION TOPIC

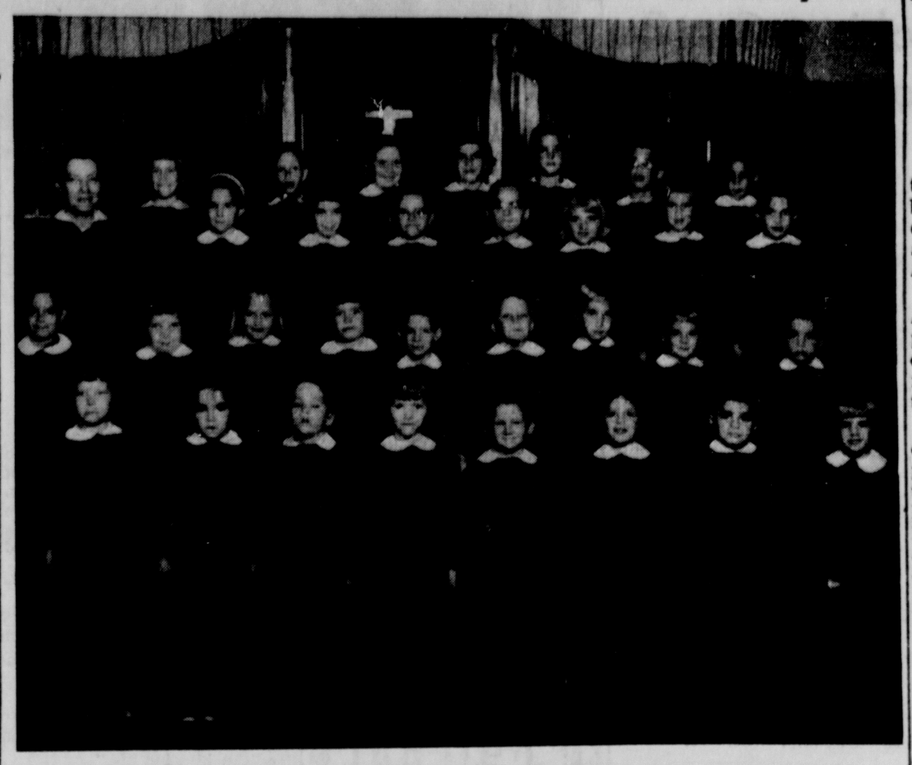

The session was devoted to answering schoolmen's questions about Act 299 which repealed the controversial Act 591.

Under the new law, the Adams County Board of School Directors must submit to Harrisburg by next July 1 a new school district organization plan that conforms with requirements of the new law. The county board last December submitted and later secured state approval of a plan under the since-repealed school law that would have placed all of Adams County in two large school districts.

The county board is charged under the new law to confer with school directors and administrators in all school districts of the county before the new plan is adopted. Atty. Gen. Killian Thursday urged county boards to "give everyone an opportunity to be heard."

The Adams County board has listed school district reorganization as one of the main topics for discussion at the annual convention of county school directors December 12 at Littlestown. The other topic listed for the convention is the possible development of an area technical school in Adams County.

The moment the Pope issues the liturgy decree, he gives permission to the Church's bishops to replace Latin in most of the Mass and in all sacraments with modern tongues.

Whether national and regional conferences of bishops want to do it will be up to them.

Advocates of the change hail it as a major move toward making the Church more comprehensible to non-Catholic Christians, many of whom regard Latin as a mysterious ritualistic garble.

FIFTEEN YEARS EGO

New Street Sweeper Put To Work Here: Gettysburg's newest addition to its highway department — the $7,000 South Bend Guttersnipe sweeper, arrived Thursday at noon and went into operation on the borough streets almost immediately.

Thursday afternoon the machine was used in the north end of town in order to instruct local highway department workmen in the operation of the vehicle. Early this morning the "guttersnipe" was used to sweep the center of the town. Borough councilmen present to watch the sweeping said the machine did in an hour work that previously had taken several hours when sweeping was done by hand. The councilmen found a number of cars parked about the center of the town despite the ban against parking after 2 a.m.

Goulden, 324 Hanover street, were united in marriage in a double ring ceremony this morning at 9 o'clock by the Rev. Fr. Mark E. Stock at St. Francis Xavier Catholic church.

The altar flowers consisted of mixed blooms. Baskets of fall flowers were used in decorating the church.

The bride, who was given in marriage by her father, wore a gray gabardine suit with dark green accessories and carried a white Bible to which was attached an orchid.

Mrs. Robert Saylor, Gettysburg, was the matron of honor. She wore a green gabardine suit with gray accessories and carried a bouquet of mixed flowers.

Kenneth Weaver, Landisville, Pa., served as best man.

The ushers were William Gabler, Chambersburg, brother-in-law of the bride, and Gene Sprankle, Emmitsburg, cousin of the bridegroom.

Mrs. Goulden graduated from Gettysburg high school in 1946 and is employed as bookkeeper at the Hankey and Plank garage, York street. Mr. Goulden graduated from Gettysburg high school in the same year and is owner and operator of Leo's Service Station, Lincolnway east.

"Abe For A Day" Had His Troubles: Attorney Donald M. Swope, chairman of the Gettysburg and Adams County Freedom Committee, who did a masterful impersonation of Abraham Lincoln and recitation of Lincoln's Gettysburg Address at exercises in the Majestic theatre Friday morning, had his full share of troubles and worries.

Early Friday morning his woes were climaxed.

He described them to his friends as follows:

"I put on the Lincoln suit early Friday morning. It was far too large My wife was pinning it here and there, turning up a trouser leg and what not. The phone started ringing, the baby started to cry and then my mother walked in and congratulated my wife on her birthday anniversary . . . I had completely forgotten about it."

Buck Causes $277 Damage To Vehicle: Mrs. D. L. Beegle and two other women residents of Emmitsburg had a narrow escape from what might have been a serious accident early last Saturday evening.

The trio drove to Gettysburg to see the Freedom Train. At about dusk they started the return trip to Emmitsburg. Near the Panorama Inn a big buck deer bounded across the highway into the front of the Beegle car. Mrs. Beegle did not have time to swerve to avoid the collision and immediately applied the brakes. The buck bounced a bit and then leaped across the highway and disappeared.

Today's Talk

LONELINESS

I recently read in one of my books that "loneliness has to be learned." I thought a long time over that statement, and perhaps the writer was right. Perhaps we do have to learn loneliness — at least to bear it, until we have learned — to rise above it.

We do not have to be alone to be lonely. We can be lonely in a crowd. We can be lonely in an invited company. We can be lonely with the one person we look upon as our best friend. Loneliness is a thing of the spirit. We can be all alone, and yet not be lonely.

It is when contact is broken between us and that which nourishes our spirit that we become lonely.

I do not believe the person exists who does not get lonely now and then. Great men and women get lonely. They tread high planes and find themselves far in front of the cause for which they strive. In union there is strength. True enough. But that union must be made up of strong men. Then there is power.

One is not lonely among those of his kind, whose hearts vibrate to his own. People who are mutually agreeable to no explaining. And neither of two people is lonely in the company of the other.

John Muir never seemed happier than when alone among his beloved mountains and friends of the forest. He would spend months there — even in the dead of Winter. He even seemed able to interpret the language of the glaciers.

One of the best antidotes against loneliness is an interest — or, better still, a score or more of interests. A good hobby, perhaps. A devotion to books. Or, being wrapped up in mind and effort in some worthy cause. People who keep busy rarely get lonely. Even their spiritual loneliness is nourished.

The loneliest people in this world are those who live with no purpose, with no objective, or perspective upon life, and who daily bemoan their fate. Fate can be conquered just like any other ghost, or bogy. You don't have to be lonely. You can decide not to be!

SINCE MABEL MARRIED

Since Mabel got married our
worries are o'er,
We don't need to fret as we
fretted before,
We don't need to say, as was
often the case
"My dear, you have far too much
rouge on your face."
Or: "Good gracious, you musn't
be seen in that hat."
Her husband hereafter must look
after that.

Since Mabel got married her
mother and I
Have only each other's short-
comings to spy,
No longer we say with a look of
distress:
"My dear, you can't possibly wear
such a dress,
It's too low at the neck and too
short at the knees."
Now Mabel has only her husband
to please.

And it's lonely we are, sitting
here I declare,
With no one to tell what to do or
to wear,
When Mabel comes calling, it
doesn't seem right
Not to say: "Please get home in
good season tonight."
And it must seem to Mabel quite
strange to be free
From the critical eyes of her
mother and me.

Small Game Needs Proper Care And Cooking; Can Be Delicious, Economist Says

MRS. HELEN D. TUNISON
County Home Economist

Small game can be delicious if it is handled properly in the field, dressed correctly and cooked by methods suitable to the age of the animal.

MRS. TUNISON

Rich in protein, small game animals are characterized by a fine, delicate flavor.

When taken in season, muskrat, rabbit, or squirrel is usually less than a year old and the meat is tender. Tender cuts may be cooked by dry heat and less tender cuts by moist heat.

Tender game may be broiled, pan-broiled, or roasted. Braising or pot roasting is recommended for older, less tender game. Spices or a sauce may be added for flavor when braising game.

The same cooking principles may be used for duck, grouse and pheasant as for small game. Game may be substituted for meat and poultry in your favorite recipes.

According to Pennsylvania law, small game may be kept up to and including July 1 of the following year. Game birds and animals may be frozen or canned, following directions for freezing and canning meat and poultry. Use frozen game within four months. Instructions for canning and freezing may be obtained from Agricultural Extension Office, 111 Baltimore St., Gettysburg, Pa.

PLACING HEMLINES

Where to place hemlines in children's garments is a puzzle. Not even persons concerned with children's garments can agree whether hemlines should be above or below the knee, at mid-knee, or mid-thigh.

Skirts that are too long can make a garment less stylish and affect a child's personality. Wearing a garment that isn't becoming may make your child feel ill at ease and shy. Some persons think skirts that are too long make a child look sad, forlorn, dejected, or old for her age. For safety's sake, garments should not be too long. A child may trip on them and fall.

Short skirts allow freedom for activities your child enjoys. Depending on your child's weight, height and flesh distribution, skirts that are too short may not look well on her. When the designer plans the hemline and hem allowance, he considers the various figure types and purpose of the garment.

When you buy or make a garment for your child, allow for growth. A generous hem can be let out as the child grows taller.

CHOOSE TURKEY PARTS

Small families may have turkey without buying a large bird. Turkey parts in light, dark, or a combination of light and dark meat are available in most area stores.

If light meat is your favorite, try a turkey breast, with or without the bone. Drumsticks and thighs will give you dark meat if that is your preference. For a combination of light and dark meat, you can choose a half turkey or boned rolled meat.

Many different size turkeys are on the market. Turkey halves may range from seven to 12 pounds, while the combination dark and light meat rolls may weigh as little as two pounds.

Two drumsticks and two thighs account for about 25 per cent of the total weight of a bird. This means that these four parts on a 22-pound bird would weigh five to six pounds.

Cost per serving is similar, whether you buy boned turkey or a bird with bones. Boned rolled turkey costs more per pound, but you get more servings per pound.

Ask Police Guard For Negro Family

HARRISBURG (AP) — Atty. Gen. Walter E. Alessandroni says he has asked state police to maintain a round-the - clock guard over the home of a Negro family in a previously all-white neighborhood in Folcroft, Delaware County.

The home of Horace Baker was the scene of racial violence on Labor Day. Since that time, there have been reports of harassment against the Baker family.

Alessandroni said Thursday the state Justice Department would prosecute anyone connected with such harassment. His statement came in reply to demands by the Fellowship Commission in Philadelphia.

A department spokesman said complaints have been received that eggs and paint have been tossed against the home.

INSULIN CAN BEAT DIABETES IN CHILDREN

Although diabetes is much less common among children than it is among the middle and older age groups, it can prove fatal to youngsters unles it is brought under prompt medical control.

There is no cure yet for diabetes. However, with early detection and proper medical care, children with the condition almost always can continue to lead active and happy lives, according to Dr. Raymond F. Sheely, chairman of the 1963 Diabetes Detection Drive, which is currently being highlighted by Diabetes Week. The Adams County Medical Society is sponsoring the week's observance.

Having diabetes is no real barrier to an otherwise normal childhood and adolescence, provided the boy or girl has a clear understanding of what is involved in the treatment and learns to live with it. This means following a careful diet, exercising properly and taking insulin every day. Almost without exception, children with diabetes must take insulin, whereas some adults can use one of the newer oral compounds.

NO BAR TO CAREER

"The reaction of some people to a child having diabetes can affect a youngster's mental outlook and emotional health," Dr. Sheely warned. "Too much obvious sympathy, for example, can make a child feel sorry for himself or lead him to suppose that he never can be like other boys and girls. This over-protection can handicap him for life."

Both the diabetic child and his parents need to face the issue squarely. Dr. Sheely added: "With modern treatment, the child can live an active and healthful life and grow up to follow almost any career to which he or she is suited."

Although children develop diabetes quickly and in severe forms, according to Dr. Sheely, the condition can occasionally exist, even in the young without the parents being aware of it. It is extremely important, therefore, to test children for it, he added.

Latecomers Lead Cajun Classic

LAFAYETTE, La. (AP) — Two latecomers to the pro golf circuit led the field in the $20,000 Cajun Classic today with six-under-par 66s.

Joe Moresco of Woodmere, N.Y., and Duke Matthews of Eugene, Ore., both had 35-31 cards for the opening round over the 6,555-yard 36-36—72 Oakbourne Country Club course Thursday.

Of the 150 golfers entered, 75 were par or better for the day. Lurking three strokes back of the leader was Jack Nicklaus, ace of the field.

ST. LOUIS HAWKS LOSE TO LAKERS

LOS ANGELES (AP) — Hold Elgin Baylor to eight points and you've got the Los Angeles Lakers in trouble.

Right?

Wrong.

The St. Louis Hawks did it Thursday night and still lost to the Lakers by a dozen points, 111-99. The Hawks also lost the lead in the National Basketball Association's Western Division, dropping a half game behind Los Angeles.

While Baylor was having his problems, Jerry West was having a ball. He scored 35 points and Dick Barnett, making his first start for the Lakers this season, added 20.

No other NBA games were scheduled Thursday.

So far as anyone here could recall, Baylor had never before scored as few as eight points in any NBA game in which he played more than two quarters. Elgin, has been having trouble with his knees.

Injured Trio Okayed For Bullets' Final With Owls Here On Saturday At 1:30

A late medical report has cleared Center Bob Furney, End Mark Snyder and Quarterback Vance Johnston for action Saturday afternoon when Gettysburg College pulls down the curtain on its 1963 season against Temple on Memorial Field. The kickoff is slated for 1:30 o'clock. The game will be televised over WFIL-TV, Philadelphia.

Furney, a native of Gettysburg, was lost to the team back on September 28 when he sustained a knee injury in the Juniata game. Snyder, a former Big 33 high school player and elected co-captain of the Bullets, suffered a knee injury in the Bucknell game on September 21 and has been out of action ever since. Johnston sustained a severe sprain of the right ankle in the ankle in the Muhlenberg clash and has had to sit on the sidelines while Sophomore Jim Ward and Junior Don Enders handled the quarterbacking. All three players have received their medical release to return to action.

WILL SEE ACTION

Pleased with the announcement, Coach Gene Haas said the trio will see action. He stated that Johnston's and Snyder's performance would be limited, but that Furney would be pressed into duty immediately. The return of the three would increase Gettysburg's thin numbers to 29.

Gettysburg's starting lineup against the Owls will include: Ends, Ken Snyder, Harshey, and Barry Gruber, Harrisburg; tackles, Pat Noonan, Washington, D. C., and Irv Strohecker, Trevorton; guards, Ron Brentzel, Irwin, and Roger Casciani, York, and center, John Hilty, Quakertown.

Ward, Gaithersburg, Md., will draw the starting quarterback assignment with Rick Taylor, Camp Hill, at fullback. Dale Boyd, Pennville, N.J., and Phil Parsons, Cherry Hill, N.J., will man the halfback slots.

Despite Gettysburg's domination over the Owls in the last seven years, the Bullets are anticipating a rough afternoon. Coach George Makris has one of his toughest teams ever. The Owls will attempt to throw often, but if this doesn't work, they have a solid and experienced running attack. Halfback Joe Morelli and fullback Paul Malatesta are currently pacing the rushing department. Morelli has gained 368 yards on 90 carries while Malatesta has picked up 340 yards on 71 carries. Morelli has also recorded an additional 84 yards passing on five completions for 20 attempts.

Sophomore Joe Petro hold the lead in passing. He has completed 39 of 95 tosses for 687 yards and four TDs. Junior Mark Lichtenfeld has connected on 34 of 55 aerials for 432 yards. Dave Fecak and Steve Speers are the favorite targets for the Owl passers. Fecak has pulled down 15 tosses for 298 yards while Speers has landed 14 aerials for 197 yards. Petro is the team's top scorer with 54 points while Morelli has registered 36 tallies. Ray Chiumento is third with 27 points. Eighteen of his points have come on six of eight field goals.

OWLS' LINE STRONG

Another item the Bullets cannot afford to over look is the powerful Owl forward wall. Makris' starting line will include: Ends, John Hudak, 5'11", 165, and Speers, 6'1", 212; tackles, Frank Massina, 5'9", 210, and Ron Koehler, 6'1", 236; guards, Elmer Romeis, 5'8", 190, and Joe Cugini, 5'9", 200, and center, Charles Zontanos, 5'10", 210.

Petro, a 6'2", 185-pound product of Allentown, will start at quarterback. Malatesta, Fecak and Morelli will round out the starting backfield.

Gettysburg passers will have one last chance for a fourth school passing record. The Bullets will be aiming for four touchdown tosses to boost the season total to 20 currently held by the 1949 team. Ken Snyder needs two more scoring aerials to knot the record of seven set by Don Emert in 1949.

Temple will come to town with a 5-3-1 record and is sporting a 1-2 MAC university division record. Gettysburg is 5-4 on the season and 2-2 in the conference.

G-BURG TRIES FOR TITLE IN MAC RUN TODAY

The Gettysburg College cross-country team, which finished the regular season with an 11-1 record, will take part in the annual Middle Atlantic Conference championships this afternoon in Philadelphia.

The Bullet harriers, led by Seniors Jim Lombardi and Ed Salmon, rolled up a string of 19 consecutive wins before bowing to powerful Delaware in the last outing of the season. Delaware copped the MAC title a year ago and from all indications is a strong bet to retain the title. Gettysburg finished sixth among 17 school entered, but this year's run will take on a new look. The meet will be divided into two divisions, university, of which Gettysburg is a member, and college.

EXPECTS GOOD SHOWING

Asked if the new split in the meet would give the Bullets a better chance for the title, Coach Hal Glad said, "We will move up a couple of notches, but you have to remember that Delaware has a solid team with good veterans. LaSalle is much stronger this year as is St. Joseph's. I do think we can make a better showing than we have in previous years."

Lombardi is one of the finest runners to come on the scene in a long time. He has lost only three meets in the last two years. During that period he has broken nine opponent's course records and both the Gettysburg school and course record. The Montclair, N.J native has traveled the four miles in 21:01 for hist best time.

Salmon, Lemoyne, has had to follow Lombardi during the past two years after a sensational Sophomore season in which he copped all but one race. Bob Linders, Haworth, N.J.; Jerry Staub, Springfield, and Dave Bloomer, Phoenixville, have the potential of closing the gap beyond the first two men. Should the come around with Bob Loomis, Lebanon, N.J., and Rodger Malehorn, Philadelphia, the Bullets could be a dark horse.

EDDIE KOONTZ PACED BOLTS' GRID ATTACK

Eddie Koontz, the husky 195-pound fullback of the Littlestown High School football squad, was the top ground gainer and leading scorer for the Thunderbolts during the past season, according to statistics announced today.

Koontz tallied nine touchdowns and in 123 carries picked up a total of 658 yards. He was thrown for a total loss of but 46 yards, giving him a net yardage of 612. The Bolt workhorse also completed 11 of 30 passes for 239 yards and one touchdown. He was on the receiving end of 11 aerials.

Terry Arbogast, quarterback, was second in offense with 60 yards net rushing, 324 on passing in completing 27 of 60 aerials, four of which went for touchdowns. He also booted nine extra points.

Louie Orndorff trailed Koontz in the rushing department with 239 net yards and one touchdown. Terry Orndorff picked up 203 yards and two touchdowns.

Jim Strevig, end, was the leading target for passes, catching 25 for 421 yards and three six-pointers.

Don Bair, accounted for 75 yards rushing in 26 tries, Jim Blocher 21 in six, Greg Smith 10 ir three, and Greg Myers five in one.

In compiling a 4-4-1 season the Bolts gained 1,403 yards rushing and 1,061 passing for a total offense of 2,464.

GETS NEW POST

JOHANNESBURG, South Africa (AP)—Dr. Hilgard Muller, South Africa's ambassador in London, has been named to succeed Eric Louw as foreign minister.

Louw, 73, is retiring at the end of the year because of his age. Muller, 49, will be sworn in Jan. 2.

Army Physical Set For Clay

NEW YORK (AP) — Cassius Clay probably won't have to take his Army physical examination until the end of December, according to Selective Service headquarters.

The one-time laughing boy of boxing, who now appears glum at times, has obtained a draft transfer from Louisville to New York. Selective Service officials said Thursday his transfer papers have not yet arrived so no date for his exam can be set.

There seems little doubt that Clay will be able to go through his heavyweight title fight with champion Sonny Liston in February. No date or site has been announced yet.

OLD IRONSIDES ONE PRIZE FOR PITT AND PSU

PITTSBURGH (AP) — Old Ironsides is the forgotten prize of Saturdays football battle between arch rivals Pitt and Penn State.

Talk of bowl and prestige overshadow the three-sided hunk of steel representing the Little Brown Jug of the Pitt-Penn State-West Virginia round robin.

But it too will be at stake.

Both the fifth ranked Panthers and the Nittany Lions have beaten West Virginia, to set the stage for the Ironsides playoff.

HEAVIEST TROPHY

The triangular trophy, described as the heaviest piece of victory hardware in the nation, is a gimmick of the Pittsburgh Junior Chambers of Commerce dating back to 1952.

It is 200 pounds of stainless steel with three sides, one for each team.

The design was prompted by the fact that three teams in a iron and steel region take part in the rivalry.

Besides sewing up a bowl bid, the powerful Panthers will be trying to win Old Ironsides for the first time since their Sugar Bowl team of 1955.

LIONS LEAD SERIES

The battle will be the 63rd meeting between the two schools. The Lions hold the edge 33-26 with four games ending in ties, but the Panthers are the definite favorites.

State coach Rip Engle is the first to agree.

"They've got depth, speed, size and experience," he said. "They have the speed to kill you outside and the power to run over you inside. Paul Martha, Fred Mazurek and Rick Leeson are as fine a trio of backs as I've seen."

PITT'S RECORD BETTER

Against common opponents, Pitt is 4-0, Penn State 2-2. State lost 9-0 to Syracuse and 10-7 to Army. Pitt beat Syracuse 35-27 and Army 28-0.

Meanwhile, injuries continue to cripple the Lions. Fullback Ed Stuckrath was placed on the doubtful list Thursday after re-injuring a knee in practice. The Lions have been without a front line of tackles for two weeks and prospects for Saturday are dim.

Tackles Harrison Rosdahl and Terry Monaghan will definitely be on the sidelines. And there still is doubt about Gary Eberle. Also nursing wounds are tackles Joe Bellas and John Deibert.

LOST GAME FOR 10

Despite the odds Engle promised that his team will be out there giving it a go.

"They love to play football and they might as well be playing against the best," he said. "That's how to get the best experience and a lot of them will be back next year."

Ten of the Lions, including uarterback Pete Liske and halfback Junior Powell, will be bringing down the curtain on their Penn State careers, unless a bowl bid is forthcoming.

Both teams have been mentioned prominently, but the Nittany Lions themselves don't take the gesture seriously.

Pitt, with its 7-1 record, is being mentioned by the Cotton, Orange, Sugar and Gator bowls.

The cotton and gator bowl committees also have listed Penn State, 7-2, as a possibility.

Freshman Dies Of Heart Attack

PITTSBUKGH (AP) — The Allegheny County coroner's office reported today that a Pittsburgh area basketball player suffered a fatal heart failure during a practice game Thursday night.

John D. Dzikowski, 13, of suburban Snowdeo Twp., a freshman at Canevin High School, collapsed while practicing and was dead on arrival at Allegheny General Hospital.

An autopsy was conducted and the coroner's office said cause of death was heart failure.

Win Over Giants Is "Must" For Cardinals; Bears Will Face Up To Potent Steelers

By TED MEIER

You can't score if you don't have the ball. The coaches call it ball control.

And that's the way the St. Louis Cardinals plan to play against the New York Giants Sunday in what shape up as the top pro football game of the day. A full slate of 11 games is on tap with every team in both the National and American Leagues in action.

Just as a week ago when they upset the Cleveland Browns, a victory over the Giants is a MUST for the Cardinals to stay in contention for the Eastern Conference NFL title. In fact, a St. Louis victory could very well create a three-way tie between the Giants, the Cardinals and the Browns.

BALTIMORE AT LA

The Chicago Bears, who gained undisputed possession of first place in the Western Conference by beating Green Bay last Sunday, tangle with the dangerous Steelers at Pittsburgh in another potent NFL struggle. In the others Dallas is at Cleveland, Baltimore at Los Angeles, Detroit at Minnesota, Washington at Philadelphia and Green Bay takes on San Francisco at Milwaukee.

In the American League Houston is at San Diego in a battle of divisional leaders, Oakland is at Denver, Buffalo is at Boston and Kansas City at New York in a Polo Grounds setto in direct conflict with the NFL clash between the Cardinals and Giants just a hop, skip and jump away at Yankee Stadium.

The Giants whipped the Cardinals 38-21 earlier this month in St. Louis as part of their five-game winning-streak.

TRIPLE TIE POSSIBLE

A St. Louis victory, coupled with a Cleveland triumph, would create the triple tie between the Cards, Giants and Browns. Each would have an 8-3 record.

Pittsburgh, 6-3-1, still has title hopes and if the Steelers upset the Bears a St. Louis victory would really snarl the Eastern Conference standings. Not only that, but a Pittsburgh victory, coupled with a Green Bay triumph, again would tie the Bears and Packers for first in the West.

Fullback Rick Casares is lost to the Bears, but the current edition of the old Monsters of the Midway still are expected to beat the Steelers now that their first conference title in seven years is within their grasp. Injured quarterback Bart Starr may play for Green Bay for the first time in five games while Jimmy Brown of Cleveland can set and NFL season rushing mark by getting 81 yards against Dallas He now has 1,447 yards and he set the record of 1,527 five years ago.

The Houston at San Diego fray is the top game in the AFL and it is being billed as a preview of the championship battle in December between the divisional title winners. The Oilers lead the Eastern Division with a 6-4 mark while the Chargers, 8-2, head the Western Division.

With the loser facing elimination, the Buffalo at Boston game is of No. 2 importance in the AFL. The teams now are tied at 5-5-1 for the runner-up spot behind Houston in the East. The Bills pulled out a 28-21 over the Patriots in their first meeting this season.

The New York Jets, still with a faint hope at 4-5-1, expect to stay in the running by beating Kansas City. The Chiefs, last year's AFL champions, have only a tie to show in their last six games.

Prime Minister Is Upset In Scotland

DUNDEE, Scotland (AP) — Harold Wilson's Labor party handed Prime Minister Sir Alec Douglas-Home's Conservatives another election defeat in Sir Alec's Scottish homeland today.

The prime minister's personal prestige was directly involved in the voting to fill West Dundee's seat in the House of Commons. He made a television appeal for the Conservative candidate.

Laborite Peter Doig took 22,449 votes to 17,494 for the Conservative, Dr. Robert Taylor.

100,000 Bankers Strike In Italy

ROME (AP) — Services in commercial and savings banks throughout Italy were disrupted today by a strike of more than 100,000 tellers, clerks and other employes.

Pro-Communist and non-Communist unions ordered the 24-hour walkout to support demands for a cost-of-living bonus.

The unions demand an annual bonus equal to 125 per cent of monthly pay, but not less than $224, to meet rising living costs.

The ancient Egyptian temple of Kalabsha, near Aswan, bears an inscription of about A.D. 249 sternly ordering herders to keep pigs out of the holy place.

MOUNT CAGERS WILL PLAY IN YORK BENEFIT

Susquehanna University's basketball team will participate for the third consecutive year in the annual "Sports Night" program at York.

"Sports Night" is sponsored each year by the Sertoma Club of York, which donates the proceeds to charity. This year's program is scheduled for Saturday, Dec. 7, in the Central High School gymnasium, with proceeds to be used to purchase and install a swimming pool at Camp Pennwood, a day camp for retarded children. The featured event will be a basketball game between Susquehanna University and Mt. St. Mary's College of Emmitsburg.

GAME AT 9

The basketball game will begin about 9 p.m. and will be preceded by weightlifting by members of the York Barbell Club and college wrestling exhibitions, and a posing exhibition by Vern Weaver, Mr. America of 1963, starting at 7:30 p.m.

Both Mt. St. Mary's and Susquehanna have had outstanding small-college basketball teams during the past several seasons. Susquehanna had a 15-5 record during the 1961-62 season and a 20-4 log last winter. Mt. St. Mary's slipped to 13-12 last year, but won the championship of the Mason-Dixon conference. In 1962, Mt. St. Mary's had a 24-6 record and won the NCAA's national small-college tournament.

Susquehanna defeated Catholic University 84-70 during last year's "Sports Night" and lost to Gettysburg 70-60 in 1961.

PICK THOMAS OVER PERSOL

NEW YORK (AP)—Chicago's Allen Thomas is a 4-1 favorite to spoil Johnny Persol's hopes of making a storybook debut as a winning substitute at Madison Suare Garden tonight.

The 22-year-old light heavyweight contender figures to have too much punch and experience for the unbeaten Brooklyn shipping clerk in the television 10-rounder.

Persol was signed hurriedly Wednesday to sub for Mauro Mina, the Peruvian challenger who was barred from fighting Thomas because he had undergone an operation for a detached retina of the left eye.

Unbeaten in 85 bouts as an amateur, Persol turned pro this year and has a 9-0 record, including three knockouts. He received $50 for his first pro fight but Friday night he will earn $4,000 for the TV shot and get a crack at a ranking fighter.

Thomas, also 22, is the No. 9 contender. He has a 19-2-1 record, including 11 knockouts. The Chicagoan is under the tutelage of Archie Moore, former light heavyweight champion.

Starting time for the ABC-TV fight is 10 p.m., EST.

Scoring will be by the rounds system.

$75,000 RACE AT PIMLICO

By ORLO ROBERTSON
Associated Press Sports Writer

The 1963 northern thoroughbred racing season is in its waning days but there's still plenty of money around for the horses Saturday with the $75,000 added Pimlico Futurity the richest attraction.

The 1 1-16 miles of the Futurity figures to attract 14 2-year-olds and if that many start it'll be worth $176,250 with $110,012 going to the winner. The second richest race on the agenda is the two miles of the $50,000-added Display Handicap at Aueduct.

Best known of the probable Pimlico Futurity field are Mrs. Marion R. Frankel's Bupers, Reginald Webster's Traffic and John W. Hanes' Breakspear. Bupers won the Futurity at Aueduct, Traffic the Hopeful at Saratoga and Breakspear finished first in the Futurity Trial at Pimlico Monday only to be disualified and placed fourth for interference.

Other probable starters include Even Exchange, a stableate of Traffic who will start only if there is an off track; Murad, Nenemoosha, Phantom Shot, Quadrangle, Ramant, Roman Column, Sub Commander and the entry of Bleacherite and Orientalist. All will carry 122 pounds.

Paul Bongarzone's front-running Dean Carl packs top weight of 121 pounds in the Display and is the probable choice.

TITLES, BOWL BIDS GOING ON LINE SATURDAY

By BOB GREEN
Associated Press Sports Writer

A half-dozen conference titles and trips to the Rose and Orange Bowls go on the line Saturday while a score of tradition-hallowed games spice the next to last big college football weekend of the season.

The key games pit Illinois at Michigan State and Oklahoma at Nebraska. All four teams hold national rankings and the winner of each gains a major bowl berth.

Still another bowl spot, the host role in the Rose Bowl, could be settled in the fight between Big Six leader Washington and Washington State, one of the many traditional games that defy the form sheets.

MOST HALLOWED

Probably the most hallowed of all is the 80th clash of Yale and Harvard, this time at New Haven, Conn. Harvard has a slim chance to gain the Ivy title, but—following league rules—will not be eligible for bowl bids.

Among the others, Arizona can clinch the Western Athletic Conference title by beating New Mexico while Duke and North Carolina tangle at Durham, N.C., with a chance to clinch a share of the Atlantic Coast Conference title.

Several of the big ones hold off for a week before their traditional wind-up games. Top-ranked Texas, the only remaining unbeaten, untied team and already certain of the host spot in the Cotton Bowl closes against old foe Texas A&M Thanksgiving Day.

BIG ONE NOV. 30

Second-ranked Navy, a prime bowl contender closes its regular season at Philadelphia Nov 30, shooting for its fifth straight triumph over Army. Mississippi, No. 3 nationally, waits until Nov. 30 to close out against Mississippi State while Alabama, No. 6, plays Auburn the same day.

Auburn, ranked ninth on a 7-1 record, goes against Florida State Saturday, and fifth-ranked Pitt visits old rival Penn State.

Mississippi is a top candidate for the Southeastern Conference title and a shot at either the Sugar or Orange Bowls. Navy, Pitt, Alabama and Auburn all are prime bowl contenders.

FEATURED ATTRACTIONS

The Michigan State - Illinois and Oklahoma Nebraska games remain the featured Saturday attractions.

Michigan State and Illinois are ranked fourth and eighth, respectively, in the nation, each with a 6-1-1 record. Each has an explosive ground game and a grudging defense. Either could win the Big Ten title and the Rose Bowl trip with a victory, while Michigan State and pick up all the marbles on a tie. Michigan State is 4-0-1 in the league, Illinois 4-1-1.

Oklahoma is No. 6 at 7-1 and Nebraska No. 10 at 8-1. The winner automatically goes to the Orange Bowl. It's the wind-up for Nebraska, while Oklahoma has yet to face oft-beaten Oklahoma State.

TOUGH OPPONENTS

Pitt is No. 5 at 7-1 but has two tough opponents en route to a major bowl berth. The Panthers have a major foe in Penn State, 7-2, Saturday, then close against dangerous Miami, Fla.

The host spot in the Rose Bowl depends on two games, Washington - Washington State and Southern California-UCLA. Should favored Washington win, the Huskies would have the best record, 4-1, but a loss could toss the Big Six into a jumble. UCLA and Southern Cal each are 2-1 going in.

The television fare is split by regions, with Harvard-Yale to be shown in the East. The South will see Clemson vs. South Carolina while the rest of the nation gets Wisconsin-Minnesota.

All are on CBS.

Attendance Up But Club Loses Money

SYRACUSE, N. Y. (AP)—The Syracuse Chiefs, Northern Division champions of the International Baseball League, lost $14,661 last year despite the largest home attendance in the last three years, the club reported Thursday night.

Frank Barry, chairman of the board of the community-owned club, told the annual meeting of stockholders that 1963 home attendance totaled 165,611, an increase of 62,000 over 1962.

HOUSTON (AP)—Ten teams are under consideration for the Dec. 21 Bluebonnet Bowl.

Lou Hassell, executive director, listed the teams Thursday as Oklahoma, Nebraska, Louisiana State, Auburn, Georgia Tech, Navy, Baylor, Memphis State, Mississippi State and Pittsburgh.

KANSAS CITY (AP) — Chris Burford, split end of the Kansas City Chiefs, may miss Sunday's game with the Jets at New York because of a kidney stone, the club reported Thursday.

BEARS, GIANTS PICKED TO WIN NFL CONTESTS

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Pittsburgh and St. Louis can throw the National Football League into a wild scramble that could result in playoffs in both divisions if they can upset the Chicago Bears and New York Giants Sunday.

The Steelers, having upended Cleveland two weeks ago, barely sneaked past Washington last week while the Bears were beating Green Bay for the second time.

Chicago, leading the Western Conference by one game, must whip the Steelers at Pittsburgh because the Packers figure to take it out on the weak San Francisco 49ers at Milwaukee.

STEELERS NEED WIN

The Steelers still are on the fringe of Eastern Conference race. They need a win to stay alive. If they upset the Bears, if St. Louis defeats the Giants and if Cleveland wins as expected over Dallas, there will be triple tie in the East. Pittsburgh then would be only one-half game back.

With four weeks to go the old batting average is 49-20-1 in the NFL, 18-16-3 in the AFL for an over-all 67-34-4. Here we go again (all games Sunday unless otherwise noted):

NFL

Chicago 21, Pittsburgh 17 — Not even John Henry Johnson and Ed Brown in a mood for revenge can crack the Bear defense.

New York 31, St. Louis 21—Y. A. Tittle threw four TD passes against the Cards in a 38-21 victory Nov. 3. Loss of Dick Lynch may open Sonny Randle for Charley Johnson's pitches but Card passer will get the big rush again.

Cleveland 28, Dallas 21—The Browns rolled it up on the Cowboys earlier 41-24 and last home game could be reason to turn Jimmy Brown loose again.

EASY FOR PACKERS

Green Bay 35, San Francisco 7—And how would you like to be playing the Packers this week? 49ers showed nothing against Giants

Washington 27, Philadelphia 21—Norm Snead-Bobby Mitchell battery clicking again but defense still shaky. Sonny Jurgensen's return could be decisive

Minnesota 24, Detroit 21—Despite 28-21 Lion victory in October, injuries have hit Detroit defense again with Night Train Lane doubtful.

COLTS SHOULD WIN

Baltimore 20, Los Angeles 14—California trips usually result in letdown by Colts but a shaky vote for Baltimore and Johnny Unitas over Roman Gabriel, mostly on Colts' pass defense.

Green Bay 31, Detroit 14 (Thanksgiving Day) — Hardly a man is still alive who doesn't remember last year's game when Lions did Packers in 26-14. Packers won first game in September 31-10 when Detroit was healthy. A national TV audience will be watching and Vince Lombardi is a man who never forgets.

AFL

San Diego 24, Houston 7—This could be preview of Dec. 22 title game. Chargers home after three-game winning road trip.

Oakland 21, Denver 17—Raiders continue to surprise by staying on heels of San Diego, two back with four to go.

Boston 27, Buffalo 21 — Two teams are tied for second, a half game back of Houston. Although Bills won 28-21 Oct. 26, Boston should pull it out at home.

New York 28, Kansas City 21—Both teams have been struggling but Jets are about due to win one at home.

Kansas City 28, Denver 21 (Thanksgiving Day) — If Chiefs are going to do any business in rest of season at home they had better stop those gaps in Broncos' pass defense.

TAIPEI, Formosa (AP) — Nationalist China reported today its commandos staged two raids on Communist-held Nanjih Island Tuesday, killed 10 Red soldiers and captured five others.

All commandos returned safely to their base, the Nationalist government reported.

AERIAL FIGHT AT THE STADIUM

NEW YORK (AP) — There won't be a trapeze set up in Yankee Stadium Sunday but you can bet the New York Giants and St. Louis Cardinals will hold an aerial circus anyway.

New York's Y. A. Tittle and St. Louis' Charley Johnson figure to do plenty of pitching as the Cards challenge New York's one-game lead in the National Football League's Eastern Division.

The Giants, shooting for their sixth straight victory, can all but end St. Louis' hopes with a victory. That would drop the Cards two lengths back with only three games to go.

But New York will be facing a hot hand in Johnson, who is riding a string of 10 straight completions. Those came against the Cleveland Browns a week ago as St. Louis beat Cleveland for the first time in nine years, 20-14.

Tittle, the NFL's leading passer, picked St. Louis' secondary apart the first time these two clubs met. Yat fired four TD passes as New York romped 38-21. But New York Coach Allie Sherman thinks the Cards will be a lot tougher this time around.

St. Louis will be in better shape physically for Sunday's clash. New York's doubtful starters include Dick Lynch, defensive safety out with a head injury and Alex Webster, whose left knee makes him a question mark. Dick Pesonen will fill in for Lynch and Joe Morrison, who gained 98 yards against San Francisco last week, inherits Webster's fullback spot.

Sermon For The Week

"RICH FOOLS"
Luke 12:15
By REV. OTTO KROEGER
Pastor, Zion Lutheran Church Fairfield

Everyone seems to agree with the Scriptural quote that "man does not live by bread alone" but it appears that our daily living cuts across this passage completely and in reality possessions are very important to all of us. On the one hand we give mental assent to the idea of life being more than just worldly possessions but on the other hand money and the things money buys become some of life's strongest motivating forces.

Christ told a parable about a man who found it quite easy to grow grain, in fact so easy that he had to tear down his barns and build bigger ones in order to make room for the abundance. He spent all of his life working hard so that some day he would have a reserve and then could "take it easy." However, the one think he had not considered was an early death . . . and so it happened to the man only to have his life end in waste and his efforts end in futility.

NEGLECT GOD

Perhaps one of the real tragedies of our time is our concern in building more "storage space" so that someday we'll have something. There are those who are too tired or too busy working hard to have even a few moments for Christ. And they are working hard too, there is no disputing this, but so was the Rich Fool! One day they will stand before the same judgment throne and will have to turn in an account of their stewardship.

Also numbered in this group are those who neglect the more personal relationship of life while they are busy working. One finds in this group the busy ministers, doctors, lawyers, community leaders, as well as the working mothers who in the name of service completely neglect their families. Often parents think a fine family will just develop without giving to it the ingredients of love, attention, time, concern and the many other things that money will not buy.

In this particular passage of Luke, Christ has promised his followers the Kingdom of Heaven but to the modern American this seems so intangible that we prefer the possessions of the world that we can touch, feel, and claim to be ours. Sadly enough Satan has led us to the mountain peak and promised us the world and its glories and vanities mean more than the Kingdom of God. Tragic indeed when man takes the possessions of the world which God has given him to use, and makes these things his whole life, claiming ownership and storing them selfishly. Bruce Barton has pointedly illustrated the whole concept of possessions for us in his story of the two seas. One has stagnant water in it and is utterly useless because it only takes in water from its feeding tributaries and never gives any water away. This is the Dead Sea. The other is rich with blue water and feeds all the land that surrounds it and is a very useful sea to all who live near it. It takes water from its surroundings and it gives off water continually. This is the Sea of Galilee. To take and never give only makes us a Rich Fool. "Take heed and beware of all covetousness, for a man's life does not consist in the abundance of his possessions." Amen.

the Secret of THANKSGIVING

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Does the "horn of plenty" make us thankful?

We do not become thankful by our abundance. The spoiled child lavished with gifts is not thankful.

It is not the horn of plenty, but the bigness of our heart that makes us thankful. The blessings God gives are infinite, but we must have the capacity to receive. Like a child who carries a bucket of water from the sea, we can only carry as many blessings as our heart will hold.

The capacity to receive comes through worship and prayer. We go into the presence of God and think deeply about our life. Understanding is awakened. With new eyes, we see our blessings and are grateful. We kneel poor, and rise rich.

Thanksgiving Day brings us a special opportunity for worship and prayer. Isn't this why we want to be in Church with our family? Here we discover the secret of thanksgiving.

BOYLE'S Grab Bag

NEW YORK (AP)—Now and then a fellow ought to rear back and take a long steady look at how he earns his living—and what his work means to him.

It came as something of a shock to me the other day to realize I had been writing a daily newspaper column for 20 years, which made me feel something like a dinosaur at the typewriter

I had to admit also to a feeling of humility. During those two decades I had composed more than 5,000 immortal messages to mankind, and what had they achieved? Very little, I must confess.

LACKED HELP

The world still seems embroiled in a great big mess, but I can't see that this is altogether my fault. No man can make a better world single - handed, and I don't feel I've had enough help on the job.

And besides I'm not through. Give me another 20 years, and I may be able to save civilization yet — the modest goal of every columnist, in one way or another.

The life of a columnist is hardly what some romantic members of the public think it to be. In this beatific vision, the columnist dwells in a penthouse, rides to work in a chauffeur - driven limousine, spends his afternoons giving advice by long distance to President Kennedy and Premier Khrushchev, and his evenings in the glamorous company of movie and society queens

INACCURATE DESCRIPTION

It hasn't quite worked out that way with me. My chauffeur is a bus driver, I live in a four-room, well-appointed tenement apartment, film dolls rarely invite me out to supper, and sometimes days and days go by without either Kennedy or Khrushchev asking me for help.

No wonder the world's in such a pickle. I haven't been given the tools to do the job.

Some more personal notes on the columnist's trade:

It enlarges the soul, but wrinkles the brain.

There are those who believe that writing a column is an easy racket, but Don Marquis said it best long ago when he described this peculiar form of industry as "digging a daily grave."

Nine out of 10 column readers firmly believe that, given the same opportunity, they could do a better job. And any columnist, if he is honest must wonder if perhaps six of them aren't right.

REAL REWARDS

What is the real reward of columning? It is that old cliche of the newspaper world—"You meet such interesting people."

People make up a columnist's universe, and they are endlessly exciting—the schemers and dreamers, the oddballs and the geniuses, the rut-contented and path plowers. And there is no danger of running out of fresh material, as more people are born every day

There is one other reward. A columnist is free, in Horace Greeley's phrase, to seek "the bright sunbeam of truth."

What more could a fellow want?

Fines Assessed For Price Fixing

NEW YORK (AP)—The Baldwin-Lima - Hamilton Corp., a Philadelphia Steel firm, and two executives of Pittsburgh Steel Foundries Co., Inc., have been fined following pleas of no contest to price fixing charges.

PHILADELPHIA (AP)—The Pennsylvania Railroad will do some housekeeping starting Dec. 1. in a giant cleanup effort throughout its 13-state area.

ACCUSES U.S. TRIES TO MAKE CONVOY RULES

By PRESTON GROVER
Associated Press Staff Writer

MOSCOW (AP) — The Soviet Union accused the United States today of trying to make the rules for Soviet policing of Western convoy traffic on the Berlin autobahn. The Russians warned they would not permit this.

A Russian note to the U. S. government rejected an American protest over the stalling of a U.S. Army convoy for 42 hours Nov. 4-5 because the Americans refused to dismount from their vehicles and be counted.

RENEW THREATS

The Soviet reply renewed the threat of more interference with Allied troop convoys on the 110-mile lifeline highway between West Berlin and West Germany. The Allies insist they have the right to move on the autobahn as they like.

The Kremlin note said: "The claims of the American authorities to establish at their discretion the range of duties and manner of action of Soviet representatives at the checkpoint in checking American servicemen are in general absolutely untenable."

Since Oct. 10 the Russians have held up three American convoys and one British convoy at Soviet checkpoints on the autobahn because the convoy commanders refused to allow their men to be counted.

REFUSE TO DISMOUNT

The Western Allies said their long-established procedure was to permit their troops to dismount for a Soviet headcount only if more than 30 men were aboard, not counting drivers and co-drivers.

The Western Powers seplled out this procedure to the Soviet Union Oct. 29.

During the six-week period since Oct. 10, a number of other allied convoys with less than 30 passengers have made the autobahn trip with interference.

The Russian note warned that "the entire responsibility for possible undesirable consequences of the violation by American servicemen of control procedure at Soviet checkpoints will rest entirely with the American side."

The U.S. protest note was delivered Nov. 6.

SUFFOCATES SON THEN ENDS LIFE

NEW YORK (AP) — A police entry of "homicide - suicide" was the tragic epitaph of a devoted mother and her retarded son.

The world in which Mrs. Rose Cohen had lived since 1926, when her son Israel was born, began to cave in last Wednesday when her husband, Benjamin, became seriously ill.

He was taken to a hospital for tests to determine if his illness is cancer.

Within hours after he was taken away, police said, Mrs. Cohen suffocated her son with a plastic bag then killed herself with sleeping pills.

A married daughter found the bodies of mother and son locked in an embrace in their Bronx apartment Thursday.

The father was not immediately told of the tragedy.

Entomologist Sues For Polio Damage

PORTLAND, Ore. (AP) —Dr. Paul O. Ritcher, 53, head of the entomology department at Oregon State University, filed a $1-million damage suit Thursday against a manufacturer and a distributor of Sabin oral vaccine, type III.

Ritcher contends in the suit that taking the vaccine caused him to contract polio.

The suit names Charles Pfizer & Co. as manufacturer of the vaccine. Northwest Drug Co., a Washington state firm, was named distributor.

Ritcher said he took the vaccine orally at Corvallis, Ore., June 7, 1962.

Try New Test For A Nuclear Fleet

LONDON (AP) — Six NATO nations have agreed in principle to launch a unique test—probably next year—that could overcome a major hurdle for Presidnt Kennedy's plan for an international nuclear fleet.

Diplomats said Thursday the six agreed to man an American warship jointly to test feasibility of the proposed Multilateral Nuclear Force.

U.S. officials offered the warship last month apparently to lessen European doubts about the practicability of the mixed-nationality fleet. They said the six nations willing to participate are Belgium, Britain, West Germany, Greece, Italy and Turkey.

BUDDY PARKER GETS PRIVACY FOR DRILLS

By LOU PRATO

PITTSBURGH (AP)—Judging by his actions you would think Coach Buddy Parker of the Pittsburgh Steelers has devised some trickery to spring on the Chicago Bears at Forbes Field Sunday.

But by his words, he apparently doesn't think it will do him any good.

In a secret maneuver Thursday Parker shifted his team's practice session from their regular site at wide open South Park to the private confines of Forbes Field.

RACES AT STAKE

"I just wanted more privacy," Parker said. "I do this now and then when I think the opposing coach has too many spies around. Besides, what George (Halas) doesn't know doesn't hurt him."

Sunday's game could affect both division races.

A Pittsburgh defeat would eliminate the fourth-place Steelers from contention in the east. With a 6-3-1 record compared to first place New York's 8-2 mark they are, at best, a long shot title hopeful.

A Steeler victory combined with an expected Packers' win over San Francisco would drop the Bears, now 9-1 into a first place Western Division tie with Green Bay.

WESTINGHOUSE STRIKES GO ON

PITTSBURGH (AP)—Strikes continued today at Westinghouse Electric Corp. plants at Cheswick and Vanport, Beaver County, as the result of the rejection of new contract offers.

AFL-CIO International Brotherhood of Electrical Workers locals 1914 representing about 1,300 workers at Vanport, and 201, representing 519 workers at Cheswick, rejected the offers Thursday night.

The chief issue blocking settlement is the application of total company job seniority to the two plants.

The two plants are among six being struck. The IBEW bargains locally at all six.

ADVERTISE IN THE TIMES

Garner Marks 95th Birthday Today

UVALDE, Tex. (AP)—Birthdays can still be exciting even to a man of 95, says former Vice President John Nance Garner.

"All these packages and cards make my old heart go pittypat," confessed the white-haired Texan who spent 30 years in Congress and eight more as vice president before quitting politics 23 years ago.

Now, still rather active but with eyesight dimming he lives quietly in a little house beside the home Garner donated for a museum here some years back.

Word came in advance that President Kennedy, a fellow Democrat visiting elsewhere in the state, would telephone Garner congratulations during today's birthday observance.

Baker, chairman of the constitution, presented a new constitution which was adopted by the organization and which changes the group's name to the Lutheran Church Women of St. James Lutheran Church of Gettysburg. Mrs. C. C. Culp and Miss Irene Day were other members of the constitution committee.

The devotional period was in charge of Miss Margaret Howard, a member of the Phoebe Circle. Mrs. Mary Fridinger and Mrs. Ralph Forry received the offering. A women's chorus under the direction of Mrs. Luther I. Sachs presented several numbers.

The women moved from the dining room to the church sanctuary to hear Dr. Frank C Laubach speak and then returned to the dining room for re-assignment of circle members and for a fellowship hour.

Mrs. Waybright appointed the following auditing committee: Mrs. Prosser, Mrs. Mervin Murray and Mrs. Forry.

She asked anyone interested in further information about Dr. Laubach's world literacy work to write to Laubach Literacy Fund, Inc., Box 131, Syracuse 10, N. Y.

Mrs. Richard C. Lighter, Christian action chairman this year, gave a resume of work done by the circles in 1963.

Hostesses were members of the Esther Circle and Priscilla Circles. Mrs. Lighter and Mrs. Sadie Almoney, Priscilla Circle leader, presided at the refreshment table, where the centerpiece was an antique coal oil lamp and sugar bucket from which spilled corn, gourds, fruit and bittersweet.

Scots Are

(Continued From Page 1)

the same time 130 young people from those countries came here. The program itself is about 15 years old, with IFYE delegates traveling back and forth each year to reside with families in the countries they are scheduled to visit.

As it worked out this year, while Miss Lott was in Scotland her "exchange" from Scotland, Miss Ellen Young, was visiting in Maryland. The people with whom she stayed brought her to see the Gettysburg Battlefield and Miss Lott's parents, and she stayed four days at the Lott farm. Before arriving home last week, Miss Lott had the opportunity to visit with Miss Young and while in Scotland had visited with Miss Young's family.

She found in Scotland that the "barrians," the "lunes" and the "quines" were much like their American counterparts — called here "children," "boys" and "girls."

LOTS TO LEARN

She was somewhat startled when some Scots scaled milk and then put instant coffee in the hot milk — but she found it delicious.

And she learned before too long that in Scotland the people are Scotsmen — and never, never Scotchmen. She also learned that the deepest of insults is to call a Scotsman an Englishman.

Eating in Scotland is an international experience. The Scots produce only half the food they need and they import the other half. Thus the food purchases at the store might include something from practically every country in the world.

The Scottish climate — cool and damp with little sunshine, militates against fruit growing, and so most fruit comes from other countries — peaches from Spain, plums from France and apples from as far away as New Zealand.

"MORE RELAXED"

The damp climate produces frequent "drizzles" but seldow heavy rains as Adams County knows. But the frequent light showers produce "magnificent pastures" and as a result a great many cattle are raised. Miss Lott found a herd of "1,000 ewes" plus "about 2,000 followers — lambs' on a 3,000-acre farm among the 10 at which she stayed during her six months in Scotland. There she "became an expert with the needle, providing the inoculations for the sheep" She also found there — as elsewhere in Scotland — "the Scots work hard and play hard and in that order — the work must be done first. In fact they work like fiends. They have a great deal of determination." On the sheep farm one day she aided two shepherds in rounding up the sheep from 500 acres and found "I never walked so far in my life."

Despite their hard working habits, the Scots are "more relaxed, their pace is slower in a way. They work hard but do not have that driving compulsion we seem to have. The cattle do not have to be sold tomorrow, they can just as well be sold a week from now. It's that difference in attitude."

TO MARKET WEEKLY

Once a week, generally, the Scots go to market, whether they have anything to sell or not. It provides an opportunity to chat with old friends, buy the week's groceries and other supplies, etc.

Beef goes to the market at about 900 pounds and barley-fed cross breeds seem to grow to size for sale in the quickest time—about 10 weeks. The Aberdeen-Angus farmers are of two types. Some are engaged in keeping the breed pure, others in cross breeding. The cross breeders produce a bluish gray cow they call an "Irish Beast" which seems to mature more swiftly than others. The farms that keep the great Angus herds pure produce animals of such quality one bull alone was recently sold for $64,000.

Six meals a day start with porridge (oatmeal) in the morning, "and it really sticks to the ribs."

KILTS ARE "SPECIAL"

The Scots are a thrifty race—"but are not Scotch, in the way we normally joke about Scotsmen. They will save up for something they want and they never throw their money around. But they are not stingy. They like to be able to pay for what they buy and the installment plan, which they call 'hire-purchase' has not been well accepted."

The Scottish highlands are "barren mountains, much higher than our South Mountains, with heather, about six inches high, growing all over them. A great amount of sreep herding goes on in the highlands."

The Scottish kilts are "special occasion wear. The men wear the kilts at times like the Highland Farm Show or at a formal dance, when they appear in formal Scot wear with the kilt made of nine yards of material, tartan socks, a sporn (purse) made of seal skin or leather, and black velvet jacket with white ruffle. They look sharp."

VISITED LONDON

Six months in Scotland proved "you can't see any place in two or three days—you might just as well not go." And that was one reason she did not visit the continent while on the British Isles. The only side trip was about a week in London.

Her experience led her "to feel closer to the people of Scotland than to, let's say, the people of any neighboring state."

That Scotland "has something" was particularly borne out when she saw the other American IFYE to Scotland as they prepared to leave that country. Hearly Doeham, of Laramie, Wyo., had arrived in Scotland six months earlier proudly wearing his 10-gallon hat and cowboy boots. When he showed up for the boat to return to America he was wearing a Scottish kilt.

PLANS INDEFINITE

The trip, visitation with IFYEs overseas and in Washington "proved that something like a feeling of unity has developed among the IFYEs, both those coming here from other countries and the ones going overseas. Even if you never met them before they are like brothers and sisters. There is a unity of purpose about them all. I hope next year to go to Indiana to attend the reunion of the American IFYEs and I know I am going to Switzerland in two years for an international reunion of the group."

Miss Lott, as part of her IFYE work, will begin giving lectures to groups about December 15 in the effort to spread international understanding. Her plans for future work are indefinite. She hopes perhaps to go into extension work, having spent a summer as an assistant in that work and having a number of years of 4-H work.

Expect 35 Million Xmas Trees To Be Cut And Sold

By MARTHA COLE
Associated Press Staff Writer

WASHINGTON (AP)—Christmas trees will sparkle in American homes in record numbers this year.

All signs point to a new production high — 35 million trees cut and sold. To them will be added about 10 million Canadian imports. Americans will pay an estimated $100 million for the trees — also a record.

Last year Americans paid $96 million for some 33.3 million trees produced in the United States.

PRICES ABOUT SAME

"There's no significant increase in price this year," A. M. Sowder, the Christmas tree expert in the U.S. Forest Service, said today in an interview.

For the fathers across the land who go down to the corner lot to buy the family's Christmas tree, there are 30 different species for choosing.

Last year the favorite choice was Scotch pine, replacing Douglas fir which topped the list in the last previous survey in 1960.

Pines hold their needles well, but some varieties of Scotch pines take a yellowish cast in the months preceding Christmas.

TRADITION COMES BACK

Sowder told of one grower who advertised them as "golden" pines and sold them for more than the green variety.

Gone are the good old days when families bundled up and went out to the fields or up the mountainside to cut their Christmas tree

However, the old-fashioned tradition is coming back in a different way. Tree plantations near the cities now are offering customers a chance to come out and get their tree on a choose-and-cut basis.

Missiles Tortured At Redstone Base

HUNTSVILLE, Ala. (AP) — In an unassuming white building at Redstone Arsenal, home of the Army Missile Command, the engines and systems of future missiles are frozen, baked burned, sand-blasted and shaken up in a series of tortue chambers called the Preflight Evaluation Laboratory.

If a rocket survives this gantlet of man-made weather, it may very well be trucked to the Motor Conditioning Facility, shoved into one of three insulated cells, and subjected to intense heat or extreme cold for as long as six months. Then it is taken to a static test stand and fired.

STUDENTS AIR OPINIONS ON VITAL ISSUES

In further response to the public's concern over what young people of today think about, two additional essays, written by Eleventh Grade pupils at Littlestown High School, reply on two of the issues frequently discussed by parents and pupils.

Robert Smith, writing on "Athletics In School," and David Thomas, who discusses "Instant Education," are pupils in an English course taught by M. Charles Rebert.

Why Have Athletics in School?
By ROBERT SMITH

A Greek philosopher once said, "A person, to be successful, must be fit in both mind and in body."

I go along with many other people who agree with this and this is why I think athletics are important in school.

Athletics in school takes a more important value than just to prove who is the strongest person or which school has the best team. In my opinion, school athletics teaches a person the rules of living.

When a person comes out to participate in a sport, the first thing he becomes acquainted with is self-discipline. A self-disciplined athlete is a person who must be able to control himself all the time. He must possess enough power over himself to know what is best for him to do at the right time and then to do it. An athlete must maintain a certain set of rules which must be his if he is going to be a participant.

He must keep curfew hours, for example, and he must not do anything which might bring harm to himself in any way He must also know and fully understand the rules of the game which he is playing because if he doesn't a penalty is placed against him. Knowing the rules of a game and the penalties coming from overlooking them will help a person to do the right thing when he plays that all-important game with the entire world in growing up.

TEACH LEADERSHIP

Scholastic athletics also teach and show leadership. Most of the teams in high school or college have one or two persons whom the other players can look up to for help and understanding. Whether he be the quarterback, the right-forward, or the flashy second-baseman, the rest of the team knows whom they can come to when that all-important gain is wanted and needed. However, the best player will not always be the leader. The leader may be a person who can play for the sake of winning and not for the glory for himself.

Offsetting the point of leadership is the working together of the team as a machine. This is called teamwork. Each member of the team must be able to help to run as a team and not as a single unit. Each person must do his part, no matter how big or small, if the job is going to be done successfully. Teamwork in athletics teaches you how to get along and to work together. This applies also working in the world because a job takes more than one person to complete.

Athletics in school not only help the individual, but athletics help the school as an institution. The most important deed athletes do for a school is to build up school spirit. If the school cannot get along with itself then its team will not get along. In order to win a team or a player must have a reason for winning and if the school is behind the team it is sure to win.

BUILD RECOGNITION

Another reason why athletics help the school is that athletics build up the school's recognition. Many schools are thought of very highly because of their athletic program as well as for their academic successes. Athletics in school help bring advertising to the town where the school is located. Towns have been recognized for the athletic programs and the athletes which the town supports.

In summing up I would like to say that athletics have done their part in making many people a success in the world today. Athletics and academics are equalized in importance in today's world for turning out successful people. Both of them teach and show how to combat obstacles in the modern and challenging world of today.

These are my reasons why I think that athletics should be offered in ali schools which have a successful purpose and goal.

Instant Education
By DAVID THOMAS

The very thought of being able to learn something without any conscious effort on the part of the learner is tantalizing. No more long hours sweating over books at night, racking your brains trying to learn facts and figures — just flick a switch, close your eyes, and suddenly you become a scholar.

It sounds too easy for me. If the conscious mind can not grasp an idea, how can we expect the subconscious to understand it? It has no magical powers.

CURE FOR LAZINESS

This is not the answer to the world's problems of ignorance and illiteracy. I think it has been given too much of a status as a wonder cure for mental laziness. Trying to cram knowledge into the mind in such a fashion just will not work. It is possible that some apparatus may be found in the future that is capable of giving a willing student a small amount of tutoring, but it would be like trying to pass off a bouillon cube on a hungry lumberjack when what he needs is beefsteak. Besides, is the retention of bare facts an education? I think not.

This idea of making Einsteins out of everyone at the push of a button is something that should not be taken too seriously.

Kenya, the British East African colony set for independence December 1963, was named after its glacier-topped Mount Kenya. "Kenya" comes from the Bantu word "Kilinyaa," which means the "white mountain."

MARRIAGES HIT LOW, DIVORCES RISE IN STATE

HARRISBURG (AP) — Cupid has been having his problems in Pennsylvania, according to a report issued by the State Health Department.

The report, issued Thursday, showed that the state's marriage rate has declined sharply during the past decade, while the divorce rate has increased.

The marriage rate for 192 was listed as 6.1 per 1,000 population compared with a rate of 7.4 in 1952 There were a total of 8,91 marriages last year, the report said

At the same time there were 14,316 divorces in Pennsylvania for a rate of 1.3 per 1,000 population. A decade ago the divorce rate was 1.1.

The Health Department said the dwindling marriage rate was attributable to several factors, chiefly a decrease in the state population of persons in the usual marrying age bracket of 15-34. In 1950 the population in that age group was 3.2 million, compared with 2.8 million for 1962.

The report pointed to 1962 for the all-time high in marriages and divorces. In that post-war year there were 122,349 marriages for a rate of 12 per 1,000 population and a divorce total of 20,909, a rate of 2.

Chevy II Nova 4-Door Sedan

Now—'64 Chevy II . . .

with a V8 engine

Now you see it. Now you don't. When a Chevy II does that kind of disappearing act you know without looking twice: It's a '64 with a V8 engine.

That's right. A full-grown 195-hp Turbo-Fire V8.*

It's available for the first time this year along with a choice of three other engines—the standard 4 (in 100 Series sedans), the standard 6 and a new 155-hp 6.* (And all of them maintain their high spirits on modest amounts of regular gasoline.)

But the changes aren't confined to what happens when you slip into the driver's seat.

There are new styling features like the tasteful grille design and trim accents, for instance. And the larger self-adjusting brakes that further reduce upkeep on a car that already has a reputation of coming about as close to perpetual motion as anything on four wheels can get.

The place to get the full details on the '64 is your Chevrolet dealer's. And after you've got them, we hope you'll attend to one further detail yourself. Drive it.

Investors Like Stock Splits Despite Same Earning Power

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Stockholders love stock splits even when they know that their share in the company's assets and business remains just what it was.

And today the 2.2 million who hold American Telephone & Telegraph stock are doubtless as elated at the proposal to split the stock 2 for 1 as they are at the announcement that the dividend will go from 90 cents to $1, although it's the latter that really puts money in their pockets.

PLAN MORE ISSUES

The man or woman who owns 10 shares will feel more affluent when he has 20 shares next summer, even if the price per share is lower, and even though he is on notice that the company also plans to issue about 12.25 million more shares to swell the 244 million already outstanding before the proposed split. At Wednesday's market the value of all the shares was $34 billion.

By cold arithmetic the value of all the shares after the split should be no higher. But in practice a stock often rises on the market after a split is announced.

ANTICIPATE RISE

And most of the 2.2 million stockholders are probably counting on that, confident that the going price on their personal holdings will be higher than it is today.

The company doubtless is following usual financial thinking in proposing a split and a new stock offering.

The idea is that with more stocks around, and with the price of an individual share lower than today's uotation of around $140, more than the present 2.2 million holders can and will buy them. The wider the base of public holdings the better, is the theory.

And the proposed new issue would bring in funds the company needs to finance its big expansion program.

PROFITS REMAIN SAME

There are some other side effects to stock splitting.

Per-share earnings go down, even if net profits remain the same. This doesn't look as exciting on the balance sheet. But the thinking is that lower per-share earnings dampen some labor unrest — the worker doesn't feel that the shareowner is getting too big a slice of the pie. And those who decry big business sometimes get less upset at the lower per-share earnings figure. Also, customers may not be so price conscious if the yield on a share looks smaller.

So far this year some 200 companies have split their stocks in varying amounts. Some which attracted the most attention are Chrysler, Deere & Co., Singer Manufacturing, Cleveland Electric, Lockheed Aircraft, Colgate - Palmolive, Syntex. Last year splits were announced by 315 companies.

The last time AT&T split its stock was in 1959 — with the announcement shortly before Christmas 1958. That split was 3 for 1 .

Fish Spotter Is Aid To Boaters

NEWPORT NEWS, Va. (AP) —Russel Bittner's job is finding schools of fish from the air, but he occasionally finds himself doubling as a trouble shooter.

Bittner, in his 12 years as an aerial fish spotter for a menhaden company, has played a vital role in aiding boaters in distress.

Last summer he recalled, he noticed a boat in trouble. "When I saw this boat . . I sensed something was wrong. As I drew nearer to the boat an occupant, in desperation, was waving his shirt overhead to catch my attention.

"I radioed Patrick Henry Airport, which in turn notified the Coast Guard."

Bittner, who carries only a Mae West and a rubber life raft in his land-based plane, says it is sometimes difficult to tell from the air if a boat is really in trouble or not. "You see people clowning or horseplaying in boats. It is hard to tell from a plane whether they are clowing or are in distress," he said.

TWIN POISONED

TACOMA, Wash. (AP)—When you have 2-year-old identical twins, trouble comes in double doses.

Thursday Lita — Rita — swallowed some powerful pain pills. Which twin needed the stomach pump wondered their mother, Mrs. Hannah MacIntyre.

Doctors pumped out both stomachs, a solution not particularly pleasing to the innocent twin — whoever that was.

Drifting Crewmen Rescued In Gulf

MIAMI, Fla. (AP) — "A storm moved in on us Saturday night. I've seen a lot of blows but this one was corker. There were wind, rain and 20-foot seas."

Thus did Capt. Winfield Scott McNab of the 130-foot motor vessel, Chief, describe the storm which sank the ship early Tuesday in the Gulf of Mexico.

McNab and his crew of six were brought to Miami Thursday night by the freighter Joanne. They had drifted in boats 28 hours and 20 minutes, but all were in good condition.

The Chief left Honduras Friday night for Miami.

Indentical Names Confuse Staff

BRANTFORD, Ont. (AP) It seemed like a possible nightmare situation to the St. Joseph's Hospital maternity staff.

The two Portuguese mothers-to-be were both named Maria Dasilva; it got interesting.

The first names of the two Portuguese fathers-to-be were the same, Jose. The plot thickened.

And when both mothers were delivered of sons, the danger of a chance mixup was abundantly clear.

To avoid an unhappy aftermath, the mothers were kept in separate wards and the infants were name-tagged.

The mothers helped out; 29-year-old Mrs. Dasilva from Brantford named her son Michael. He's her fifth.

Twenty - one - year - old Mrs. Dasilva of nearby Scotland named her first born Jose. She commented: "There was no fuss, no trouble. Everything went smoothly."

The maternity staff of St. Joseph's Hospital breathed a sigh of relief.

Mars at one time may have had an abundant supply of oxygen, which literally rusted away. Astronomers speculate that the oxygen combined with iron in rocks to produce the vivid red deserts of the planet.

Illinois Doctors Explain What Became Of Night Calls

By WILLIAM J. Conway
Associated Press Staff Writer

CHICAGO (AP) — What has happened to doctors' old-fashioned night calls at homes?

This inquiring reporter made a quick sampling at this week's meeting of the Illinois Academy of General Practice.

Talks with seven family doctors from all parts of the state — all of whom make evening visits — left these impressions:

By and large, family doctors still make night calls. But they get fewer calls because of the patient's consideration for the physicians's health and his own money. One medical man estimated fees are 30 to 50 per cent higher after dark.

EXPLAINS REASONS

"The truth is we don't get as many night calls as we used to," said Dr. John D. McCarthy of Riverside, 'largely because the patients have increased concern for the doctor's welfare and have become accustomed to going directly to the emergency room in a hospital, especially in cases of trauma. It gets the patient under treatment quicker, with better results and less expense to everybody concerned."

Some of the doctors asked anonymity.

"When the price goes up, people don't call you as often," commented a physician from a small town in Northern Illinois. "I'm glad to make them (calls) now at the price I charge for them."

"I wish I had a dime for every time I had to dress and go out on a call," said a medic from a community of 15,000 in Southern Illinois.

A gray-haired physician from a sizable city in the southern half of the state said he makes nocturnal calls

"It's getting to the point where a lot of them won't do it," he added. "I was brought up in the old school."

"Our county is 600 square miles, and I even make calls outside the county," said Dr. C. J. Jannings of Fairfield. "I have only one rule — if the patient can't come to me, I go to him."

Marijuana Farm Is Found In Georgia

GREENVILLE, Ga. (AP) — Marijuana plants 8 feet tall were grown with the tall corn on a middle Georgia farm and processed in a barn.

Federal agents and Atlanta police said the flourishing marijuana farm they raided Thursday was the largest ever found in Georgia.

They arrested three persons, confiscated three cars and a 525-pound harvest of marijuana worth $52,500 on the wholesale market.

Forty ships from some 20 nations are currently engaged in the International Indian Ocean Expedition. Of major importance will be studies in marine biology for, although this ocean contains the world's most productive fishing grounds, it has an unusually high fish mortality rate.

KENNEDY SAYS TEXAS FIFTH IN BIG CONTRACTS

By JACK BELL
Associated Press Staff Writer

FORT WORTH, Tex. (AP)—President Kennedy praised the controversial TFX warplane today as he told Texans — whom he hopes will help re-elect him in 1964 — their state ranks fifth in prime military contracts.

The President scheduled major speeches also in Dallas and Austin during a busy day. He and his wife will spend tonight at the ranch of Vice President Lyndon B. Johnson near Austin.

Johnson and his wife accompanied the Kennedy's on the pre-presidential campaign tour of Texas.

IGNORES RULE

Kennedy avoided direct comment on the Senate Investigations subcommittee's inquiry into the TFX contract award to General Dynamics Corp.'s Fort Worth division in a speech prepared for a bipartisan breakfast, arranged by the Fort Worth Chamber of Commerce.

The subcommittee has heard some testimony that Boeing Co. of Seattle offered a cheaper and better plane.

"There has been a good deal of discussion of the long and hard fought competition to win the TFX contract but relatively little discussion of what this plane will be able to do," the President remarked.

IS NOT EQUALLED

He said that once it is in operation it will give the free world an aircraft that no other on earth can match.

Hitting a theme he also sounded at Houston Thursday night, Kennedy said that one of every $20 of prime military procurement contracts is being spent in Texas. He said this made Texas fifth in this respect. He added that the state also has a combined military-civilian Defense Department payroll of more than $1 billion a year.

"I do not recite these facts for partisan purposes, nor are they the result of any partisan effort," he said. "They are the result of America's determination to be strong and this state's contribution to that strength."

Approve $190,000 Crash Settlement

PHILADELPHIA (AP)—Federal District Court has approved an out-of-court settlement for $190,000 between Allegheny Airlines and the widow of a man killed in a plane crash near Williamsport, Pa.. in 1959.

The settlement on behalf of Mrs. Virginia Lilly Rankin of Fayetteville N.C., was approved Thursday by U.S. District Judge Harold K. Wood.

Mrs. Rankin's husband, Charles, 25, was one of 25 persons killed when the plane crashed at Williamsport - Montoursville Airport in fog and snow Dec. 1, 1959.

Rankin, a lumber company official, was enroute to Williamsport on business.

SNOW SWEEPS PLAIN STATES, EAST IS WARM

By THE ASSOCIATED PRESS

Cold weather, with snow, sleet and freezing rain, spread across wide areas in the Upper Plains region today but unseasonably mild temperatures continued in the major part of the nation.

The core of the cold air from Canada centered in western North Dakota and eastern Montana, with temperatures near zero. Light snow fell in most of the Dakotas, Montana, western and central Nebraska, parts of Wyoming and eastern Colorado.

Hazardous driving conditions were reported in the wet belt while livestock warnings were issued by the Weather Bureau. Sleet and freezing rain and rain mixed with snow also created dangerous driving conditions in areas east of the cold belt.

Showers and thunderstorms broke out in the moist warm air which spread from the Gulf into the nation's midsection. The mild air also covered most areas in the eastern half of the nation with temperatures far above seasonal levels.

SOUTH AFRICAN PASTOR FAILED TO FIND NEGRO PREJUDICE HERE

JOHANNESBURG, South Africa (AP) — A South African minister, back home from a study tour of the United States, says he never met the bitter prejudice toward the Negro he had expected to find.

The Rev. C. W. Parnell, pastor of the Johannesburg Baptist Church, said he deliberately looked for prejudice against Negroes.

"I hoped I would meet some rabid segregationists," he said, "but, although I met hosts of people, not one revealed himself to me as sympathetic to the Ku Klux Klan or anything of that type."

MOVED IN CHURCH CIRCLES

He said that may have been due to the fact he moved in circles related to churches. He added that the thought of many Americans seemed to be: "We are working toward integration. It has to come. We are not satisfied with our present race relations."

People told him of tremendous strides, led and inspired by Southern whites, since the war. They argued: "You cannot hurry changes in human relations. The real trouble is that the Kennedy brothers and others want us to move too fast. It is that compulsion which causes trouble."

SAW NO DEMONSTRATIONS

The Rev. Mr. Parnell said segregation of restaurants in Nashville, Tenn., ended while he was in that city. "Although I lunched or dined in one of these restaurants every day during my 5-week stay there, I did not see a single Negro demonstration. The transition passed unnoticed by most people and very few Negroes bothered to take advantage of their new liberty. The protest appeared to be a matter of principle rather than a desire to eat at the restricted restaurants," he said.

"The Negroes simply did not want to be treated as different from the whites. This, of course, is the basic motivation in all color protests."

Parnell's views were published in the Johannesburg Star.

A Lovelier You

By MARY SUE MILLER

WINTER SKIN. A lovely asks What can I do to prevent dry, chapped legs? I am plagued by the condition every winter. Sometimes the skin feels sensitive

and sometimes itches like the end of a sunburn. I've used body lotions, but to no avail.

The Answer: The disorder is not uncommon and not confined to the legs. It is particularly prevalent among sun worshippers and people of mature years. For over-exposure to sun and the aging process reduce the skin's natural oil supply to a point where dryness and its side effects become a problem.

A new remedial approach is a dermalubrant, in the form of water-soluble bath oil. Formulated with phospholipids and poly-unsaturated oil—ingredients that closely simulate the properties of normal skin — a dermalubrant films the skin with oil and induces the penetration of moisture. Regular use helps to soften and smooth the skin, and to reduce irritations.

And use is pleasant, even relaxing. You simply dribble in the oil while the tub fills. You wash as usual; then you lie back and take a 10-minute soak. As an aftermath, there is no greasiness—not even a residue in the tub. Just a silkier you!

It must be remembered, however, that the remedy may only be a supplement to the cure of a severe dry condition. A persistent case requires and must have medical treatment.

Whatever your skin problems, to find a solution send for my booklet, "A LOVELIER COMPLEXION." Detailed advice contained includes the correct care for dry, oily, combination and normal skin types; proper application methods; treatments for blackheads, enlarged pores, circles, wrinkles, crepiness, etc. For your copy of "A LOVELIER COMPLEXION," write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a LARGE, SELF-ADDRESSED, STAMPED ENVELOPE and 20 cents in coin to cover cost and handling.
